INVITATION TO BIDS PROCUREMENT OF GOODS

1. The **Islamabad International Airport (Pakistan Airports Authority (PAA))** has reserved Funds for the procurement planned for FY **2025-26**. The **Islamabad International Airport (Pakistan Airports Authority (PAA))** intends to apply part of the proceeds of this Fund to cover eligible payments under the contract for the "**PROCUREMENT OF OUTDOOR RATED FULL COLOR LED DOT MATRIX DISPLAY P/O FIDS FOR DEPARTURE CONCOURSE AREA IIAP, ISLAMABAD**".
2. The **Islamabad International Airport (Pakistan Airports Authority (PAA))** invites E-bids from eligible Bidders for procurement of goods described in the bidding documents on **EPADS v2.0**.
3. **Single Stage-Two Envelope** will be used by adopting **Least Cost Based Selection (LCBS)** Technique for the subject procurement, in line with the Public Procurement Rules, 2004 and any Regulations, Regulatory Guides, Procurement Guidelines or Instructions issued by the Authority from time to time.
4. All Bids must be accompanied by a Bid Security amounting described in Bid Security Section in Bidding Document in the form of **Pay Order**. Where **Bid Security** is not required by the **Procuring Agency**, Bidders are required to furnish **Bid Security Declaration** as specified in Bidding Document.
5. E-Bidding documents, containing detailed terms & conditions, specifications and requirements etc. are available on **e-Pak Acquisition and Disposal System (EPADS)** at <https://vendors.epads.gov.pk/>.
6. Bidder(s) are required to get themselves registered on **EPADS v2.0** on or before **Monday, May 18, 2026 11:00 AM**. E-bids will be opened using **EPADS v2.0** on the same day at **Monday, May 18, 2026 11:30 AM**. Manual submission of Bids shall not be entertained. Those vendors who have not yet registered on the new version of **EPADS v2.0**, may register themselves on <https://vendors.epads.gov.pk/>. A tutorial to explain the registration process is available at <https://www.youtube.com/watch?v=MNW6T38v7tc>

7. In terms of Rules 48 of Public Procurement Rules, 2004 Grievance Redressal Committee (GRC) is notified for the subject procurement and notification copy is available on the procuring agency's website and on Authority's website at (www.ppra.org.pk).

Instructions to Bidders

A. Introduction

1.Scope of Bids

1.1 The Procuring Agency (PA), as indicated in the **Bids Data Sheet (BDS)** invites Bids **through EPADS v2.0** for the provision of Goods for as specified in the BDS and **in Section V - Evaluation Criteria, Specifications & Schedule of Requirements**. The name, identification, and number of items/deliverables are provided in the **BDS**. The successful Bidders will be expected to provide the goods within the specified period and timeline(s) as stated in the **BDS**.

2. Source of Funds

2.1 Source of funds is referred in Clause-1 of Invitation for Bids.

3. Eligible Bidders

3.1 A Bidder may be natural person, company or firm or public or semi-public agency of Pakistan or any foreign country, or any combination of them with a formal existing agreement (on Judicial Papers) in the form of a joint venture, consortium, or association. In the case of a joint venture, consortium, or association, all members shall be jointly and severally liable for the execution of the Contract in accordance with the terms and conditions of the Contract. The joint venture, consortium, or association shall nominate a Lead Member as nominated in the BDS, who shall have the authority to conduct all business for and on behalf of any and all the members of the joint venture, consortium, or association during the Bidding process, and in case of award of contract, during the execution of the contract.

3.2 Verifiable copy of the agreement that forms a joint venture, consortium or association shall be required to be submitted as part of the Bid.

3.3 The appointment of Lead Member in the joint venture, consortium, or association shall be confirmed by submission of a valid Power of Attorney to the Procuring Agency.

3.4 Any bid submitted by the joint venture, consortium or association shall indicate the part of proposed contract to be performed by each party and each party shall be evaluated (or post qualified if required) with respect to its contribution only, and the responsibilities of each party shall not be substantially altered without prior written approval of the Procuring Agency and in line with

any instructions issued by the Authority.

(The limit on the number of members of JV or Consortium or Association may be prescribed in BDS, in accordance with the guidelines issued by the PPRA).

