16. Bid Validity Period

16.1. Bids shall remain valid for the period specified in the BDS after the bid submission deadline prescribed by the Procuring agency/Employer. A bid valid for a shorter period shall be rejected by the Procuring agency/Employer as non-responsive. The period of bid validity will be determined from the complementary bid securing instrument i.e. the expiry period of bid security or bid securing declaration as the case may be.

16.2. Under exceptional circumstances, prior to the expiration of the initial Bids/Bid validity period, the Procuring Agency may request the Bidders' consent to an extension of the period of validity of their Bids/Bid. Such request for extension of the period of bid validity shall be carried out in accordance with Rule 26 of the Public Procurement Rules, 2004.

17. Bid Security or Bid Securing Declaration

17.1. Pursuant to ITB 11.1 unless otherwise specified in the BDS, the bidder shall furnish as part of its bid, a Bid Security in accordance with Rule 25 of the Public Procurement Rules, 2004 in the amount and currency specified in the BDS or Bid Securing Declaration as specified in the BDS in the format provided in Section VII (Standard Bidding Forms).

In case Procuring agency/Employer is inviting bids in lots / packages, the bidder shall be required to submit his bid security against the respective lot/package for which he is submitting his bid.

Until the development of functionality of auto verification of financial instrument in EPADS, the scanned copy of bid security or bid securing declaration, as the case may be, shall be uploaded on E-PADS whereas the original instrument to be submitted to the procuring agency before closing of bid submission deadline,

17.2. The Bid Security shall be denominated in the local currency or in another freely convertible currency, and it shall be in the form specified in the **BDS** which shall be in any of the following:

17.2.1. A bank guarantee, an irrevocable letter of credit issued by a Scheduled bank in the form provided in the Bidding Documents or another form acceptable to the Procuring agency/Employer and valid for twenty-eight (28) days beyond the end of the validity of the Bid. This shall also apply if the period for Bid Validity is extended. In either case, the form must include the complete name of the bidder;

17.2.2. A cashier's or certified cheque; or

17.2.3. Another security as indicated in the **BDS**.

17.3. The Bid Security or Bid Securing Declaration shall be in accordance with the Form of the Bid Security or Bid Securing Declaration included in Section VII (Standard Bidding Forms) or another form approved by the Procuring agency/Employer prior to the bid submission.

17.4. The Bid Security shall be payable promptly upon written demand by the Procuring agency/Employer in case any of the conditions listed in ITB 17.9 are invoked.

17.5. Any bid not accompanied by a Bid Security or Bid Securing Declaration in accordance with ITB 17.1 or 17.3 shall be rejected by the Procuring agency/Employer and shall be declared as non-responsive bid, pursuant to ITB 27.

17.6. Unsuccessful bidders' Bid Security will be discharged or returned as promptly as possible, however in no case later than thirty (30) days after the expiration of the period of Bid Validity prescribed by the Procuring agency/Employer pursuant to ITB 16. The Procuring agency/Employer shall make no claim to the amount of the Bid Security, and shall promptly return the Bid Security document, after whichever of the following that occurs earliest:

17.6.1. The expiry of the Bid Security;

17.6.2. The entry into force of a procurement contract and the provision of a performance security (or guarantee), for the performance of the contract if such a security (or guarantee), is required by the Bidding documents;

17.6.3. The rejection by the Procuring agency/Employer of all Bids;

17.6.4. The withdrawal of the bid prior to the deadline for the submission of bids, unless the bidding documents stipulate that no such withdrawal is permitted.

17.7. The successful bidder's Bid Security will be discharged upon the bidder signing the contract pursuant to ITB 40, or furnishing the performance security (or guarantee), pursuant to ITB 41.

17.8. The Bid Security may be forfeited or the Bid Securing Declaration executed:

17.8.1. if a Bidder:

17.8.1.1. Withdraws its Bid during the period of Bid Validity as specified by the Procuring agency/Employer, and referred by the bidder on the Form of Bid except as provided for in ITB 16.2; or

17.8.2. In the case of a successful bidder, if the bidder fails:

17.8.2.1. to sign the contract in accordance with ITB 40; or

17.8.2.2. to furnish performance security (or guarantee) in accordance with ITB 41.

17.9. In case of Bid Security issued by the foreign bank is allowed by the Procuring agency/Employer, the same should be counter guaranteed by a corresponding bank in Pakistan. Furthermore, in case of joint venture, it should be in the name of Joint venture to ensure joint responsibility. In case the JV is not legally constituted at the time of bid submission, the bid security or bid securing declaration shall be in the names of all future members as named in the letter of bid.

18. Withdrawal of Bids

18.1. Before bid submission deadline, any bidder may withdraw, substitute, or modify its bid after it has been submitted by sending a written notice, duly signed by an authorized representative, and the corresponding must accompany the respective written notice.

19. Format and Signing of Bid

19.1. The Bidder shall prepare and submit Bids through EPADS with due diligence after carefully reading all the terms and condition before bid submission deadline.

D. SUBMISSION OF BIDS

20. Submission of Bids through EPADS v2.0

20.1. All bids shall be submitted through EPADS v2.0.

21. Deadline for Submission of Bids

21.1. All bids shall be received through **EPADS v2.0** not later than bid submission deadline as specified in the **BDS**.

21.2. The Procuring agency/Employer may, under exceptional circumstances and at its discretion, extend the deadline for the submission of bids, pursuant to Rule 27 of the Public Procurement Rules, 2004. Extension of Time for submission of bid, by amending the Bidding Documents in accordance with ITB 7, in which case all rights and obligations of the Procuring agency/Employer and bidders previously subject to the deadline will thereafter be subject to the new deadline.

22. Substitution and Modification of bids

22.1. A bidder may substitute or modify his bid after it has been submitted, provided that written notice of the substitution or modification of the bid, is received by the Procuring agency/Employer prior to the deadline for submission of bids.

22.2. Revised bid may be submitted after the substitution or modification made in the original bid in accordance with the provisions referred in **ITB 18**.

E. OPENING AND EVALUATION OF BIDS

23. Opening of Bids

23.1. The Procuring Agency will open bids in accordance with Rule 28 of the Public Procurement Rules, 2004 and as specified in the BDS.

24. Confidentiality

24.1. Information relating to the examination, clarification, evaluation and comparison of bids and recommendation of contract award shall not be disclosed to bidders or any other persons not officially concerned with such process until the time of the announcement of the respective evaluation report.

25. Clarification of Bids

25.1. Clarification of Bidding Documents shall be carried out in accordance with Rule 31 of the Public Procurement Rules, 2004.

25.2. The alteration or modification in the bid which in any case affect the following parameters will be considered as a change in the substance of a bid:

- 25.2.1. evaluation & qualification criteria;
- 25.2.2. required scope of work;
- 25.2.3. contract price;
- 25.2.4. all securities requirements;
- 25.2.5. tax requirements;
- 25.2.6. terms and conditions of bidding documents.
- 25.2.7. change in the ranking of the bidder

26. Preliminary Examination of Bids

26.1. Prior to the detailed evaluation of bids, the Procuring agency/Employer will determine whether each bid:

- 26.1.1. meets the eligibility criteria defined in **ITB 3** and **ITB 4**;
- 26.1.2. has been prepared as per the format and contents defined by the Procuring agency/Employer in the bidding documents;
- 26.1.3. has been properly signed;

26.1.4. is accompanied by the required securities; and

26.1.5. is substantially responsive to the requirements of the bidding documents.

The Procuring agency/Employer's determination of a bid's substantial responsiveness will be based on the contents of the bid itself.

26.2. A substantially responsive Bid is one which conforms to all the terms, conditions, and specifications of the Bidding Documents, without material deviation or reservation. A material deviation or reservation is one that: -

26.2.1. affects in any substantial way the scope, quality, or performance of the Works;

26.2.2. limits in any substantial way, inconsistent with the bidding documents, the Procuring agency/Employer's rights or the bidders' obligations under the Contract; or

26.2.3. if rectified, would affect unfairly the competitive position of other bidders presenting substantially responsive bids.

26.3. The Procuring agency/Employer will confirm that the documents and information specified under ITB 9, 10 and 11 have been provided in the bid. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Bidders, the bid shall be rejected.

26.4. The Procuring agency/Employer may waive-off any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

Explanation: A minor informality, non-conformity or irregularity is one that is merely a matter of form and not of substance. It also pertains to some immaterial defect in a Bid or variation of a bid from the exact requirements of the invitation that can be corrected or waived without being prejudicial to other bidders. The defect or variation is immaterial when the effect on quantity, quality, or delivery is negligible when contrasted with the total cost or scope of the works. The Procuring agency/Employer either shall give the bidder an opportunity to cure any deficiency resulting from a minor

informality or irregularity in a bid or waive the deficiency, whichever is advantageous to the Procuring agency/Employer. Examples of minor informalities or irregularities include failure of a bidder to –

26.4.1. Submit the number of copies of signed bids required by the invitation;

26.4.2. Furnish required information concerning the number of its employees;

26.4.3. the firm submitting a bid has formally adopted or authorized, before the date set for opening of bids, the execution of documents by typewritten, printed, or stamped signature and submits evidence of such authorization and the bid carries such a signature.

26.5. Provided that a Technical Bid is substantially responsive, the Procuring agency/Employer may request the bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Technical Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any such aspect of the technical Proposal linked with the ranking of the bidders. Failure of the bidder to comply with the request may result in the rejection of its bid.

26.6. Provided that a Technical Bid is substantially responsive, the Procuring agency/Employer shall rectify quantifiable nonmaterial nonconformities or omissions related to the Financial Proposal. To this effect, the Bid Price shall be adjusted, for comparison purposes only, to reflect the price of the missing or nonconforming item or component.

26.7. If a bid is not substantially responsive, it will be rejected by the Procuring agency/Employer and may not subsequently be evaluated for complete technical responsiveness.

27. Examination of Terms and Conditions; Technical Evaluation

27.1. The Procuring agency/Employer shall examine the bid to confirm that all terms and conditions specified in the **GCC** and the **PCC** have been

accepted by the bidder without any material deviation or reservation.

For this purpose:

“Deviation” means departure from the requirements specified in the Bidding Document.

“Reservation” means setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Bidding Document.

27.2. The Procuring agency/Employer shall evaluate the technical aspects of the bid submitted in accordance with ITB 30, to confirm that all requirements specified in Section VI – Works Requirement, Technical Specifications of the Bidding Documents have been met without material deviation or reservation.

27.3. If after the examination of the terms and conditions and the technical evaluation, the Procuring agency/Employer determines that the bid is not substantially responsive in accordance with ITB 27, it shall reject the bid.

28. Correction of Arithmetic Errors

28.1. Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows: -

28.1.1. if there is a discrepancy between unit prices and the sub-total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the sub-total price shall be corrected, unless in the opinion of the Procuring agency/Employer there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;

28.1.2. if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail, and the total shall be corrected; and

28.1.3. where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.

28.1.4. Where there is discrepancy between grand total of price schedule and amount mentioned on the Form of Bid, the amount referred in Price Schedule shall be treated as correct subject to elimination of other errors.

28.2. The amount stated in the Bid will, be rectified by the Procuring agency/Employer in accordance with the above procedure for the correction of errors and, with, the concurrence of the bidder, shall be considered as binding upon the bidder. If the bidder does not accept the corrected amount, its bid shall be rejected after forfeiture of Bid Security or execution of the Bid Securing Declaration, as the case may be, in accordance with **ITB 41.3**.

29. Conversion to Single Currency

29.1. The unit rates and the prices shall be quoted by the bidder entirely in Pak rupees. A bidder expecting to incur expenditures in other currencies for inputs to the Works from outside the Procuring agency/Employer's country (referred to as the "Foreign Currency Requirements") shall indicate the same in the letter of bid-financial proposal. The proportion of the Bid Price (excluding Provisional Sums) needed by him for the payment of such Foreign Currency Requirements either (i) entirely in the currency of the Bidder's home country or, (ii) at the bidder's option, entirely in Pak rupees provided always that a bidder expecting to incur expenditures in a currency or currencies other than those stated in (i) and (ii) above for a portion of the foreign currency requirements, and wishing to be paid accordingly, shall indicate the respective portions in his bid. Comparison of bids quoted in different currencies and conversion of bids into a single currency shall be carried out in accordance with Rule 30(2) of the Public Procurement Rules, 2004.

