

TECHNICAL EVALUATION CRITERIA
REQUIREMENTS CHECKLIST

Technical Requirement	Bidders Compliance
Bidder's technical bid/ compliance to the Scope of work	
Bidder's cross references to supporting information in the Technical Bid:	
OEM confirmation of provisioning of support and services.	
Compliance Form/ statements	
Manufacturer's authorization letter and a valid partnership level certificate.	
Registration with SECP/other government authority and relevant Tax Authorities in Pakistan.	

Award of Business:

The bidder shall offer the earliest possible delivery period, with preference given to items available on an ex-stock basis. Where the required items are not available ex-stock, the bidder shall clearly specify the shortest delivery period within which the complete quantity can be supplied.

In addition to compliance with the prescribed technical specifications, scope of work, eligibility/qualification requirements, financial requirements, and all other terms and conditions of the bidding documents, the delivery period shall be evaluated strictly in accordance with the valuation criteria specified in the bidding documents.

Note:

- The warranty period must commence from the date of our final acceptance/sign-off.
- The warranty must be officially provided and supported by the OEM.
- The vendor must ensure that the offered models/products do not reach End of Life (EOL) or End of Support (EOS) during the applicable warranty period.
- The vendor should provide the relevant OEM documentation/confirmation supporting the warranty coverage and product lifecycle status, where required.