3.5 The invitation for Bids is open to all prospective suppliers, manufacturers, or authorized agents / dealers subject to any provisions of incorporation or licensing by the respective national incorporating agency or statutory body established for that particular trade or business. Procuring agencies shall specify the registration/licensing requirements for the foreign bidders keeping in view the requirement of that business.

3.6 A Bidder shall not have a conflict of interest. All Bidders found to have a conflict of interest shall be disqualified. A Bidder may be considered to have a conflict of interest with one or more parties in this Bidding process, if they:

1. are associated or have been associated in the past, directly or indirectly with a firm or any of its affiliates which have been engaged by the Procuring Agency to provide consulting services for the preparation of the design, specifications and other documents to be used for the procurement of the Goods to be purchased under this Invitation for Bids.
2. have controlling shareholders in common; or
3. receive or have received any direct or indirect subsidy from any of them; or
4. have the same legal representative for purposes of this Bid; or
5. have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the Bids of another Bidder, or influence the decisions of the Procuring Agency regarding this Bidding process; or
6. Submit more than one Bid in this Bidding process.

3.7 A Bidder may be ineligible if –

1. he is declared bankrupt or, in the case of company or firm, insolvent;
2. payments in favor of the Bidder is suspended in accordance with the judgment of a court of law other than a judgment declaring bankruptcy and resulting (in accordance with the national laws) in the total or partial loss of the right to administer and dispose of its property;

3. the Bidder is convicted, by a final judgment, of any offence involving professional conduct;

4. the Bidder is blacklisted locally or by international organizations and hence debarred due to involvement in corrupt and fraudulent practices, or performance failure or due to breach of Bid securing declaration.

3.8 As and when required, bidders shall provide to the Procuring Agency evidence of their eligibility, proof of compliance with the necessary legal requirements to carry out the contract effectively.

3.9 Bidders shall submit Bids relating to the nature, conditions and modalities of sub-contracting wherever the sub-contracting of any elements of the contract amounting to more than ten (10) percent of the Bid price is envisaged.

4. Eligible Goods and Related Services

4.1 All goods and related services to be supplied under the contract shall have their origin in eligible source countries, and all expenditures made under the contract will be limited to such goods and services. For purpose of this Bid, ineligible countries are the countries declared ineligible by the Federal Government.

5. One Bid per Bidder

5.1 A bidder shall submit only one Bid, in the same bidding process, either individually as a Bidder or as a member in a joint venture or any similar arrangement.

5.2 The Bidder shall not engage a subcontractor for any portion of the contract if the value of such subcontracting exceeds thirty percent (30%) of the total contract amount.

6. Cost of Bidding

6.1 Any cost incurred by the bidder relating to the preparation and submission of its Bid shall be borne by the bidder, and the Procuring Agency shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. Bidding Documents

7. Contents of Bidding Document

7.1 The Goods required, Bidding procedures, and terms and conditions of the contract are prescribed in the Bidding Documents. In addition to the Invitation for Bids, the Bidding documents which should be read in conjunction with any addenda issued in accordance with **ITB 9.1** include:

Section I -Invitation to Bids

Section II Instructions to Bidders (ITB)

Section III Bid Data Sheet (BDS)

Section IV Evaluation Criteria, Specifications, Schedule of Requirements

Section V Bid Forms

Section VI General Conditions of Contract (GCC)

Section VII Special Conditions of Contract (SCC)

Section VIII Contract Forms

7.2 The Bidder is expected to examine all instructions, forms, terms and specifications in the Bidding documents. Failure to furnish all the information required in the Bidding documents through **EPADS v2.0** will be at the Bidder's risk and may result in the rejection of his Bids.

8. Clarification of Bidding documents

8.1 A prospective Bidder requiring any clarification of the Bidding documents may notify the Procuring Agency through **EPADS v2.0**.

8.2 The Procuring Agency will within three (3) working days after receiving the request for clarification, respond to any request for clarification through **EPADS v2.0** provided that such request is received not later than three (03) days prior to the deadline for the submission of Bids as prescribed in **ITB 22**

8.3 Copies of the Procuring Agency's response will be forwarded to all identified Prospective Bidders through **EPADS v2.0**, including a description of the inquiry, but without identifying its source.

8.4 Should the Procuring Agency deem it necessary to amend the Bidding document as a result of a clarification, it shall do so following the procedure under **ITB 9**.