30. Evaluation of Bids

30.1. The Procuring agency/Employer shall evaluate and compare only the bids determined to be substantially responsive, pursuant to **ITB 27**.

30.2. In evaluating the Technical Proposal of each Bid, the Procuring agency/Employer shall use the criteria and methodologies listed in the BDS

and in terms of works requirement. No other evaluation criteria or methodologies shall be permitted.

30.3. The Procuring agency/Employer's evaluation of a bid will take into account:

30.3.1. the bid price, excluding provisional sums and the provision, if any, for contingencies in the summary bill of quantities, but including day work items, where priced competitively;

30.3.2. converting the amount resulting from applying above, if relevant, to a single currency in accordance with ITB 29;

30.4. The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in bid evaluation.

30.5. If these bidding documents allow bidders to quote separate prices for different lots, and the award to a single bidder of multiple lots, the methodology of evaluation to determine the lowest evaluated lot combinations in the Form of Bid, is specified in the **BDS**.

30.6. If the bid, which results in the Evaluated Bid Price (Successful Bid), is seriously unbalanced or front loaded in the opinion of the Employer, the Employer may require the Bidder to produce detailed price analyses for any or all items of the Bill of Quantities, to demonstrate the internal consistency of those prices with the construction methods and schedule proposed. After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the Employer may require that the amount of the performance security be increased at the expense of the Bidder to a level sufficient to protect the Employer against financial loss in the event of default of the successful Bidder under the Contract.

Explanation:

"Unbalanced" or "front-loaded" bids consist of deliberately submitting bids with artificially high prices or unit rates for the early stages of a construction project, offset by artificially low prices or unit rates for the later stages of the project, to improve the contractor's cash flow.

31. Domestic Preference

31.1. If the **BDS** so specifies, the Procuring agency/Employer will grant a margin of preference to the domestic contractor in line with the rules, regulations, regulatory guides or instructions issued by the Authority from time to time.

32. Determination of Successful Bid

32.1. The Procuring agency/Employer shall compare the evaluated bids in accordance with the predefined bidding procedure, of all substantially responsive bids to determine the Successful bidder.

33. Qualification of Bidder

33.1. The Procuring agency/Employer shall determine to its satisfaction whether the bidder is substantially responsive and whose bid is declared as Successful bid either continues to meet (if prequalification applies) or meets (if post-qualification applies) the qualifying criteria specified in Evaluation and Qualification Criteria.

Note: In case of international bidding, the parameters for incorporation or licensing within Pakistan may be fulfilled as part of post qualification.

33.2. The determination shall be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to **ITB 11**.

33.3. Prior to contract award, the Procuring agency/Employer will verify that the successful bidder (including each member of a JV) is not blacklisted/debarred. The Procuring agency/Employer will conduct the same verification for each sub-contractor proposed by the successful bidder.

34. Sub-Contractors

34.1. The bidder shall provide details regarding any specialized sub-contractor to the Procuring agency/Employer. In case change of sub-contractors, the bidder shall promptly notify the Procuring agency/Employer and obtain approval for replacement of sub-contractors.

34.2. Bidders may propose sub-contracting up to the percentage of total value of contracts or the volume of works as specified in the **BDS**.

35. **Abnormally Low Financial Bid**

35.1. A procuring Agency may reject abnormally low bids. The decision of the Procuring agency/Employer to reject a bid and reasons for the decision shall be recorded in the procurement proceedings and promptly communicated to the bidder concerned. Moreover, the Procuring agency/Employer shall not incur any liability solely by rejecting abnormally bid

Guidance for Procuring agency/Employer:

An abnormally low bid means, in the light of the Procuring agency/Employer's estimate and of all the bids submitted, the bid appears to be abnormally low by not providing a margin for normal levels of profit. In order to identify the Abnormally Low Bid (ALB) following approaches can be considered to minimize the scope of subjectivity:

35.1.1. Comparing the bid price with the cost estimate;

35.1.2. Comparing the bid price with the bids offered by other bidders submitting substantially responsive bids; and

35.1.3. Comparing the bid price with prices paid in similar contracts in the recent past either government- or development partner-funded.

35.2. The Procuring agency/Employer will determine to its satisfaction whether the bidder that is selected as having submitted the successful bid is qualified to perform the contract satisfactorily, in accordance with the criteria listed in **ITB 11**

35.3. The determination will take into account the bidder's financial and technical capabilities. It will be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to **ITB 11**, as well as such other information as the Procuring agency/Employer deems necessary and appropriate. Factors not included in these bidding documents shall not be used in the evaluation of the bidders' qualifications.

35.4. Procuring agency/Employer may seek “Certificate for Independent Price Determination” from the bidder and the results of reference checks may be used in determining award of contract.

Explanation: The Certificate shall be furnished by the bidder. The bidder shall certify that the price is determined keeping in view of all the essential aspects such as raw material, its processing, value addition, optimization of resources due to economy of scale, transportation, insurance and margin of profit etc.

35.5. An affirmative determination will be a prerequisite for award of the contract to the bidder. A negative determination will result in rejection of the bidder’s bid, in which event the Procuring agency/Employer will proceed to the next ranked bidder to make a similar determination of that bidder’s capabilities to perform satisfactorily.

F. AWARD OF CONTRACT

36. Criteria of Award

36.1. Subject to **ITB 36 and 37**, the Procuring agency/Employer will award the Contract to the bidder whose bid has been determined to be substantially responsive to the bidding documents and who has been declared as Successful Bidder, provided that such bidder has been determined to be:

36.1.1. eligible in accordance with the provisions of **ITB 3**;

36.1.2. is determined to be qualified to perform the Contract satisfactorily;
and

36.1.3. Successful negotiations have been concluded, if any.

37. Negotiations

37.1. The Committee of the Procuring agency/Employer may negotiate with the Most Advantageous Bidder relating to the following areas:

37.1.1. a minor alteration to the technical (drawings, design technical specifications) details of the statement of works;

37.1.2. Methodology, work plan, staffing in view to streamline the work;

37.1.3. a minor amendment to the Particular conditions of Contract;

37.1.4. finalizing payment arrangements;

37.1.5. clarifying details that were not apparent or could not be finalized at the time of Bidding;

37.2. Where negotiation fails to result into an agreement, the Procuring agency/Employer may invite the next ranked bidder for negotiations. Where negotiations are commenced with the next ranked bidder, the Procuring agency/Employer shall not reopen earlier negotiations.

38. Procuring agency's Right to reject All Bids

38.1. The procuring agency has the right to reject all bids in accordance with Rule 33 of the Public Procurement Rules, 2004. However, the Authority (i.e. **PPRA**) may call from the Procuring agency/Employer the justification of those grounds.

39. Notification of Award

39.1. The procuring agency shall announce and publish the evaluation result in accordance with Rule 35 of the Public Procurement Rules, 2004.

39.2. Where no complaints have been lodged, the bidder whose bid has been accepted will be notified of the award by the Procuring agency/Employer prior to expiration of the bid validity period through EPADS. However, the Procuring agency/Employer shall not award any procurement contract at least for five (05) days after the announcement of final evaluation report. The notification letter (herein after and in the condition of the contract and contract form called "Letter of Acceptance" will specify the sum that the Procuring agency/Employer will pay the successful bidder in consideration for the execution and completion of the

works as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price).

39.3. The notification of award will constitute the formation of the Contract, subject to the bidder furnishing the Performance Security (or guarantee) in accordance with **ITB 41** and signing of the contract in accordance with **ITB 40**.

39.4. Upon the successful bidder's furnishing of the performance security (or guarantee) pursuant to **ITB 41**, the Procuring agency/Employer will promptly notify each unsuccessful bidder, the name of the successful bidder and the Contract amount and will discharge the Bid Security or Bid Securing Declaration of the bidder(s) pursuant to **ITB 17**.

40. Signing of Contract

40.1. Promptly after notification of award, Procuring agency/Employer shall send the successful bidder the draft agreement, incorporating all terms and conditions as agreed by the parties to the contract.

40.2. Immediately after the Redressal of grievance by the **GRC**, and after fulfillment of all conditions precedent of the Contract Form, the successful bidder and the Procuring agency/Employer shall sign the contract.

40.3. Where no formal signing of a contract is required, work order issued to the bidder shall be construed to be the contract.

41. Performance Security (or Guarantee)

41.1. After the receipt of the Letter of Acceptance, the successful bidder, within the specified time, shall deliver to the Procuring agency/Employer a Performance Guarantee in the amount and in the form stipulated in the BDS and PCC, denominated in the type and proportions of currencies in the Letter of Acceptance and in accordance with the Conditions of Contract.

41.2. If the Performance Guarantee is provided by the successful bidder and it shall be in the form specified in the BDS which shall be in any of the following:

41.2.1. certified cheque, cashier's or manager's cheque, or bank draft;

41.2.2. irrevocable letter of credit issued by a scheduled bank of Pakistan or in the case of an irrevocable letter of credit issued by a foreign bank, the letter shall be confirmed or authenticated by a scheduled bank of Pakistan;

41.2.3. bank guarantee confirmed by a reputable local bank or, in the case of a successful foreign bidder, bonded by a foreign bank; or

41.2.4. surety bond callable upon demand issued by any reputable surety or insurance company.

Any Performance Guarantee submitted shall be enforceable in Pakistan.

41.3. Failure of the Most Advantageous Bidder to comply with the requirement of **ITB 40** shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security or declare blacklisted (in case bid securing declaration is submitted) in which event the Procuring agency/Employer may make the award to the next most advantageous bidder or reinitiate the procurement process afresh (as a case may be).

42. **Advance Payment**

42.1. Advance payment will be provided to the bidder in percentage and in the manner as agreed by the both parties in terms of Conditions of the Contract.

42.2. The Procuring agency/Employer will provide an advance payment as stipulated in the Conditions of Contract, subject to a maximum amount, as stated and/or Conditions of the Contract. The advance payment request shall be accompanied by an advance payment security (guarantee) in the form provided in Section X. For the purpose of receiving the advance payment, the bidder shall make and estimate of, and include in its bid, the expenses that will relate to the purchase of equipment, machinery, materials, and on the engagement of labor during the first month beginning with the date of the Procuring agency/Employer's "**Notice to Commence**" as specified in the **PCC**.

43. General Performance of the Bidders

43.1. The Procuring agency/Employer reserves the right to obtain information regarding performance of the bidders on their previously awarded contracts / works. The Procuring agency/Employer may seek information / report from the previous employer for consideration. However, the Procuring agency/Employer shall incorporate such parameters in the evaluation criteria and accordingly decide the fate of the bid submitted.

44. Corrupt & Fraudulent Practices

44.1. Procuring agencies (including beneficiaries of Government funded projects and procurement) as well as Bidders/Suppliers/Contractors under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts, and will avoid to engage in any corrupt and fraudulent practices.

G. GRIEVANCE REDRESSAL & COMPLAINT REVIEW MECHANISM

45. Grievance Redressal

45.1. Grievance Redressal shall be carried out in accordance with Rule 48 of the Public Procurement Rules, 2004 i.e. Redressal of grievances by the procuring agency and "Redressal of Grievances Regulations 2021".

H. MECHANISM OF BLACKLISTING

46. Mechanism of Blacklisting

46.1. The Procuring agency/Employer shall proceed Blacklisting of Bidders/Contractors in accordance with Rule 19 of the Public Procurement Rules, 2004 i.e. Blacklisting and "Blacklisting and Debarment of Bidders or Contractors Regulations 2024.

