Power lab software

1. LS001 LabStation Software is a laboratory-based education platform designed to be used with PowerLab.
2. It enables educators to create their own experiment for their student to complete in the lab.
3. Lt LabStation allows educators access to an online library of high quality lessons that can be edited to suit their laboratory course.
4. Developed using the same technology as our online learning solution (Lt), Lt LabStation gives educators and their students a modern lab experience.