8.5 If indicated **in the BDS**, the Bidder's designated representative is invited at the Bidder's cost to attend a pre-Bid meeting at the place, date and time mentioned **in the BDS**. During this pre-Bid meeting, prospective Bidders may request clarification of the schedule of requirement, the Evaluation Criteria or any other aspects of the Bidding document.

8.6 Minutes of the pre-Bid meeting, if applicable, including the text of the questions asked by Bidders, including those during the meeting (without identifying the source) and the responses given, together with any responses prepared after the meeting will be uploaded on **EPADS v2.0**. Any modification to the Bidding documents that may become necessary as a result of the pre-Bid meeting shall be made by the Procuring Agency exclusively through the use of an Addendum pursuant to **ITB 9**. Non-attendance at the pre-Bid meeting will not be a cause for disqualification of a Bidder.

9. Amendment of Bidding documents

9.1 Before the deadline for submission of Bids, the Procuring Agency for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder or Pre-Bid meeting may modify the Bidding documents by issuing addenda through **EPADS v2.0**.

9.2 The Procuring Agency shall promptly publish the addendum through **EPADS v2.0**.

9.3 Any addendum issued including the notice of any extension of the deadline shall also be communicated through EPADS v2.0 to all the bidders who have already submitted their bids. Such bidders shall have the right to withdraw their already submitted bid and re-submit the revised bid prior to the original or extended bid submission deadline.

9.4 To give prospective Bidders reasonable time in which to take an addendum/corrigendum into account in preparing their Bids, the Procuring Agency may, at its discretion, extend the deadline for the submission of Bids through **EPADS v2.0**:

Provided that the Procuring Agency shall extend the deadline for submission of Bids, if such an addendum is issued within last three (03) days of the Bids submission deadline.

C. Preparation of Bids

10. Language of Bid

10.1 The Bid prepared by the bidder, as well as all correspondence and documents relating to the Bids exchanged by the Bidder and the Procuring Agency shall be written in the English language unless otherwise specified in the BDS. Supporting documents and printed literature furnished by the Bidder may be in another language provided they are accompanied by an accurate translation of the relevant pages in the English language unless otherwise specified in the **BDS**, in which case, for purposes of interpretation of the Bidder, the translation shall govern.

11. Documents and samples Constituting the Bid

11.1 The Bid prepared by the Bidder shall constitute the documents required in the **BDS**.

Details of sample(s) where applicable and requested in the BDS.

1. Documentary evidence established in accordance with ITB that the Bidder is eligible and/or qualified for the subject bidding process;
2. Documentary evidence establish that the Bidder has been authorized by the manufacturer to deliver the goods into Pakistan, where required and where the supplier is not the manufacturer of those goods;
3. Documentary evidence establish that the goods and related services to be supplied by the Bidder are eligible goods and services, and conform to the Bidding Documents;
4. Bid security or Bid Securing Declaration furnished in accordance with **ITB 18**.

12. Documents Establishing Eligibility of the Goods and Conformity to Bidding documents

12.1 To establish the conformity of the bidder to the Bidding document, the Bidder shall furnish as part of its Bids the documentary evidence that Goods provided conform to the technical specifications and standards.

13. Documents Establishing Eligibility and Qualification of the Bidder

13.1 The Bidder shall furnish, as part of its Bid, all those documents establishing the Bidder's eligibility to participate in the Bidding process and/or its qualification to perform the contract if its Bid is accepted.

14. Form of Bids

14.1 The Bidder shall fill the Form of Bid furnished in the Bidding documents. The Bids Form must be completed without any alterations to its format and no substitute shall be accepted.

15. Bids Prices

15.1 The Bids Prices quoted by the Bidder in the Form of Bid and in the Price Schedules shall conform to the requirements specified below or exclusively mentioned hereafter in the Bidding documents.

15.2 All items in the Schedule of Requirement must be listed and priced separately in the Price Schedule(s). If a Price Schedule shows items listed but not priced and neither explicitly denied, their prices shall be construed to be included in the prices of other items.

15.3 Items not listed in the Price Schedule shall be assumed not to be included in the Bid, and provided that the Bid is still substantially responsive in their absence or due to their nominal nature, the corresponding average price of the respective item(s) of the remaining substantially responsive Bidder(s) shall be construed to be the price of those missing item(s)

15.4 The Bid price to be quoted in the Form of Bid in accordance with **ITB 14.1** shall be the total price of the Bid.

15.5 The Bidder shall indicate on the appropriate Price Schedule, the unit prices (where applicable) and total Bid price of the Goods it proposes to provide under the contract.