Evaluation Criteria

Least Cost Based Selection (LCBS)

Weightage

Technical Evaluation %	
100	
Technical Marks	100
Passing Marks	80
General Construction Experience	

A minimum of five years of verified active construction experience in 132 kV or higher overhead transmission-line works is mandatory, assessed over the five years preceding the bid-submission deadline. A single bidder shall meet the five-year requirement itself. For a two-member JV, the Lead Partner shall meet this requirement, and each member shall contribute at least one qualifying completed contract. Count contracts for the stated works completed within the five-year period: the single bidder's own contracts, or the combined distinct contracts of both JV members. Duplicate contracts shall count once only. Members' years shall not be added together, and overlapping work periods shall not be counted twice. Subject to meeting the mandatory requirements, award marks by qualifying contract count: four or more = 20 marks; three = 15 marks; two = 10 marks. Award one applicable score only to the bidder/JV, capped at 20. Members' marks shall not be separately added, averaged or weighted by JV share. Failure to meet the five-year requirement, minimum two completed contracts, or each JV member's minimum contribution shall result in failure of this criterion. Submit a year-wise experience statement supported by contract agreements/work orders and employer completion or taking-over certificates. (Quantitative)(Doc Required)

20

Single bidder: at least five years' construction experience and four or more qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and four or more qualifying completed contracts collectively, including at least one from each member. **(20)**

Single bidder: at least five years' construction experience and three qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and three qualifying completed contracts collectively, including at least one from each member **(15)**

Single bidder: at least five years' construction experience and two qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and two qualifying completed contracts collectively, including at least one from each member **(10)**

Specific Construction experience

The single bidder or two-member JV shall demonstrate completion or substantial completion, within the five years preceding the bid-submission deadline, of at least two similar contracts for 132 kV or higher overhead transmission-line works, each valued at not less than PKR 240,383,134 and meeting the prescribed scope for bored RCC pile foundations, tower/tubular-pole erection, and conductor and earth-wire stringing. For a single bidder, its qualifying contracts shall be counted. For a two-member JV, qualifying contracts of the Lead Partner and the other member shall be combined, provided each member contributes at least one qualifying contract. Each contract must independently satisfy the stated requirements. Duplicate contracts shall be counted once only. Marks shall be awarded on the total qualifying contracts: four or more = 20 marks; three = 15 marks; two = 10 marks. Only one score shall be awarded to the bidder/JV, capped at 20. Members' marks shall not be separately added, averaged or weighted by JV share. Failure to meet the stated minimum requirements shall render the bidder/JV non-responsive under this criterion. Evidence: contract agreements/work orders and employer/engineer-issued completion or substantial-completion certificates, supported by BOQs or certified payment records establishing scope and executed value. (Quantitative)(Doc Required)

20

Single bidder: four or more qualifying similar contracts; OR two-member JV: four or more collectively, with at least one qualifying contract from each member. **(20)**

Single bidder: three qualifying similar contracts; OR two-member JV: three collectively, with at least one qualifying contract from each member. **(15)**

Single bidder: two qualifying similar contracts; OR two-member JV: two collectively, with one qualifying contract from each member. **(10)**

Average annual construction turnover

AATO shall be calculated as the total construction turnover for the last three completed financial years. The minimum required AATO is 70% of the estimated contract cost. A single bidder shall meet this minimum independently. For a two-member JV, the members' AATOs shall be added, and the combined amount shall meet at least 100% of the minimum required AATO. The Lead Partner shall individually meet at least 50%, and the other member at least 20%, of that minimum required AATO. These member percentages refer to the minimum AATO requirement, not the estimated contract cost. Both individual minima and the combined minimum must be satisfied. Award one score based on the single bidder's AATO or the JV's combined AATO as a percentage of estimated contract cost: 100% or above = 10 marks; 80% to below 100% = 8 marks; 70% to below 80% = 6 marks. Members' marks shall not be separately added or averaged. Failure to meet the applicable mandatory minimum shall result in failure of this criterion. Submit audited financial statements for the last three completed financial years and a Chartered Accountant's certificate confirming year-wise construction turnover and the three-year average, separately for each JV member. (Quantitative)(Doc Required)

10

Single bidder: AATO equal to or above 100% of the estimated contract cost; OR two-member JV: combined AATO equal to or above 100%, subject to each member meeting its prescribed minimum. **(10)**

Single bidder: AATO equal to or above 80% but below 100% of the estimated contract cost; OR two-member JV: combined AATO within this band, subject to each member meeting its prescribed minimum **(8)**

Single bidder: AATO equal to or above 70% but below 80% of the estimated contract cost; OR two-member JV: combined AATO within this band, subject to each member meeting its prescribed minimum **(6)**

Net Worth

Net worth means Total Assets minus Total Liabilities, as shown in the audited financial statements for the latest completed financial year. A single bidder and each member of a two-member JV shall independently demonstrate non-negative net worth. Zero net worth meets this minimum. Negative net worth of the single bidder or either JV member shall result in failure of this mandatory criterion and shall not be offset by another member's positive net worth. For scoring, use the single bidder's net worth or the sum of both JV members' net worth. Calculate the percentage as: $\text{Net Worth} / \text{Estimated Contract Cost} \times 100$. Award marks as follows: 30% or more = 10 marks; 20% to below 30% = 8 marks; 0% to below 20% = 6 marks. Award one applicable score only to the bidder/JV, capped at 10. Members' marks shall not be separately added or averaged. Submit the latest completed financial year's audited financial statements and an auditor/Chartered Accountant's certificate confirming total assets, total liabilities and net worth, separately for each JV member. (Quantitative)(Doc Required)

10

Single bidder: net worth of 30% or more of the estimated contract cost; OR two-member JV: combined net worth of 30% or more, provided each member has non-negative net worth. **(10)**

Single bidder: net worth of 20% to below 30% of the estimated contract cost; OR two-member JV: combined net worth within this band, provided each member has non-negative net worth. **(8)**

Single bidder: net worth of 0% to below 20% of the estimated contract cost; OR two-member JV: combined net worth within this band, provided each member has non-negative net worth. **(6)**

Financial Resources and Cash Flow

The bidder shall demonstrate available financial resources equal to at least 30% of the estimated contract cost, net of existing contractual commitments. Eligible resources shall comprise available cash/bank balances and committed, unutilized credit facilities accessible for executing this contract. Turnover, net worth and the value of fixed assets shall not, by themselves, establish available cash-flow resources. A single bidder shall meet the requirement independently. For a two-member JV, verified available resources of both members shall be combined after accounting for their respective existing commitments. The same funds or credit facility shall not be counted twice. Calculate available resources as a percentage of estimated contract cost. Award one score: 50% or more = 10 marks; 40% to below 50% = 8 marks; 30% to below 40% = 6 marks. Available resources below 30% shall result in failure of this mandatory criterion. JV members' marks shall not be separately added or averaged. Submit current bank certificates/statements, bank confirmation of committed and unutilized credit facilities, and a schedule of existing contractual commitment and related funding requirements, separately for each JV member. (Quantitative)(Doc Required)

10

Single bidder: available financial resources of 50% or more of the estimated contract cost; OR two-member JV: combined available resources of 50% or more, net of existing contractual commitments **(10)**

Single bidder: available financial resources of 40% to below 50% of the estimated contract cost; OR two-member JV: combined available resources within this band, net of existing contractual commitments **(8)**

Single bidder: available financial resources of 30% to below 40% of the estimated contract cost; OR two-member JV: combined available resources within this band, net of existing contractual commitments **(6)**

Key personnel

The single bidder or two-member JV shall provide: one Project Manager/Transmission Line Engineer; one Civil Engineer for foundations and piling; one Electrical/Transmission Line Engineer; one Survey Engineer/Surveyor; one EHS Manager/environmental-social representative; and two supervisors collectively covering piling, erection and stringing. Award 10 marks upon submission of a named personnel list, assigned responsibilities and signed availability commitments for all seven persons. A two-member JV may provide one combined team through either or both members. Each person shall be counted against one required position only. Award marks once only to the bidder/JV. Failure to demonstrate availability of any required person shall render the bid technically non-responsive under this criterion, regardless of the overall technical score. Award 10 marks where the single bidder or two-member JV collectively provides all seven required personnel, each meeting the stated qualifications, relevant experience and availability requirements. For a JV, assess one combined team and award marks once only. Absence of any mandatory person or failure to meet a prescribed minimum shall render the bid technically non-responsive under this criterion, regardless of the overall score (Quantitative)(Doc Required)	10
Equipment and Machinery	
The single bidder or two-member JV shall demonstrate firm availability of all mandatory equipment listed in the attached Annexure-C, meeting the specified minimum quantities, capacities, characteristics and applicable certification requirements. Equipment may be owned, leased, hired or secured through another documented arrangement. Evidence shall comprise ownership records, signed lease/hire agreements, or signed commitments from equipment owners/providers identifying the equipment, quantities, capacities and availability for the required deployment period. For a single bidder, assess its proposed equipment resources. For a two-member JV, equipment secured by either or both members shall be assessed collectively. The same equipment shall not be counted twice. Award 10 marks upon satisfactory documentary demonstration of availability of every mandatory item in the required quantity and capacity. No additional marks shall be awarded for ownership over an acceptable lease, hire or other firm availability arrangement. Failure to demonstrate availability of any mandatory item shall render the bid technically non-responsive under this criterion, regardless of the overall technical score. Addresses all five aspects in project-specific detail. Activities, dependencies, critical path, milestones and resources form a coherent and practical sequence within the contractual period **(10)**

Addresses all five aspects and meets the contractual period, with one limited weakness in activity detail, sequencing or resource deployment that does not undermine the overall programme **(8)**

Covers the principal works and meets the contractual period, but has material gaps in one or two of the five aspects. The remaining sequence is understandable and practicable **(6)**

Covers the principal works and meets the contractual period, but has material gaps in three or more aspects. The programme remains assessable, although its execution logic is weak **(4)**

2. Applicable Law

2.1. The contract shall be governed and interpreted in accordance with the laws of Pakistan, unless otherwise specified in SCC.

3. Language

3.1. The Contract as well as all correspondence and documents relating to the Contract exchanged between the Contractor and the Procuring Agency, shall be written in the **English language** unless otherwise stated in the SCC. Supporting documents and printed literature that are part of the Contract may be in another language provided these are accompanied by an accurate translation of the relevant passages in English, in which case, for purposes of interpretation of the Contract, this translation shall govern.

4. Notices

4.1. Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, telex, telegram, or facsimile to such Party at the address specified in the SCC.

5. Location

5.1. The Services shall be performed at such locations as the Procuring Agency may approve and as specified in SCC.

5.2. A {DOCUMENTS}

6. Authorized Representatives / Authority of Member in charge

6.1. Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Agency or the Contractor may be taken or executed by the officials specified in the SCC.

B. Commencement, Completion, Modification, and Termination of Contract

7. Effectiveness of Contract

7.1. This Contract shall come into effect on the date the Contract is signed by both parties and such other later date as may be stated in the SCC.

8. Commencement of Services

8.1. The Contractor shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the SCC.

9. Program schedule

9.1. Before commencement of the Services, the Contractor shall submit to the Procuring Agency for approval a Program showing the general methods, arrangements, order and timing for all activities. The Services shall be carried out in accordance with the approved Program as updated.

10. Starting Date/Expiration Date

10.1. The Contractor shall start carrying out the Services Five (05) days after the date the Contract becomes effective, or at such other date as may be specified in the SCC.

10.2. Unless terminated earlier pursuant to Clause **GCC 14** hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the SCC.

11. Entire Agreement

11.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

12. Modification

12.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any modification(s) or variation(s) made by the other Party.

12.2. In cases of any modification(s) or variation(s), the prior written consent of the Procuring Agency is required.

13. Force Majeure

13.1. Definition

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Contractor and which makes a Contractor's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

13.2. No Breach of Contract

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract in so far as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative

measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

13.3. Extension of Time

Any period within which a Contractor shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

13.4. Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Contractor shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

14. Termination

14.1. By the Procuring Agency

The Procuring Agency may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (e) of this Clause. In such an occurrence the Procuring Agency shall give at least thirty (30) calendar days' written notice of termination to the Contractor in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e);

14.1.1. If the Contractor fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension;

14.1.2. If the Contractor becomes (or, if the Contractor consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

14.1.3. If the Contractor fails to comply with any final decision reached as a result of arbitration proceedings;

14.1.4. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.1.5. If the Procuring Agency, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

14.2. By the Contractor

The Contractor may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Procuring Agency, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

14.2.1. If the Procuring Agency fails to pay any money due to the Contractor pursuant to this Contract and not subject to dispute within forty-five (45) calendar days after receiving written notice from the Contractor that such payment is overdue;

14.2.2. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.2.3. If the Procuring Agency fails to comply with any final decision reached as a result of arbitration;

14.2.4. If the Procuring Agency is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Bidder may have subsequently approved in writing) following the receipt by the Procuring Agency of the Contractor's notice specifying such breach.

C. Obligations of the Contractor

15. General

15.1. Standard of Performance

15.1.1. The Contractor shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Contractor shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Procuring Agency, and shall at all times support and safeguard the Procuring Agency's legitimate interests in any dealings with the third parties;

15.1.2. The Contractor shall employ and provide such qualified and experienced Experts and Sub-Contractors as are required to carry out the Services.

