Scope of Work / Terms of Reference (ToRs)
Engagement for Firm for Outcome Evaluation & Impact Assessment of SMEDA's
MSME Support Programme (FY 2025-26)

1. Background

SMEDA delivers a large portfolio of MSME support interventions - facilitation, training, market access, access-to-finance linkages, certification, and grants - across its Practice Groups/Divisions (RO, Micro, SME, A&RM and G&S). During FY 2025-26 (Jul 01, 2025 - June 30, 2026) alone, SMEDA directly or indirectly engaged with 50,700 SMEs, delivered 300 training / capacity building programmes to 14,250 participants, grants to 293 MSEs and recorded 459,655 website visitors, among other outputs.

These figures demonstrate the volume of SMEDA's activity (outputs) but do not, on their own, demonstrate the resulting change for the SME (outcomes) - e.g. loans disbursed, enterprises formally registered, certifications obtained, export/subcontract orders signed, or verified revenue growth linked to SMEDA support.

SMEDA has internally developed a draft Outcome Indicator Framework (attached as Annex A) mapping each major FY 2025-26 output stream to a proposed outcome indicator and Means of Verification (MOV). An independent third party is now required to operationalize this framework: to design and field the underlying data collection, verify results through credible, independently verifiable means, and report a defensible outcome/impact picture that SMEDA can present to the Prime Minister and other oversight forums.

2. Objectives of the Assignment

To engage an independent, qualified firm/consultancy to:

1. Review, refine and finalize SMEDA's draft Outcome Indicator Framework (Annex A);
2. Design and field a statistically robust baseline and tracer-survey methodology, and establish third-party data-matching arrangements, to measure outcomes for FY 2025-26 SMEDA beneficiaries;
3. Independently verify and report results against each outcome indicator, including a consolidated apex "Outcome Conversion Rate";
4. Design and develop quantifiable outcomes to networking / relationship development initiatives and how to generate evidence of policy level impact
5. Design, develop, and support the handover of, a sustainable, lower-cost in-house M&E/tracer mechanism so that SMEDA can generate this evidence on a recurring basis without repeated full-scale external engagements.

3. Scope of Work

The assigned firm shall, at a minimum:

1. Review Annex A (SMEDA Outcome Indicator Framework — FY 2025-26 (Output base: Jul 01, 2025 - Jun 30, 2026) and refine indicators, targets and MOVs in consultation with SMEDA's Practice Groups/Divisions;

2. Design a statistically representative sampling framework (minimum 95% confidence level, $\pm 5\%$ margin of error, stratified by intervention type and Division) covering SMEDA's FY 2025-26 beneficiary base;
3. Design survey instruments (tracer survey questionnaires, site-verification checklists) and data collection protocols;
4. Propose and establish data-sharing/matching protocols with relevant third-party data sources (State Bank of Pakistan, FBR, SECP, PBS/Customs, partner banks/MFIs, certification bodies).
5. Conduct tracer surveys of sampled FY 2025-26 beneficiaries, as per the attached "Indicative / Proposed Field Survey of MSME Direct Engagement" Annex-A.
6. Conduct site verification visits for a representative sample of grant recipients;
7. Compute results for each outcome indicator enlisted in Annex A, including the consolidated Outcome Conversion Rate;
8. Identify data or system gaps that limit measurability, and propose practical, low-cost options (e.g. case-tracking log, consent-based data-sharing cite);
9. Design, develop and hand over a simple indicator-tracking module that clearly identifying / including Compression Matrix for outputs leading to outcomes/ impacts based on best practices that SMEDA can use for subsequent reporting cycles;
10. Present findings and recommendations to SMEDA.

4. Deliverables & Indicative Timeline

A total duration of 12 weeks from contract signing is proposed.

#	Deliverable	Indicative Timeline (from contract signing)
1	Inception Report - refined methodology, sampling plan, finalized indicator list (building on Annex A), and detailed work plan	Week 1