15.6 Prices quoted by the Bidder shall be fixed during the Bidder's performance of the contract and not subject to variation on any account. A Bid submitted with an adjustable price will be treated as non-responsive and shall be rejected.

16. Bids Currencies

16.1 Prices shall be quoted in Pakistani Rupees unless otherwise specified in the BDS in accordance with Rule 30(2) of the Public Procurement Rules, 2004.

17. Bids Validity Period

17.1 Bids shall remain valid for the period specified in the **BDS** after the Bid submission deadline prescribed by the Procuring Agency. A Bid valid for a shorter period shall be rejected by the Procuring Agency as non-responsive. The period of Bid validity will be determined from the complementary Bid securing instrument, i.e. the expiry period of Bid Security or Bids Securing Declaration as the case may be.

17.2 The procuring agency shall ordinarily be under an obligation to process and evaluate the bid and to issue letter of award within the stipulated bid validity period.

17.3 Under exceptional circumstances, prior to the expiration of the initial Bid validity period, the Procuring Agency may request the Bidders' consent to an extension of the period of validity of their Bids only once through **EPADS v2.0**, for the period not more than the period of initial bid validity. The Bid Security provided under **ITB 18** shall also be suitably extended. A Bidder may refuse the request without forfeiting its Bid security or causing to be executed its Bid Securing Declaration. A Bidder agreeing to the request will not be required nor permitted to modify its Bid, but will be required to extend the validity of its Bid Security or Bid Securing Declaration for the period of the extension.

18. Bid Security or Bid Securing Declaration

18.1 The Bidder shall furnish as part of its Bid, a Bid Security in accordance with Rule 25 of the Public Procurement Rules, 2004.

18.2 The original Bid Security shall be enclosed within the sealed envelope and to be submitted physically before closing time for submission of bids. Whereas, scanned copy of bid security shall be uploaded electronically through EPADS v2.0 before closing hours for submission of bids.

18.3 The Bidder who failed to submit the original Bids security before the submission deadline shall be disqualified straightaway.

18.4 The Bid Security or Bid Securing Declaration is required to protect the Procuring Agency against the risk of Bidder's conduct which would warrant the security's forfeiture, pursuant to **ITB 18.7**.

18.5 The Bid Security shall be denominated in the local currency, and it shall be a Bank Draft in the name of the Procuring Agency and valid for twenty-eight (28) days beyond the end of the validity of the Bid. This shall also apply if the period

for Bids/Bid Validity is extended. In either case, the form must include the complete name of the Bidder.

18.6 The Bid Security shall be payable promptly upon written demand by the Procuring Agency in case any of the conditions listed in **ITB 18** are invoked.

18.7 Unsuccessful Bidders' Bid Security will be discharged or returned as promptly as possible, however in no case later than thirty (30) days after the expiration of the period of Bids Validity prescribed by the Procuring Agency pursuant to **ITB 17**. The Procuring Agency shall make no claim to the amount of the Bid Security, and shall promptly return the Bid Security document, after whichever of the following that occurs earliest:

1. the expiry of the Bid Security;
2. the entry into force of a procurement contract and the provision of a Performance Guarantee, for the performance of the contract if such a guarantee, is required by the Bid documents;
3. the rejection by the Procuring Agency of all Bids;
4. the withdrawal of the Bids prior to the deadline for the submission of Bids, unless the Bids documents stipulate that no such withdrawal is permitted.

18.8 The successful Bidder's Bids Security will be discharged upon the Bidder signing the contract, or furnishing the Performance Guarantee.

18.9 The Bid Security may be forfeited or the Bid Securing Declaration executed:

1. if a Bidder:
 2. withdraws its Bid during the period of Bid Validity as specified by the Procuring Agency, and referred by the Bidder on the Form of Bids except as provided for in **ITB 17.2**; or
 3. does not accept the correction of errors; or
 4. in the case of a successful Bidder, if the Bidder fails:
 5. to sign the contract; or
 6. to furnish Performance Guarantee.

19. Withdrawal, Substitution, and Modification of Bid

19.1 Before Bid submission deadline, any Bidder may withdraw, substitute, or modify its Bid after it has been submitted through EPADS v2.0. Bids requested to be withdrawn, shall be returned unopened to the Bidders through **EPADS v2.0**.