15.2. Law Applicable to Services

The Contractor shall perform the Services in accordance with the Contract and in accordance with the Law of Pakistan and shall take all practicable steps to ensure that any of its Experts and Sub-Bidders, comply with the Applicable Law.

16. Conflict of Interests

16.1. Contractor Not to Benefit from Commissions and Discounts

The remuneration of the Contractor shall constitute the Contractor's sole remuneration in connection with this Contract or the Services, and the Contractor shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Contractor shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

16.2. Contractor and Affiliates Not to be Otherwise Interested in Project

The Contractor agree that, during the term of this Contract and after its termination, the Contractor and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing Services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

16.3. Prohibition of Conflicting Activities

Neither the Bidder nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

16.3.1. during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract;

16.3.2. during the term of this Contract, neither the Contractor nor their Subcontractors shall hire public employees in active duty or on any type of leave, to perform any activity under this Contract;

16.3.3. after the termination of this Contract, such other activities as may be specified in the **SCC**.

17. Insurance to be Taken Out by the Contractor

17.1. The Contractor(a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Sub-contractors', as the case may be) own cost but on terms and conditions approved by the Procuring Agency, insurance against the risks, and for the coverage, as shall be specified in the **SCC**; and (b) at the Procuring Agency's request, shall provide evidence to the Procuring Agency showing that such insurance has been taken out and maintained and that the current premiums have been paid.

18. Contractor's Actions Requiring Procuring Agency's Prior Approval

18.1. The Contractor shall obtain the Procuring Agency's prior approval in writing before taking any of the following actions:

18.1.1. appointing such members of the Personnel not provided by the Contractor;

18.1.2. changing the Program of activities; and

18.1.3. any other action that may be specified in the **SCC**.

19. Reporting Obligations

19.1. The Contractor shall submit to the Procuring Agency the reports and documents in the numbers, and within the periods as prescribed by the Procuring Agency.

20. Liquidated Damages

20.1. Payments of Liquidated Damages

The Contractor shall pay liquidated damages to the Procuring Agency at the rate per day stated in the **SCC** for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the **SCC**. The Procuring Agency may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.

20.2. Correction for Over-payment

If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Agency shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate. The

Contractor shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in **SCC**.

20.3. Lack of performance penalty

If the Contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, a penalty for Lack of performance will be paid by the Contractor. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as specified in the Contractor

21. Performance Guarantee

21.1. Within the time stipulated in the acceptance letter from the Procuring Agency, the successful Bidder shall furnish the Performance Guarantee in shape and amount **specified in SCC**.

21.2. The proceeds of the Performance Guarantee shall be payable to the Procuring agency as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

21.3. The Performance Guarantee shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring agency and shall be in the acceptable form as specified in **SCC**.

21.4. The Performance Guarantee will be discharged by the Procuring agency and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless otherwise **specified in SCC**.

22. Sustainable Procurement

22.1. The Contractor shall conform to the sustainable procurement contractual provisions, if and as specified in the **SCC**.

D. Contractor's Personnel

23. Description of Personnel

23.1. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Contractor's Key Personnel. The Key Personnel listed by title as well as by name are hereby approved by the Procuring Agency.

24. Removal and / or Replacement of Personnel

24.1. Except as the Procuring Agency may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Contractor, it becomes necessary to replace any of the Key Personnel, the Contractor shall provide as a replacement a person of equivalent or better qualifications.

24.2. If the Procuring Agency finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Contractor shall, at the Procuring Agency's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Agency.

24.3. The Contractor shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

E. Obligations of the Procuring Agency

25. Change in the Applicable Law

25.1. If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the Services rendered by the Contractor, then the remuneration and reimbursable expenses otherwise payable to the Contractor under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred in the SCC.

26. Services and Facilities

26.1. The Procuring Agency shall make available to the Contractor and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference, at the times and in the manner specified in the Terms of Reference.

26.2. In case that such services, facilities and property shall not be made available to the Contractor, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Contractor for the performance of the Services, (ii) the manner in which the Contractor shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Contractor as a result thereof.

F. Payments to the Contractor

27. Contract Price

27.1. The price payable shall be in Pakistani Rupees unless otherwise specified in the SCC.

28. Terms and Conditions of Payment

28.1. Payments will be made to the Contractor according to the payment schedule stated in the SCC and as per actual invoice submitted by the Contractor.

28.2. Unless otherwise stated in the SCC, the advance payment shall be made against the provision by the Contractor of a bank guarantee for the same amount, and shall be valid for the period stated in the SCC. Any other payment shall be made after the conditions listed in the SCC for such payment have been met, and the Contractor have submitted an invoice to the Procuring Agency specifying the amount due.

29. Quality Control Identifying Defects

29.1. The principle and modalities of Inspection of the Services by the Procuring Agency shall be as indicated in the SCC. The Procuring Agency shall check the Contractor's performance and notify him of any Defects that are

found. Such checking shall not affect the Contractor's responsibilities. The Procuring Agency may instruct the Contractor to search for a Defect and to uncover and test any service that the Procuring Agency considers may have a Defect. Defect Liability Period is as defined in the SCC.

29.2. A {INSPECTION}

30. Correction of Defects, and Lack of Performance Penalty

30.1. The Procuring Agency shall give notice to the contractor of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.

30.2. Every time notice a Defect is given; the contractor shall correct the notified Defect within the length of time specified by the Procuring Agency's notice.

30.3. If the contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, the Procuring Agency will assess the cost of having the Defect corrected, the contractor will pay this amount, and a Penalty for Lack of Performance.

31. Settlement of Disputes Amicable Settlement

31.1. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

32. Dispute Settlement

32.1. Arbitration

If any dispute of any kind whatsoever shall arise between the procuring agency and the contractor in connection with or arising out of the Contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, or the execution of the contract, the parties shall seek to resolve any such dispute or difference by mutual consultation. If the parties fail to resolve such a dispute or difference even after negotiations or mediation, then the dispute shall be referred within fourteen (14) days in writing by either party to the Arbitrator, with a copy to the other party.

Any dispute in respect of which a notice of intention to commence arbitration has been given, in accordance with **GCC sub-clause 32.1**, shall be finally settled by arbitration. Arbitration may be commenced prior to or after completion of the Contract. Arbitration proceedings shall be conducted in accordance with Arbitration Act 1940. Notwithstanding any reference to arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless otherwise agreed. The Procuring Agency shall continue to pay the Contractor any undisputed amounts due under the Contract during the resolution of any dispute.

JOINT VENTURE AGREEMENT

This Joint Venture Agreement (the "Agreement") is made and executed on this ____ day of _____, 20____ at _____, Khyber Pakhtunkhwa, Pakistan, by and between the Members identified below, on non-judicial stamp paper of the requisite value under the law applicable in Khyber Pakhtunkhwa.

BY AND BETWEEN:

1. M/s _____, a [company/firm] organized and existing under the laws of Pakistan, having registration/incorporation No. _____, NTN _____, PEC Licence No. _____, and registered office at _____, acting through its duly authorized representative Mr./Ms. _____, CNIC No. _____, hereinafter referred to as the "Lead Member" (which expression shall, where the context permits, include its successors and permitted assigns);

AND

2. M/s _____, a [company/firm] organized and existing under the laws of Pakistan, having registration/incorporation No. _____, NTN _____, PEC Licence No. _____, and registered office at _____, acting through its duly authorized representative Mr./Ms. _____, CNIC No. _____, hereinafter referred to as the "Second Member" (which expression shall, where the context permits, include its successors and permitted assigns).

The Lead Member and the Second Member are individually referred to as a "Member" and collectively as the "Members" or the "Joint Venture/JV".

RECITALS

- A. Peshawar Electric Supply Company (PESCO), referred to in the Bidding Documents as the "Employer" or "Procuring Agency", has invited Bids under Bid No. NIT-2/2026-27 for "Upgradation of 132 kV Transmission Line from Madyan to Khwazakhela for Power Evacuation from 84 MW Gorkin Matiltan (HPP) under PEDO Deposit Work" (the "Project"). PESCO is not a party to this Agreement; references to PESCO identify the intended Employer and do not impose any obligation upon it under this Agreement.
- B. The Members, acting independently and through their duly authorized governing bodies, have agreed to combine their complementary technical, financial, managerial, personnel and equipment resources in a project-specific Joint Venture for submission of a joint Bid and, if awarded, execution, completion and remedying of defects under the Contract.
- C. This Agreement is exclusively between the Members and establishes their binding inter se rights, duties, governance, contributions, work allocation and risk-sharing. Nothing in it makes PESCO a member, partner, agent, guarantor or contracting party to the Members' internal arrangements.

- D. The Members nevertheless intend and undertake that PESCO may rely upon the representations, authorizations and joint and several commitments contained herein when evaluating the Bid and administering any resulting Contract, without assuming any liability under this Agreement.
- E. Each Member confirms that it has obtained all corporate, company, partnership or proprietorship approvals and authorizations required to enter into, execute and perform this Agreement and that the supporting resolutions and Powers of Attorney form integral attachments hereto.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Members agree as follows:

1. Definitions and Interpretation

Unless the context otherwise requires, capitalized terms not defined in this Agreement shall have the meanings assigned to them in the Bidding Documents and the Contract. References to the Bid include the Technical and Financial Bids, clarifications accepted by the Employer, and all documents forming part of the Bid. If any provision of this Agreement conflicts with the Bidding Documents or Contract, the latter shall prevail in relation to the Employer.

2. Formation, Constitution, Legal Status, Name and Purpose

The Members hereby constitute a contractual, unincorporated and project-specific Joint Venture under the name “_____ JV” solely to participate in Bid No. NIT-2/2026-27 and, if awarded, to execute, complete, commission where applicable, and remedy defects in the Project. The JV derives its authority from this Agreement, the attached corporate/partnership authorizations and Powers of Attorney, and shall comply with all registrations and formalities required by applicable law and the Bidding Documents. Unless incorporation or separate registration is required by law or the Contract, the JV shall not be treated as a separate incorporated legal person, and each Member shall retain its independent legal identity. This Agreement does not create a general partnership, employment relationship or association for any activity unrelated to the Project, nor does it authorize either Member to bind the other except as expressly provided herein.

3. Effectiveness, Supporting Formalities and Duration

This Agreement shall become binding between the Members upon execution by their duly authorized signatories on properly valued non-judicial stamp paper. The Members shall complete, execute and attach the participation and work-allocation schedules, governing-body resolutions, Powers of Attorney, identity documents, licences, registrations and other instruments listed in Schedule D. Any deficiency in an internal formality shall not permit a Member to deny its obligations to the other Member or prejudice commitments represented to PESCO. The Agreement shall remain in force throughout the bidding process and, if the Bid is successful, until complete performance of the Contract, settlement of JV accounts, discharge of all liabilities, expiry of the defects-liability/defects-notification period, release of all securities and guarantees, and final resolution of claims and disputes. If the Bid is unsuccessful, it shall terminate only after release of the Bid Security and settlement of all outstanding JV obligations.

4. Participation Shares

The participation shares shall be: Lead Member ____%; Second Member ____%; Total 100%. The shares shall reflect the Members' respective contributions and assigned scope. No share, scope or responsibility may be materially changed without the Employer's prior written approval where required by the Bidding Documents or Contract.

5. Joint and Several Liability and Employer Reliance

The Members irrevocably undertake that they shall be jointly and severally liable to PESCO for the submission, validity and accuracy of the Bid and, if awarded, for the due execution, completion and performance of the Contract. PESCO may rely upon this undertaking and upon the authority, eligibility, qualification and resource commitments stated in this Agreement and the Bid. Allocation of work, cost, risk, profit or loss between the Members is an internal arrangement only and shall not restrict PESCO's rights under the Bidding Documents or Contract to require performance from, or proceed against, either or both Members for the whole obligation. PESCO's review, acceptance or retention of this Agreement shall not make PESCO a party to it, constitute approval of the Members' internal arrangements, or release either Member from any Bid or Contract obligation.