20. Format and Signing of Bid

20.1 The Bidder shall prepare and submit Bids with due diligence after carefully reading all the terms and condition **before bid submission deadline** through EPADS v2.0.

D. Submission of Bids

21.Submission of Bids through EPADS v2.0

21.1 The Technical and Financial Bids if required to submitted, shall be submitted on **EPADS v2.0**.

22. Deadline for Submission of Bids

22.1 Bids shall be received by the Procuring Agency through **EPADS v2.0** before bid submission deadline.

22.2 The Procuring Agency may, under exceptional circumstances, extend the deadline for the submission of Bids, after recording reasons in writing and in an equal opportunity manner.

In such case, all rights and obligations of the Procuring Agency and the Bidders that were previously governed by the original deadline shall thereafter be subject to the revised deadline.

E. Opening and Evaluation of Bids

23. Opening of Bids

23.1 The Bid Evaluation Committee of the Procuring Agency shall open all Bids through the EPADS v2.0, on the date and time specified in the Bid Data Sheet (BDS).

23.2 The Bid Evaluation Committee **shall generate minutes through EPADS v2.0 containing brief details of bid opening process.** The record of the Bid opening shall include, as a minimum: the name of the Bidder, the Bid price if applicable, and the presence or absence of a Bid Security or Bid Securing Declaration.

23.3 The procuring agency shall live broadcast the opening of bids on national media or on their website or digital channels, if the volume of procurement exceeds five hundred million rupees in case of goods and services and one thousand million rupees in case of works.

23.4 In case the date of opening of bid has been declared as public holiday or the procuring agency fail to open bid due to any EPADS v2.0 related issues, the submission and opening of bids shall be shifted to the next working day on the same time.

23.5 In case of Single Stage One Envelope Procedure, the Bidders names, the Bid prices, the total amount of each Bid and, the presence or absence of Bid Security, Bid Securing Declaration and such other details as the Procuring Agency may consider appropriate, will be announced by the Bid Evaluation Committee.

24. Clarification of Bids

24.1 To assist in the examination, evaluation and comparison of Bids of the Bidders, the Procuring Agency may, ask any Bidder for a clarification of its Bid including breakdown of prices.

24.2 The request for clarification and the response shall be sought through EPADS v2.0 **before three days prior to the deadline for submission of bids.** No change in the prices or substance of the Bids shall be sought, offered, or permitted.

24.3 The alteration or modification in the BIDS which in any way affect the following parameters will be considered as a change in the substance of a Bids:

1. evaluation & qualification criteria;
2. required scope of work or specifications;
3. all securities requirements;
4. tax requirements;

5. terms and conditions of Bidding documents.

6. change in the ranking of the Bidder

24.4 From the time of Bids opening to the time of Contract award if any Bidder wishes to contact the Procuring Agency on any matter related to the Bids it should do so through **EPADS v2.0**.

25. Preliminary Examination of Bids

25.1 Prior to the detailed evaluation of Bids, the Procuring Agency will determine whether each Bid:

1. meets the eligibility criteria defined in **ITB 3**;
2. has been prepared as per the format and contents defined by the Procuring Agency in the Bidding documents;
3. is accompanied by the required securities; and
4. is substantially responsive to the requirements of the Bidding documents.

25.2 The Procuring Agency's determination of a Bid's responsiveness will be based on the contents of the Bid itself.

25.3A substantially responsive Bid is one which conforms to all the terms, conditions, and specifications of the Bidding documents, without material deviation or reservation. A material deviation or reservation is one that: -

1. affects in any substantial way the scope, quality, or performance of the Goods;
2. limits in any substantial way, inconsistent with the Bidding documents, the Procuring Agency's rights or the Bidders obligations under the Contract; or
3. if rectified, would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.

25.3 If a Bids is not substantially responsive, it will be rejected by the Procuring Agency and may not subsequently be evaluated for complete technical responsiveness.

26. Examination of Terms and Conditions; Technical Evaluation

26.1 The Procuring Agency shall examine the Bids to confirm that all terms and conditions specified in the **GCC** and the **SCC** have been accepted by the Bidder without any material deviation or reservation.

26.2 The Procuring Agency shall evaluate the technical aspects of the Bids submitted, to confirm that all requirements specified in Schedule of Requirements and Technical Specifications of the Bidding documents have been met without material deviation or reservation.