6. Lead Member and Authorized Representative

The part of the Contract to be performed by each Member is stated in Schedule A. Qualification of the JV and each Member shall be determined strictly in accordance with the Eligibility and Qualification Criteria of the Bidding Documents. The 60:40 participation ratio shall not modify, prorate or substitute the separately prescribed requirements for average annual construction turnover (AATO), cash-flow capacity, general experience, specific experience, key activities, or environmental, social, health and safety (EHS/ES) experience. The JV shall collectively satisfy one hundred percent (100%) of every requirement designated for combined compliance. For AATO, the Lead Member shall meet at least fifty percent (50%) and the Second Member at least twenty percent (20%) of the required amount, while the JV collectively shall meet one hundred percent (100%). For cash-flow capacity, each Member shall meet at least fifty percent (50%) of the required amount and the JV collectively shall meet one hundred percent (100%). General experience shall be satisfied by each Member where so prescribed. Specific experience and key activities shall be satisfied collectively or by the Member assigned the relevant activity, exactly as stated in the qualification criteria. Each Member shall meet the EHS/ES requirements applicable to its assigned work, while the Lead Member shall provide overall coordination. The work allocated to each Member shall be consistent with the experience, technical capacity, financial resources and EHS/ES capability demonstrated by that Member in its Bid.

7. Management and Decision-Making

A JV Management Committee comprising two representatives of each Member shall supervise performance. Each Member shall nominate one principal representative. Routine decisions shall be coordinated by the Lead Member. Decisions concerning Bid price, material clarifications, securities, variations, claims, settlement, litigation/arbitration, change of scope, borrowing, replacement of key staff, subcontracting or termination shall require written approval of both Members, without affecting the Lead Member's authority vis-à-vis the Employer.

8. Work Allocation and Responsibilities

The preliminary allocation of work is set out in Schedule A. Each Member shall provide the personnel, equipment, materials, finance, licences and management necessary for its assigned activities and shall comply with the technical specifications, approved programme, quality, safety, environmental and social requirements. The Members shall cooperate as one contractor and promptly support each other where necessary to protect the Project and meet Contract obligations.

9. Technical Scope Particulars

Subject to the Bidding Documents and approved work programme, the allocated activities may include mobilization, survey and setting-out; tower/pole foundation works; pile or special foundations where applicable; tower/pole erection and associated steelwork; butt joints where specified; conductor and earth-wire/OPGW stringing; dismantling and rehabilitation works; testing, commissioning/energization assistance; ROW coordination; restoration; quality control; safety; and preparation of as-built records. Final responsibility shall be recorded in Schedule A without fragmenting the JV's liability to PESCO.

10. Personnel, Equipment and Resources

Each Member shall make available the personnel, equipment and financial resources stated in the Bid. Key personnel or equipment shall not be withdrawn or replaced except in accordance with the Contract and with required approvals. A Member failing to provide committed resources shall promptly remedy the failure and reimburse the JV/other Member for reasonable costs and losses caused, without prejudice to the Employer's rights.

11. Financial Contributions, Profit and Loss

Bid-preparation and Contract costs shall be borne in accordance with Schedule B or otherwise approved in writing by both Members. Net profit and loss shall ordinarily be shared in proportion to the participation shares unless Schedule B expressly provides a lawful alternative. Neither Member shall incur material JV expenditure, debt or liability outside the approved budget without written authorization under Clause 7.

12. JV Bank Account and Payments

If required for Contract administration, the Members shall open a joint project bank account in the JV's name with a scheduled bank in Pakistan, operated in accordance with a written mandate approved by both Members. All Contract receipts shall be deposited into that account and applied only to Project obligations before distribution. The payment mechanism shall remain subject to the Contract and the Employer's accepted arrangements. Proper books and supporting records shall be maintained and available to both Members and authorized auditors.

13. Bid Security and Performance Securities

The Members shall procure and maintain the Bid Security, Performance Security, advance-payment security, retention guarantee and other securities required by the Bidding Documents/Contract in the name and form acceptable to the Employer. Costs and collateral responsibilities shall be shared as stated in Schedule B. Any forfeiture or call attributable to a Member's default shall ultimately be borne by that Member, without restricting the Employer's rights against the JV or either Member.

14. Accounts, Audit, Tax and Statutory Compliance

The JV shall maintain complete Project accounts, tax records, payroll, invoices and supporting documents. The Members shall obtain and maintain, as applicable, the JV's NTN, tax registrations, PEC licensing/permission, bank-account documentation and any registration, licence, permit or filing required by law, the Bidding Documents or the Contract. Each Member shall separately maintain its corporate/firm registration, PEC licence, income-tax, sales-tax/KPRA, labour and other statutory compliance. Tax treatment and invoicing shall follow applicable law and the Contract; this Agreement does not create or determine a tax status contrary to law.

15. Quality, Safety, Environment and Social Obligations

The Members shall jointly implement the Contract's quality assurance, health and safety, environmental and social requirements. Each Member shall be directly responsible for compliance within its work area and shall immediately report accidents, defects, nonconformities, environmental incidents and community/ROW issues to the Lead Member. Corrective action shall be taken without delay.

16. Representations and Warranties

Each Member represents that it is duly established, eligible and authorized; holds and shall maintain required registrations/licences; is not subject to a disqualifying conflict, debarment or blacklisting except as fully disclosed; has provided accurate qualification information; has authority to contribute the offered experience and resources; and shall immediately disclose any change affecting eligibility or performance.

17. Exclusivity and Conflict of Interest

For this Bid and Project, neither Member nor its affiliate shall participate in another bid as an individual bidder, member of another JV or subcontractor where prohibited by the Bidding Documents. Each Member shall avoid conflicts of interest and shall promptly disclose any actual or potential conflict to the other Member and, where required, the Employer.

18. Subcontracting

No Member shall subcontract the whole of its assigned scope or any activity prohibited from subcontracting. Permitted subcontracting shall require the approvals specified in the Contract and shall not release either Member from joint and several liability. Any proposed specialist subcontractor shall meet the applicable eligibility, qualification and integrity requirements.

19. Confidentiality and Use of Information

The Members shall keep confidential the Bid price, technical solutions, commercial information and Project records, except where disclosure is required for the Bid/Contract, by law, by a competent authority, or with written consent. Each Member shall use the other Member's information solely for the Project and shall protect personal and proprietary data.

20. Records, Inspection and Verification

Each Member shall maintain original, authentic and verifiable corporate, financial, experience, personnel and equipment records submitted with the Bid. The Members authorize the Employer to verify such information with issuing authorities, clients, banks, PEC, SECP, FBR and other

competent bodies, subject to applicable law. False, altered or misleading information shall constitute a material breach between the Members.

21. Change in Constitution, Share or Scope

No Member may assign, transfer, pledge or otherwise dispose of its interest; introduce, substitute or remove a Member; withdraw; or materially alter the JV name, composition, Lead Member, participation shares, work allocation or responsibilities without the prior written consent of the other Member and PESCO's prior written approval where required by the Bidding Documents or Contract. Any unauthorized change shall have no effect against PESCO and shall constitute a material breach between the Members.

22. Withdrawal and Continuity

Neither Member may withdraw during Bid validity or Contract performance. If a Member becomes legally incapable, insolvent, debarred, loses a required licence, abandons work or commits material default, the non-defaulting Member shall immediately notify the Employer and propose a lawful continuity plan. No replacement or reallocation shall take effect without required Employer approval. The defaulting Member shall remain liable for consequences arising from its default or withdrawal.

23. Member Default and Step-In

If a Member fails to perform, the other Member shall issue written notice specifying the default and a reasonable cure period consistent with the Contract urgency. If not cured, the non-defaulting Member may, subject to the Employer's rights and approvals, take reasonable step-in measures to protect the Project. Verified additional costs and losses caused by the default shall be recoverable from the defaulting Member. Step-in shall not alter joint and several liability to the Employer.

24. Indemnity Between Members

Each Member shall indemnify the other against direct losses, costs, claims, penalties and security calls arising from its fraud, wilful misconduct, material breach, violation of law, or failure to perform its allocated obligations, to the extent established under this Agreement. This inter se indemnity shall not limit or delay the Employer's remedies against either Member.

25. Communications and Notices

All communications to the Employer shall be issued through the Lead Member unless the Employer directs otherwise. Notices between Members shall be in writing and delivered by hand, courier or official email to the addresses in Schedule C. A Member shall promptly notify changes in its address or authorized representative.

26. Dispute Resolution Between Members

The Members shall first attempt amicable settlement through their principal representatives within fourteen (14) days of written notice of dispute. Failing settlement, the dispute shall be referred to the chief executives/authorized principals for a further fourteen (14) days. If unresolved, it shall be finally resolved in accordance with the Arbitration Act, 1940, by a sole arbitrator mutually appointed; failing agreement, appointment shall be sought from a court of competent jurisdiction. The seat/place of arbitration shall be Peshawar, Pakistan, and proceedings shall be in English.

Pending resolution, the Members shall continue performance and shall not prejudice the Contract or Employer.

27. Governing Law and Jurisdiction

This Agreement shall be governed by the laws of Pakistan. Subject to Clause 27, the courts at Peshawar having competent jurisdiction shall have jurisdiction in respect of interim relief, enforcement and matters not capable of arbitration. Nothing herein alters any dispute mechanism or jurisdiction governing the Employer under the Bidding Documents or Contract.

29. Force Majeure

A Member affected by an event beyond its reasonable control shall promptly notify the other Member, provide particulars and take reasonable mitigation measures. Relief shall be no greater than that available under the Contract and applicable law. Financial inability, lack of funds or ordinary resource shortages shall not constitute force majeure.

30. Termination

This Agreement may terminate only: (a) if the Bid is unsuccessful and all Bid-related liabilities are settled; (b) after full discharge of all Contract and inter se obligations; or (c) by written agreement of both Members with the Employer's prior written consent where required. Termination shall not affect accrued rights, liabilities, confidentiality, indemnities, records, audit, dispute-resolution obligations or joint and several liability to the Employer.

31. Amendment

No amendment, waiver or supplement shall be valid unless in writing and signed by authorized representatives of both Members. Any amendment affecting the Employer's rights, JV composition, shares, scope, Lead Member or Contract performance shall also require the Employer's prior written approval where required.

32. Entire Agreement and Severability

This Agreement, its completed Schedules, governing-body resolutions, Powers of Attorney and mandatory attachments constitute the entire agreement between the Members concerning the JV and supersede prior understandings on the same subject. No side letter or private arrangement shall affect PESCO or contradict the Bid, Bidding Documents or Contract. If a provision is held invalid, the remaining provisions shall continue, and the Members shall replace the invalid provision with a lawful provision closest to the original intent and consistent with the Bidding Documents.

33. No Waiver

Failure or delay by a Member to exercise a right shall not constitute waiver. A waiver is effective only if written and limited to the specific matter stated. No inter se waiver shall bind or prejudice the Employer.

34. Counterparts and Verification

This Agreement may be executed in counterparts, each deemed an original and together constituting one instrument. Each counterpart shall be signed by a duly authorized representative and bear the Member's official seal. Signatures shall be witnessed and notarized or attested where required by the Bidding Documents or applicable law. The original executed Agreement

shall be retained by the Lead Member, each Member shall hold a certified copy, and the original or duly certified copy shall be submitted to PESCO as required. The Members authorize PESCO to verify the Agreement, stamp paper/e-stamp, signatures, witnesses, governing-body approvals, Powers of Attorney, licences and registrations with the relevant issuing authorities.

EXECUTION

IN WITNESS WHEREOF, the Members—not PESCO—acting through their duly authorized representatives, have executed this Agreement on the date and place first written above. Each signatory certifies that the Member is validly constituted, its governing-body authorization and Power of Attorney are attached, and the execution of this Agreement creates binding obligations upon that Member.

Technical Qualification and Evaluation Criteria

Upgradation of 132 kV Transmission Line from Madyan to Khwazakhela

Least Cost Based Selection under EPADS V.2

Evaluation Method.

Technical proposals shall be evaluated out of 100 marks using the criteria below. A bidder must satisfy every mandatory requirement and obtain at least 80 marks to qualify for financial opening. Financial scores shall not be combined with technical scores. Award shall be made to the lowest evaluated responsive bidder in accordance with the bidding documents.

Criterion	Maximum marks
General Construction Experience	20
Specific Construction Experience	20
Average Annual Construction Turnover	10
Net Worth	10
Financial Resources and Cash Flow	10
Key Personnel	10
Equipment and Machinery	10
MS Project Execution Programme	10
Total	100

1. General Construction Experience (20 Marks)

A minimum of five years of verified active construction experience in 132 kV or higher overhead transmission-line works is mandatory, assessed over the five years preceding the bid-submission deadline.

A single bidder shall meet the five-year requirement itself. For a two-member JV, the Lead Partner shall meet this requirement, and each member shall contribute at least one qualifying completed contract.

Count contracts for the stated works completed within the five-year period: the single bidder's own contracts, or the combined distinct contracts of both JV members. Duplicate contracts shall count once only. Members' years shall not be added together, and overlapping work periods shall not be counted twice.

Subject to meeting the mandatory requirements, award marks by qualifying contract count: four or more = 20 marks; three = 15 marks; two = 10 marks. Award one applicable score only to the bidder/JV, capped at 20. Members' marks shall not be separately added, averaged or weighted by JV share.

Failure to meet the five-year requirement, minimum two completed contracts, or each JV member's minimum contribution shall result in failure of this criterion.

Submit a year-wise experience statement supported by contract agreements/work orders and employer completion or taking-over certificates.

EPADS scoring range	Marks
Single bidder: at least five years' construction experience and four or more qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and four or more qualifying completed contracts collectively, including at least one from each member	20
Single bidder: at least five years' construction experience and three qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and three qualifying completed contracts collectively, including at least one from each member	15
Single bidder: at least five years' construction experience and two qualifying completed contracts; OR two-member JV: Lead Partner with at least five years' experience and two qualifying completed contracts collectively, including at least one from each member	10

Score one applicable range only for the bidder or two-member JV. Mandatory requirements apply regardless of the score.

2. Specific Construction Experience (20 Marks)

The single bidder or two-member JV shall demonstrate completion or substantial completion, within the five years preceding the bid-submission deadline, of at least two similar contracts for 132 kV or higher overhead transmission-line works, each valued at not less than PKR 240,383,134 and meeting the prescribed scope for bored RCC pile foundations, tower/tubular-pole erection, and conductor and earth-wire stringing.

For a single bidder, its qualifying contracts shall be counted. For a two-member JV, qualifying contracts of the Lead Partner and the other member shall be combined, provided each member contributes at least one qualifying contract. Each contract must independently satisfy the stated requirements. Duplicate contracts shall be counted once only.

Marks shall be awarded on the total qualifying contracts: four or more = 20 marks; three = 15 marks; two = 10 marks. Only one score shall be awarded to the bidder/JV, capped at 20. Members' marks shall not be separately added, averaged or weighted by JV share. Failure to meet the stated minimum requirements shall render the bidder/JV non-responsive under this criterion.

Evidence: contract agreements/work orders and employer/engineer-issued completion or substantial-completion certificates, supported by BOQs or certified payment records establishing scope and executed value.

EPADS scoring range	Marks
Single bidder: four or more qualifying similar contracts; OR two-member JV: four or more collectively, with at least one qualifying contract from each member	20
Single bidder: three qualifying similar contracts; OR two-member JV: three collectively, with at least one qualifying contract from each member	15
Single bidder: two qualifying similar contracts; OR two-member JV: two collectively, with one qualifying contract from each member	10

Score one applicable range only for the bidder or two-member JV. Mandatory requirements apply regardless of the score.

3. Average Annual Construction Turnover (10 Marks)

AATO shall be calculated as the average annual construction turnover for the last three completed financial years. The minimum required AATO is 70% of the estimated contract cost.

A single bidder shall meet this minimum independently. For a two-member JV, the members' AATOs shall be added, and the combined amount shall meet at least 100% of the minimum required AATO. The Lead Partner shall individually meet at least 50%, and the other member at least 20%, of that minimum required AATO. These member percentages refer to the minimum AATO requirement, not the estimated contract cost. Both individual minima and the combined minimum must be satisfied.

Award one score based on the single bidder's AATO or the JV's combined AATO as a percentage of estimated contract cost: 100% or above = 10 marks; 80% to below 100% = 8 marks; 70% to below 80% = 6 marks. Members' marks shall not be separately added or averaged.

Failure to meet the applicable mandatory minimum shall result in failure of this criterion. Submit audited financial statements for the last three completed financial years and a Chartered Accountant's certificate confirming year-wise construction turnover and the three-year average, separately for each JV member.

EPADS scoring range	Marks
Single bidder: AATO equal to or above 100% of the estimated contract cost; OR two-member JV: combined AATO equal to or above 100%, subject to each member meeting its prescribed minimum	10
Single bidder: AATO equal to or above 80% but below 100% of the estimated contract cost; OR two-member JV: combined AATO within this band, subject to each member meeting its prescribed minimum	8
Single bidder: AATO equal to or above 70% but below 80% of the estimated contract cost; OR two-member JV: combined AATO within this band, subject to each member meeting its prescribed minimum	6

Score one applicable range only for the bidder or two-member JV. Mandatory requirements apply regardless of the score.

4. Net Worth (10 Marks)

Net worth means Total Assets minus Total Liabilities, as shown in the audited financial statements for the latest completed financial year.

A single bidder and each member of a two-member JV shall independently demonstrate non-negative net worth. Zero net worth meets this minimum. Negative net worth of the single bidder or either JV member shall result in failure of this mandatory criterion and shall not be offset by another member's positive net worth.

For scoring, use the single bidder's net worth or the sum of both JV members' net worth. Calculate the percentage as: $\text{Net Worth} / \text{Estimated Contract Cost} \times 100$.

Award marks as follows: 30% or more = 10 marks; 20% to below 30% = 8 marks; 0% to below 20% = 6 marks. Award one applicable score only to the bidder/JV, capped at 10. Members' marks shall not be separately added or averaged.

Submit the latest completed financial year's audited financial statements and an auditor/Chartered Accountant's certificate confirming total assets, total liabilities and net worth, separately for each JV member.

EPADS scoring range	Marks
Single bidder: net worth of 30% or more of the estimated contract cost; OR two-member JV: combined net worth of 30% or more, provided each member has non-negative net worth	10
Single bidder: net worth of 20% to below 30% of the estimated contract cost; OR two-member JV: combined net worth within this band, provided each member has non-negative net worth	8
Single bidder: net worth of 0% to below 20% of the estimated contract cost; OR two-member JV: combined net worth within this band, provided each member has non-negative net worth	6

Score one applicable range only for the bidder or two-member JV. Mandatory requirements apply regardless of the score.

5. Financial Resources and Cash Flow (10 Marks)

The bidder shall demonstrate available financial resources equal to at least 30% of the estimated contract cost, net of existing contractual commitments.

Eligible resources shall comprise available cash/bank balances and committed, unutilized credit facilities accessible for executing this contract. Turnover, net worth and the value of fixed assets shall not, by themselves, establish available cash-flow resources.

A single bidder shall meet the requirement independently. For a two-member JV, verified available resources of both members shall be combined after accounting for their respective existing commitments. The same funds or credit facility shall not be counted twice.

Calculate available resources as a percentage of estimated contract cost. Award one score: 50% or more = 10 marks; 40% to below 50% = 8 marks; 30% to below 40% = 6 marks. Available resources below 30% shall result in failure of this mandatory criterion. JV members' marks shall not be separately added or averaged.

Submit current bank certificates/statements, bank confirmation of committed and unutilized credit facilities, and a schedule of existing contractual commitments and related funding requirements, separately for each JV member.

EPADS scoring range	Marks
Single bidder: available financial resources of 50% or more of the estimated contract cost; OR two-member JV: combined available resources of 50% or more, net of existing contractual commitments	10
Single bidder: available financial resources of 40% to below 50% of the estimated contract cost; OR two-member JV: combined available resources within this band, net of existing contractual commitments	8
Single bidder: available financial resources of 30% to below 40% of the estimated contract cost; OR two-member JV: combined available resources within this band, net of existing contractual commitments	6

Score one applicable range only for the bidder or two-member JV. Mandatory requirements apply regardless of the score.

6. Key Personnel (10 Marks)

The single bidder or two-member JV shall provide: one Project Manager/Transmission Line Engineer; one Civil Engineer for foundations and piling; one Electrical/Transmission Line Engineer; one Survey Engineer/Surveyor; one EHS Manager/environmental-social representative; and two supervisors collectively covering piling, erection and stringing.

Award 10 marks upon submission of a named personnel list, assigned responsibilities and signed availability commitments for all seven persons. A two-member JV may provide one combined team through either or both members. Each person shall be counted against one required position only. Award marks once only to the bidder/JV.

Failure to demonstrate availability of any required person shall render the bid technically non-responsive under this criterion, regardless of the overall technical score.

EPADS scoring range	Marks
All seven required personnel named with signed availability commitments	10
Any required person not demonstrated	Non-responsive

7. Equipment and Machinery (10 Marks)

The single bidder or two-member JV shall demonstrate firm availability of all mandatory equipment listed in the attached Annexure C, meeting the specified minimum quantities, capacities, characteristics and applicable certification requirements.

Equipment may be owned, leased, hired or secured through another documented arrangement. Evidence shall comprise ownership records, signed lease/hire agreements, or signed commitments from equipment owners/providers identifying the equipment, quantities, capacities and availability for the required deployment period.

For a single bidder, assess its proposed equipment resources. For a two-member JV, equipment secured by either or both members shall be assessed collectively. The same equipment shall not be counted twice.

Award 10 marks upon satisfactory documentary demonstration of availability of every mandatory item in the required quantity and capacity. No additional marks shall be awarded for ownership over an acceptable lease, hire or other firm availability arrangement.

Failure to demonstrate availability of any mandatory item shall render the bid technically non-responsive under this criterion, regardless of the overall technical score.

EPADS scoring range	Marks
All mandatory equipment items firmly available with documentary evidence	10
Any mandatory equipment item not demonstrated	Non-responsive

8. MS Project Execution Programme (10 Marks)

The single bidder or two-member JV shall submit one project-specific, logic-linked programme showing completion within the contractual period stated in the Bidding Documents. Assess the programme against five aspects: (1) survey, site access and setting-out; (2) bored RCC pile/foundation works and concrete curing; (3)

tower/tubular-pole erection, conductor and earth-wire stringing, and interconnection; (4) activity dependencies, critical path and milestones; and (5) crew and equipment deployment, testing and commissioning.

Award one applicable range score based on the programme’s overall completeness, logical sequence and practicality. For a JV, assess its single combined programme. Failure to submit the required programme, or a programme showing completion beyond the contractual period, shall render the bid technically non-responsive under this criterion.

EPADS scoring range	Marks
Addresses all five aspects in project-specific detail. Activities, dependencies, critical path, milestones and resources form a coherent and practical sequence within the contractual period	10
Addresses all five aspects and meets the contractual period, with one limited weakness in activity detail, sequencing or resource deployment that does not undermine the overall programme	8
Covers the principal works and meets the contractual period, but has material gaps in one or two of the five aspects. The remaining sequence is understandable and practicable	6
Covers the principal works and meets the contractual period, but has material gaps in three or more aspects. The programme remains assessable, although its execution logic is weak	4

SECTION-VII

GENERAL CONDITIONS OF CONTRACT (GCC)

Applicable FIDIC General Conditions
--

The General Conditions shall be the Conditions of Contract for Construction for Building and Engineering Works Designed by the Employer, Second Edition 2017, reprinted 2022 with amendments (Red Book), published by the International Federation of Consulting Engineers (FIDIC).

Incorporation by reference. The above General Conditions are incorporated into and shall form part of the Contract by reference. They shall apply in their entirety except to the extent expressly amended, supplemented, replaced or deleted by the Particular Conditions of Contract.

Authorized copy. Prospective bidders shall obtain, or otherwise have lawful access to, an authorized copy of the above FIDIC publication directly from FIDIC or an authorized distributor and shall be deemed to have examined and understood the General Conditions before submitting their Bids. The Employer shall not reproduce or distribute the copyrighted General Conditions except as permitted under an applicable FIDIC licence. The cost of obtaining the publication shall be borne by the bidder.

Site copy. The successful bidder shall maintain an authorized copy of the applicable FIDIC General Conditions at the Site and make it available to its authorized personnel throughout the execution of the Contract.

SECTION-VIII

PARTICULAR CONDITIONS OF CONTRACT (PCC)

Application and Priority

These Particular Conditions of Contract contain project-specific data, amendments, additions and supplementary provisions applicable to the FIDIC General Conditions identified in Section VII.

The General Conditions and the Particular Conditions shall be read together and shall collectively constitute the Conditions of Contract. Where any provision of these Particular Conditions expressly amends, supplements, replaces or deletes a provision of the General Conditions, these Particular Conditions shall prevail to the extent of that inconsistency.