26.3 If after the examination of the terms and conditions and the technical evaluation, the Procuring Agency determines that the Bid is not substantially responsive in accordance with **ITB 25.2**, it shall reject the Bid.

27. Correction of Errors

27.1 Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows: -

1. if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the Procuring Agency there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;
2. if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail and the total shall be corrected; and
3. where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.
4. Where there is discrepancy between grand total of price schedule and amount mentioned on the Form of Bids, the amount referred in Price Schedule shall be treated as correct subject to elimination of other errors.

27.2 The amount stated in the Bid will, be adjusted by the Procuring Agency in accordance with the above procedure for the correction of errors and, with the concurrence of the Bidder, shall be considered as binding upon the Bidder. If the Bidder does not accept the corrected amount, its Bid will then be rejected, and the Bid Security may be forfeited or the Bids Securing Declaration may be executed.

28. Conversion to Single Currency

28.1 To facilitate evaluation and comparison, the Procuring Agency will convert all Bids prices expressed in the amounts in various currencies in which the Bids prices are payable. For the purposes of comparison of bids quoted in different currencies, the price shall be converted into a single currency specified in the bidding documents. The rate of exchange shall be the selling rate prevailing on the date of opening of financial bids specified in the bidding documents, in accordance with weighted average customer exchange rates list issued by the State Bank of Pakistan on that day.

29. Evaluation of Bids

29.1 The Bids, quotations, or proposals shall be evaluated by the respective evaluation committees as per evaluation criteria described in the Bidding Documents in accordance with Rule 29 and 30 of the Public Procurement Rules, 2004.

1. Least Cost Based Selection (LCBS)

After meeting the requirements of eligibility, qualification and substantial responsiveness, the bid in compliance with all the mandatory (technical) specifications/requirements and/or requisite quality threshold (if any), and having lowest evaluated cost (or financial proposal) shall be considered Successful Bid.

2. Quality and Cost Based Selection (QCBS)

In such combination, there shall be some specific weightage of both the technical features and financial aspects of the proposal. The financial marks shall be awarded on the basis of inverse proportion calculations. The successful bid shall be declared, on the basis of combined evaluation.

3. Quality Based Selection (QBS)

After meeting the requirements of eligibility, qualification and substantial responsiveness the bid in compliance with all the mandatory (technical) specifications/requirements and attaining highest marks in the Technical Evaluation considering all other qualitative and/or quantitative parameters (or point rated criteria) for technical proposal(s) such as working methodology, implementation plan, resource allocation, additional functionalities, risk management approach, knowledge transfer techniques, post implementation methodology etc. shall be treated as highest ranked bid. Later on, the financial proposal of highest ranked bidder shall be opened, however, in case of failure to proceed further with such a bidder, the procuring agency may resort to second

highest bidder and so on.

29.2 In case of tie of bids, the bidders shall be provided an opportunity to offer their best and final monetary offer through EPADS v2.0. However, in no case the rates shall be higher than the original financial bids.

30. Domestic Preference

30.1 The procuring agency shall evaluate and compare bids, allow for preference to domestic bidders, while competing with the international bidders in accordance with the policies of Federal Government.

The percentage of preference, to be accorded shall be clearly mentioned in the bidding documents under the bid evaluation criteria.

31. Determination of Successful Bid

31.1 Selection technique will be adopted for determining the Successful Bid in accordance with the criteria referred in the BDS or prescribed in the separate section titled as Evaluation Criteria.

31.2 In case where the Procuring Agency adopts the Cost Based Evaluation Technique and, the Bid with the lowest evaluated price from amongst those which are eligible, compliant and substantially responsive shall be the Successful Bid.

31.3 The Procuring Agency may adopt the Quality & Cost Based Selection Technique due to the following two reasons:

1. Where the Procuring Agency knows about the main features, usage and output of the products; however not clear about the complete features, technical specifications and functionalities of the goods to be procured and requires the bidders to submit their proposals defining those features, specifications and functionalities; or
2. Where the Procuring Agency, in addition to the mandatory requirements and mandatory technical specifications, requires parameters specified in EvaluationCriteria to be evaluated while determining the quality of the goods.

31.4 In such cases, the Procuring Agency may allocate certain weightage to these factors as a part of Evaluation Criteria, and may determine the ranking of the bidders on the basis of combined evaluation in accordance with provisions of Rule 2(1)(h) of the Public Procurement Rules, 2004.