Such precedence shall remain subject to the Public Procurement Regulatory Authority Ordinance, 2002, the Public Procurement Rules, 2004, applicable regulations and guidelines issued by the Public Procurement Regulatory Authority (PPRA), the laws of Pakistan, and the priority of documents stated in the Contract.

Part A – Contract Data

Contract data of the SCC, includes data to complement the GCC in a manner similar to the way in which the Bid Data Sheet complements the Instructions to Bidders.

18.	13.4 (b)(ii)	Not Applicable (N/A), as no Provisional Sum is included in the Contract.
19.	13.7	The Contract Price shall be fixed during Contract Execution and shall not be subject to price adjustment due to changes in the cost of labor, materials, fuel, transportation, equipment or other inputs. However, the Contract Price may be adjusted for actual measured quantities and for Variations duly instructed by the Engineer and approved by the Procuring Agency/Employer or competent authority in accordance with the Contract and applicable procurement rules. Payment for such Variations shall be made only after the required approval has been obtained.
Contract Price and Payment (GCC Clause 14)		
20.	14.2	No advance payment shall be made to the Contractor. Accordingly, the total advance payment shall be zero percent (0%) of the Accepted Contract Amount, and the provisions relating to advance-payment instalments, advance-payment guarantee and repayment of advance payment shall not apply.
21.	14.2.3	Not Applicable (N/A)— No advance payment shall be made under the Contract
22.	14.3(iii)	Percentage of Retention: Ten percent (10%) of the amount certified in each Interim Payment Certificate. Fifty percent (50%) of the Retention Money shall be released following completion of the whole of the Works and issuance of the completion Certificate. The remaining fifty percent (50%) shall be released after expiry of the twelve-month Defects Notification Period and completion of all outstanding and remedial works to the satisfaction of the Engineer. Limit of Retention Money: Ten percent (10%) of the Accepted Contract Amount.
23.	14.5(b)(i)	Not Applicable (N/A)— No Plant or Materials shall qualify for payment when shipped.
24.	14.5(c)(i)	Not Applicable (N/A)— No Plant or Materials shall qualify for payment when shipped.

25.	14.6.2	Withholding (amounts in) an IPC: Not Applicable (N/A)—No minimum IPC amount is prescribed.
26.	14.7(a)	Not Applicable (N/A)—No Advance Payment shall be made under the Contract.
27.	14.7b(i)	Payment of the amount certified in an Interim Payment Certificate shall be made within thirty (30) days after receipt by the Employer of the duly certified IPC and complete supporting documents.
28.	14.7b(ii)	The Employer shall pay the amount certified in the Final Payment Certificate under Sub-Clause 14.13 within sixty (60) days after receiving the Final Payment Certificate and the complete required documentation
29.	14.7(c)	Period for the Procuring Agency/Employer to make final payment to the Contractor: Fifty-six (56) days after receipt of the Final Payment Certificate and complete supporting documents.
30.	14.8	Financing charges for delayed payment: Not Applicable (N/A).
31.	14.11.1(b)	The Contractor shall submit the original signed Draft Final Statement, together with two (02) additional paper copies and one electronic copy in editable and PDF formats, along with all supporting documents
32.	14.15	All payments under the Contract shall be made exclusively in Pakistani Rupees (PKR). No payment shall be made in any foreign currency, and no exchange-rate adjustment shall apply.
33.	14.15 (a)(i)	The Accepted Contract Amount shall be expressed and paid entirely in Pakistani Rupees (PKR). The Local Currency proportion shall be one hundred percent (100%). No Foreign Currency component shall apply; therefore, no fixed rate of exchange is required.
34.	14.15 (c)	Delay Damages shall be calculated, paid and/or recovered entirely in Pakistani Rupees (PKR), being one hundred percent (100%) of the applicable Delay Damages. No foreign-currency component or exchange rate shall apply.
35.	14.15 (f)	Not Applicable (N/A)—the Contract is denominated and payable entirely in Pakistani Rupees (PKR); therefore, no rate of exchange is required.
36.	17.2 (d)	<i>Liability for Care of the Works</i> <i>The Contractor shall be fully responsible for the care, custody, security, watch and ward, preservation and protection of the Works, Temporary Works, Contractor-supplied materials and all Employer-supplied materials from the time such materials are issued to or taken over by the Contractor until issuance of the completion Certificate for the whole of the Works in the stipulated time of completion.</i>

		<i>The Contractor shall provide, at its own cost, adequate security personnel, watchmen, lighting, secure storage, patrolling and all other reasonable protective arrangements at tower locations, foundation sites, material-storage areas and stringing sections. The Contractor shall maintain proper receipt, issue, consumption and reconciliation records for Employer-supplied materials received at PESCO warehouse.</i> <i>Any theft, pilferage, loss, shortage, misuse or damage occurring while the Works or materials are in the Contractor's custody shall be promptly reported to the Engineer and the relevant authorities. The Contractor shall lodge an FIR where required and shall replace or make good the affected Works or materials at its own cost, except to the extent that the loss or damage results from an Employer's Risk or an Exceptional Event under the Contract and could not reasonably have been prevented by an experienced contractor taking adequate precautions.</i> <i>After issuance of the Completion Certificate, the Contractor shall remain responsible for the care and protection of any outstanding or remedial work until its completion and acceptance.</i>
Insurance (GCC Clause 19)		
37.	19.1	The Contractor shall obtain and maintain Contractors' All Risks/Erection All Risks insurance in the joint names of the Employer and Contractor. The insurance shall cover the Works, Temporary Works, Contractor-supplied materials and Employer-supplied materials at their full replacement value from the time of issuance or taking-over by the Contractor, including loading, transit from PESCO stores, unloading, temporary storage, construction, erection, installation and stringing, until issuance of the Taking-Over Certificate. The cover shall include theft, pilferage, accidental damage, fire, flood, storm, collapse and damage during erection and stringing, subject only to the contractual exclusions.
38.	19.2.1(b)	The Works, including Employer-supplied and Contractor-supplied materials, shall be insured for their full replacement value plus fifteen percent (15%) to cover incidental and supplementary costs associated with reinstatement, including removal of debris, professional charges and related expenses
39.	19.2.1(iv)	The insurance for the Works shall not exclude theft, burglary, pilferage, malicious damage, vandalism, sabotage, riots, strikes, civil commotion, terrorism where commercially insurable, fire, lightning, explosion, storm, flood, earthquake, landslide, soil subsidence, accidental collapse, and loss or damage during transit, storage, erection and stringing.
40.	19.2.2	All Employer-supplied and Contractor-supplied materials shall be insured from the time they are issued to or taken into custody by the Contractor, including loading, transportation from designated PESCO stores, unloading, temporary storage, handling, erection, installation

		and stringing, until incorporated into the Works and covered by the Taking-Over Certificate. The insurance shall cover theft, pilferage, loss and accidental damage and shall be in the joint names of PESCO and the Contractor. Full replacement value of the Goods plus fifteen percent (15%), i.e., 115% of their replacement value
41.	19.2.3(a)	Insurance for liability for breach of professional duty: Not Applicable, provided that the Contractor is not responsible for the design of the Permanent Works.
42.	19.2.3(b)	Insurance required against liability for fitness for purpose: No.
43.	19.2.3	Not Applicable (N/A)—No professional-duty liability insurance is required because the Contractor has no design or professional-consultancy responsibility under the Contract
44.	19.2.4	Insurance required for injury to persons and damage to property: As required under applicable law and sufficient to cover the Contractor's contractual liabilities, subject to the Employer's approval.
45.	19.2.6	Insurance <u>Other insurances required by Laws and by local practice</u> The contractor shall provide all other insurances required by the Laws of the countries where (any part of) the Works are being carried out, at the Contractor's own cost. Other insurances required by local practice (if any) shall be detailed in the Contract Data and the Contractor shall provide such insurances in compliance with the details given, at the Contractor's own cost.
Dispute Avoidance/ Adjudication Board (GCC Clause 21)		
46.	21.1	Time for appointment of the DAAB: Within twenty-eight (28) days from the Commencement Date.
47.	21.1	The DAAB shall comprise one (01) suitably qualified and independent member, appointed by mutual agreement of the Employer and the Contractor in accordance with Sub-Clause 21.1.
48.	21.1	Proposed by Employer/Procuring Agency: 1. To be nominated by the Employer after award of the Contract 2. Not Applicable 3. Not Applicable Proposed by Contractor: 1. To be nominated by the Contractor after award of the Contract 2. Not Applicable 3. Not Applicable Each Party shall nominate one suitably qualified, independent and impartial candidate. The Parties shall mutually agree upon and

		appoint the sole DAAB member within twenty-eight (28) days from the Commencement Date. If the Parties fail to agree, the appointing entity specified under Sub-Clause 21.2 shall appoint the DAAB member.
49.	21.2	If the Employer and the Contractor fail to agree on the appointment of the sole DAAB member within the prescribed period, the Managing Director, Public Procurement Regulatory Authority (PPRA), Islamabad, shall act as the appointing authority in accordance with Sub-Clause 21.2.

Appendix-C

Formula for Price Adjustment

[Note to Procuring agency/Employer: It is recommended that in the case of very large and/or complex works contracts, it may be necessary to specify several families of price adjustment formulae corresponding to the different works involved. When finalizing the contract document, ensure that the finalized Schedule of Cost Indexation is attached to the Contract Agreement.]

- a) Price Adjustment/ escalation shall not be applicable on Civil, Mechanical and Electrical projects /contracts having contract life less than 365 days from the date of the signing of the contract.
- b) Procuring Agency/Employer is advised not to change any provisions hereof unless otherwise stated by the Authority.
- c) No method, other than given in this formula will be applicable to compute the price adjustment.
- d) This document will be applicable only for Price Adjustment in local currency (Pak. Rs.). Price Adjustment in foreign currency is not allowed.
- e) Price Adjustment formula and corresponding references to be inferred for price adjustment shall be agreed and firmed up before signing of the contract. Procuring agency and contractor shall firm up the weightages and co-efficient for respective items before signing of the contract and there shall be no change permissible in the weightages after signing of the contract.
- f) For imported plant/ equipment and materials quoted in local currency (Pak. Rs.), foreign currency, exchange rates shall be fixed at the respective interbank currency exchange rates, 28 days prior to the tender opening date. The change in foreign currency exchange rate will be applicable to the foreign currency component stated in the Letter of Credit established by the Contractor or his Vendor.
- g) This procedure is to assist the Procuring agency/Employer and bidder for the preparation of provisions for price adjustment in their bidding / contract documents. All the coefficients of the price adjustment formula shall be specified in the bidding document at the time of advertisement.

[The formulae for price adjustment shall be of the following general type:]

$$P_n = A + b \frac{L_n}{L_o} + c \frac{M_n}{M_o} + d \frac{E_n}{E_o} + \dots$$

where,

“P_n” is the Price Adjustment factor for the work carried out in the period “n”.

“A” is a constant or the Non-Adjustable Portion of the Price Adjustment Factor to be specified in Appendix-C to Bid, representing the Non-Adjustable Portion of the Contract Price.

“b, c, d” are Coefficients or weightages of the order of 0.xx (i.e., fractions rounded off to two decimals) for each specified element of adjustment in the Contract. The sum of A, b, c, d, etc., shall be one.

“L_n”, “E_n”, “M_n”, ... are the current cost indices or reference prices for period “n”, expressed in the relevant currency of payment, each of which is applicable to the relevant tabulated cost element on the date 28 days prior to the last day of the period (to which the particular Payment Certificate relates); and

“L₀”, “E₀”, “M₀”, ... are the base cost indices or reference prices, expressed in the relevant currency of payment, each of which is applicable to the relevant tabulated cost element on the Base Date.

1. Construction schedule should be provided by the contractor as required in the Contract. Price Adjustment shall be applicable as payable in full for the original scheduled completion period.
2. In the event the completion of contract exceeds the original scheduled period:
 - 2.1 In case of default on the part of the contractor causing delay in original scheduled completion, the rate of Price Adjustment will be frozen at the original scheduled date of completion; however Price Adjustment will be applicable till actual completion. While computing Price Adjustment beyond the scheduled completion period, in the event the rate is reduced, then that reduced rate will be applied.
3. The Price Adjustment will be payable in full for the extended period if the contractor has been granted an extension of time for no fault on the part of the contractor, duly approved by the Employer.
4. Unless specifically stated otherwise in the contract, the basis for compensation will be only those elements, which are specifically listed as specified items in the tender documents. This list will specify the elements for Civil, Electrical, Mechanical, Sanitary, HVAC, etc., separately.

5. Formula for Price Adjustment provided herein will be applicable for all the contracts such as Civil, Electrical, Mechanical, etc.
6. There shall be no Price Adjustment for the elements which the Employer has either supplied free of cost or at fixed prices as well as for those elements for which an umbrella *ex gratia* or escalation cover is provided by the Government through an Executive Order or Statutory Regulatory Order (SRO).

Weightages of Specified Items

Each of the cost elements, having cost impact of five (05) percent or higher can be selected for adjustment.

In determining the weightages, the following procedure shall be adopted:

- a) Base Date Price alone of an element based on market rate shall be considered excluding cost of construction/ installation, overheads and profit.
- b) Engineer's Estimate shall be prepared for complete project.
- c) Appropriate Rate Analysis of the Engineer's Estimate shall be made to determine costs of the basic elements.
- d) For such cost elements having various types of a particular element, individual cost of such family of the element used in the project to be determined and added to work out the element cost. (Grade-40 and Grade-60 steel shall be treated under same category).
- e) Each cost element determined as above, shall be divided by the total amount of Engineer's Estimate to determine various weightages.

Weightage of Fixed Portion

Weightage of fixed portion (Non-adjustable portion of the estimated cost of the contract), shall be determined as under:

- a) First the weightages of all the cost elements having value of five (5) percent or more to be added up to see whether the total is 75 percent or less. In that case the total is to be subtracted from one (01) to determine the weightage of the fixed portion,
- b) In case total weightage of the cost elements including HSD and labour exceeds 75 percent, the element(s) having lowest weightage(s) other than HSD and labour, shall be excluded in considering the adjustable costs elements.

- c) Fixed portion shall be 25 percent and in case the fixed portion exceeds 25 percent it shall be supported by calculations attached with the bidding documents.
- d) Sum of fixed portion and weightages b, c, d,etc., of the adjustable portion shall always be one (01).

Base Date Price

The base date price (or base date index) of any element shall be the price of the element for the month on the day falling 28 days prior to the last day for submission of bids.

Current Date Price

The current date price (or current date index) of any element shall be the price of the element for the month falling on the day 28 days prior to the last day of the period to which the particular Payment Certificate relates.

Sources of Prices

The prices of elements subject to Price Adjustment shall be to the extent possible as given in the Statistical Bulletins published by Federal Bureau of Statistics (FBS), Statistical Division Government of Pakistan. Statutory notifications and official price from public sector organizations, where available, may be used at the option of the Employer. The source for prices of High Speed Diesel (HSD) shall be either Statistical Bulletins or Pakistan State Oil (PSO) or Oil and Gas Regulatory Authority (OGRA). However, for a particular adjustable element, the same source should be used throughout the currency of contract as also stipulated in the tender documents before issuing the tender documents.

The Base Date Prices and Current Date Prices of the specified elements shall be obtained from the sources specified in the contract.

Method for payment of bills

The billed amount of the Works for each calendar month will be obtained from the checked bills submitted by the Contractor. In case the billed amount is for more than one month, the amount of the bill shall be segregated for actual work done in each month.

Coefficient or Weightages

- a) The coefficient for each specified element shall be calculated and given in the bidding/tender documents. The coefficient for each specified adjustable element shall be determined by the user proportionate to its ratio in the total amount of the Engineer's Estimate, in accordance with the prescribed procedure. The sum of

these coefficients shall form the adjustable portion of the Contract, which shall not exceed 0.75.

- b) Coefficients for each adjustable item shall be agreed by both parties and shall be fixed and locked at the time of the signing of the contract and shall remain constant during the currency of the contract.

Price Adjustment for Lump Sum Contract

- a) Formula of Price Adjustment shall be used in determining Price Adjustment for contracts having detailed breakdown of cost. However, when a contract is assigned on lump sum basis without detailed breakdown of quantities and cost, Price Adjustment for the Specified Elements in the contract will be computed as follows:

$$\text{Increase/ Decrease in Cost (Price Adjustment Factor)} = \frac{\text{Current Date Price} - \text{Base Date Price}}{\text{Base Date Price}}$$

- b) If the resulting Price Adjustment Factor is positive (+ve), the price should be added to the contractor's payable amount. If the result is negative (-ve), the price should be subtracted from the payable amount.
- c) The executed quantities of the elements subject to Price Adjustment can be obtained from the actual measurement or from certified invoice of the contractor or any other mode agreed between the parties which shall be stipulated in the contract.

Appendix-C

Formula for Price Adjustment

[Note to Procuring agency/Employer: It is recommended that in the case of very large and/or complex works contracts, it may be necessary to specify several families of price adjustment formulae corresponding to the different works involved. When finalizing the contract document, ensure that the finalized Schedule of Cost Indexation is attached to the Contract Agreement.]

- a) Price Adjustment/ escalation shall not be applicable on Civil, Mechanical and Electrical projects /contracts having contract life less than 365 days from the date of the signing of the contract.
- b) Procuring Agency/Employer is advised not to change any provisions hereof unless otherwise stated by the Authority.
- c) No method, other than given in this formula will be applicable to compute the price adjustment.
- d) This document will be applicable only for Price Adjustment in local currency (Pak. Rs.). Price Adjustment in foreign currency is not allowed.
- e) Price Adjustment formula and corresponding references to be inferred for price adjustment shall be agreed and firmed up before signing of the contract. Procuring agency and contractor shall firm up the weightages and co-efficient for respective items before signing of the contract and there shall be no change permissible in the weightages after signing of the contract.
- f) For imported plant/ equipment and materials quoted in local currency (Pak. Rs.), foreign currency, exchange rates shall be fixed at the respective interbank currency exchange rates, 28 days prior to the tender opening date. The change in foreign currency exchange rate will be applicable to the foreign currency component stated in the Letter of Credit established by the Contractor or his Vendor.
- g) This procedure is to assist the Procuring agency/Employer and bidder for the preparation of provisions for price adjustment in their bidding / contract documents. All the coefficients of the price adjustment formula shall be specified in the bidding document at the time of advertisement.

[The formulae for price adjustment shall be of the following general type:]

$$P_n = A + b \frac{L_n}{L_o} + c \frac{M_n}{M_o} + d \frac{E_n}{E_o} + \dots$$

where,

“P_n” is the Price Adjustment factor for the work carried out in the period “n”.

“A” is a constant or the Non-Adjustable Portion of the Price Adjustment Factor to be specified in Appendix-C to Bid, representing the Non-Adjustable Portion of the Contract Price.

“b, c, d” are Coefficients or weightages of the order of 0.xx (i.e., fractions rounded off to two decimals) for each specified element of adjustment in the Contract. The sum of A, b, c, d, etc., shall be one.

“L_n”, “E_n”, “M_n”, ... are the current cost indices or reference prices for period “n”, expressed in the relevant currency of payment, each of which is applicable to the relevant tabulated cost element on the date 28 days prior to the last day of the period (to which the particular Payment Certificate relates); and

“L₀”, “E₀”, “M₀”, ... are the base cost indices or reference prices, expressed in the relevant currency of payment, each of which is applicable to the relevant tabulated cost element on the Base Date.

1. Construction schedule should be provided by the contractor as required in the Contract. Price Adjustment shall be applicable as payable in full for the original scheduled completion period.
2. In the event the completion of contract exceeds the original scheduled period:
 - 2.1 In case of default on the part of the contractor causing delay in original scheduled completion, the rate of Price Adjustment will be frozen at the original scheduled date of completion; however Price Adjustment will be applicable till actual completion. While computing Price Adjustment beyond the scheduled completion period, in the event the rate is reduced, then that reduced rate will be applied.
3. The Price Adjustment will be payable in full for the extended period if the contractor has been granted an extension of time for no fault on the part of the contractor, duly approved by the Employer.
4. Unless specifically stated otherwise in the contract, the basis for compensation will be only those elements, which are specifically listed as specified items in the tender documents. This list will specify the elements for Civil, Electrical, Mechanical, Sanitary, HVAC, etc., separately.

5. Formula for Price Adjustment provided herein will be applicable for all the contracts such as Civil, Electrical, Mechanical, etc.
6. There shall be no Price Adjustment for the elements which the Employer has either supplied free of cost or at fixed prices as well as for those elements for which an umbrella *ex gratia* or escalation cover is provided by the Government through an Executive Order or Statutory Regulatory Order (SRO).

Weightages of Specified Items

Each of the cost elements, having cost impact of five (05) percent or higher can be selected for adjustment.

In determining the weightages, the following procedure shall be adopted:

- a) Base Date Price alone of an element based on market rate shall be considered excluding cost of construction/ installation, overheads and profit.
- b) Engineer's Estimate shall be prepared for complete project.
- c) Appropriate Rate Analysis of the Engineer's Estimate shall be made to determine costs of the basic elements.
- d) For such cost elements having various types of a particular element, individual cost of such family of the element used in the project to be determined and added to work out the element cost. (Grade-40 and Grade-60 steel shall be treated under same category).
- e) Each cost element determined as above, shall be divided by the total amount of Engineer's Estimate to determine various weightages.

Weightage of Fixed Portion

Weightage of fixed portion (Non-adjustable portion of the estimated cost of the contract), shall be determined as under:

- a) First the weightages of all the cost elements having value of five (5) percent or more to be added up to see whether the total is 75 percent or less. In that case the total is to be subtracted from one (01) to determine the weightage of the fixed portion,
- b) In case total weightage of the cost elements including HSD and labour exceeds 75 percent, the element(s) having lowest weightage(s) other than HSD and labour, shall be excluded in considering the adjustable costs elements.

- c) Fixed portion shall be 25 percent and in case the fixed portion exceeds 25 percent it shall be supported by calculations attached with the bidding documents.
- d) Sum of fixed portion and weightages b, c, d,etc., of the adjustable portion shall always be one (01).

Base Date Price

The base date price (or base date index) of any element shall be the price of the element for the month on the day falling 28 days prior to the last day for submission of bids.

Current Date Price

The current date price (or current date index) of any element shall be the price of the element for the month falling on the day 28 days prior to the last day of the period to which the particular Payment Certificate relates.

Sources of Prices

The prices of elements subject to Price Adjustment shall be to the extent possible as given in the Statistical Bulletins published by Federal Bureau of Statistics (FBS), Statistical Division Government of Pakistan. Statutory notifications and official price from public sector organizations, where available, may be used at the option of the Employer. The source for prices of High Speed Diesel (HSD) shall be either Statistical Bulletins or Pakistan State Oil (PSO) or Oil and Gas Regulatory Authority (OGRA). However, for a particular adjustable element, the same source should be used throughout the currency of contract as also stipulated in the tender documents before issuing the tender documents.

The Base Date Prices and Current Date Prices of the specified elements shall be obtained from the sources specified in the contract.

Method for payment of bills

The billed amount of the Works for each calendar month will be obtained from the checked bills submitted by the Contractor. In case the billed amount is for more than one month, the amount of the bill shall be segregated for actual work done in each month.

Coefficient or Weightages

- a) The coefficient for each specified element shall be calculated and given in the bidding/tender documents. The coefficient for each specified adjustable element shall be determined by the user proportionate to its ratio in the total amount of the Engineer's Estimate, in accordance with the prescribed procedure. The sum of

these coefficients shall form the adjustable portion of the Contract, which shall not exceed 0.75.

- b) Coefficients for each adjustable item shall be agreed by both parties and shall be fixed and locked at the time of the signing of the contract and shall remain constant during the currency of the contract.

Price Adjustment for Lump Sum Contract

- a) Formula of Price Adjustment shall be used in determining Price Adjustment for contracts having detailed breakdown of cost. However, when a contract is assigned on lump sum basis without detailed breakdown of quantities and cost, Price Adjustment for the Specified Elements in the contract will be computed as follows:

$$\text{Increase/ Decrease in Cost (Price Adjustment Factor)} = \frac{\text{Current Date Price} - \text{Base Date Price}}{\text{Base Date Price}}$$

- b) If the resulting Price Adjustment Factor is positive (+ve), the price should be added to the contractor's payable amount. If the result is negative (-ve), the price should be subtracted from the payable amount.
- c) The executed quantities of the elements subject to Price Adjustment can be obtained from the actual measurement or from certified invoice of the contractor or any other mode agreed between the parties which shall be stipulated in the contract.