32. Abnormally Low Financial Bids

32.1 Where the Bid price is considered to be abnormally low, the Procuring Agency shall perform price analysis either during determination of Successful Bids or as a part of the post-qualification process.

32.2 The Procuring Agency may reject an Abnormally low financial bids.

32.3 In order to identify the Abnormally Low Bids (ALB) following approaches can be considered to minimize the scope of subjectivity:

1. Comparing the Bids price with the cost estimate;
2. Comparing the Bids price with the Bids offered by other Bidders submitting substantially responsive Bids; and
3. Comparing the Bids price with prices paid in similar contracts in the recent past either government- or development partner-funded.

32.4 The Procuring Agency will determine to its satisfaction whether the Bidder that is selected as having submitted the successful bid is qualified to perform the contract satisfactorily.

32.5 The determination will take into account the Bidder's financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, as well as such other information as the Procuring Agency deems necessary and appropriate. Factors not included in these Bidding documents shall not be used in the evaluation of the Bidders' qualifications.

32.6 Procuring Agency may seek "Certificate for Independent Price Determination" from the Bidder and the results of reference checks may be used in determining an award of contract.

Explanation: The Certificate shall be furnished by the Bidder. The Bidder shall certify that the price is determined keeping in view of all the essential aspects such as raw material, its processing, value addition, optimization of resources due to economy of scale, transportation, insurance and margin of profit etc.

32.7 An affirmative determination will be a prerequisite for award of the contract to the Bidder. A negative determination will result in rejection of the Bidder's Bids, in which event the Procuring Agency will proceed to the next ranked Bidder to make a similar determination of that Bidder's capabilities to perform

satisfactorily.

F. Award of Contract

33. Criteria of Award

33.1 The Procuring Agency will award the Contract to the Bidder whose Bids has been determined to be substantially responsive to the Bidding documents and who has been declared as Most Advantageous Bidder.

34. Negotiations

34.1 The procuring agency shall not engage in negotiations with respect to scope and price with the bidder except when the procuring agency conducts a procurement using direct **or negotiated** contracting or a request for proposals with evaluation based on quality alone.

34.2 The procuring agency may negotiate with the most advantageous bid with a view to streamline the work or task execution, at the time of contract finalization on methodology, work plan, staffing, finalizing payment arrangements, delivery arrangements, minor amendments to the special conditions of the contract.

35. Procuring Agency Right to reject all bids

35.1 The Procuring Agency reserves the right to reject all bids or proposals at any time prior to the issuance of the Letter of Award, without incurring any liability, in accordance with Rule 33 of the Public Procurement Rules, 2004.

36. Procuring Agency's Right to Vary Quantities at the Time of Award

36.1 The Procuring Agency reserves the right at the time of contract award to increase or decrease the **quantity of** Goods originally specified in these Bidding documents provided this does not exceed **by** 15%, without any change in unit price or other terms and conditions of the Bids and Bidding documents.

37. Notification of Award

37.1 Prior to the award of contract, the procuring agency shall announce and publish the result of bid evaluation on **EPADS v2.0** in accordance with Rule 35

of the Public Procurement Rules, 2004.

37.2 The Bidder whose Bids has been accepted will be notified of the award by the Procuring Agency prior to expiration of the Bids/Bid Validity period. The Letter of Award will state the sum that the Procuring Agency will pay the successful Bidder in consideration for the delivery of Goods as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price).

37.3 The Letter of award will constitute the formation of the Contract, subject to the Bidder furnishing the Performance Guarantee and signing of the contract.

38. Signing of Contract

38.1 Promptly after issuance of Letter of award, Procuring Agency shall send the successful Bidder the draft Contract, incorporating all terms and conditions as agreed by the parties to the contract.

38.2 Immediately after the Redressal of grievance by the GRC (if any), mandatory standstill period in accordance with Rule 35 of the Public Procurement Rules, 2004 and **after fulfillment of all condition's precedent** of the Contract Form, the successful Bidder and the Procuring Agency shall sign the Contract.

39. Corrupt & Fraudulent Practices

39.1 Procuring Agencies (including beneficiaries of Government funded projects and procurement) as well as Bidders/Contractors under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts, and will avoid to engage in any corrupt and fraudulent practices.

F. Grievance Redressal & Complaint Review Mechanism

40. Constitution of Grievance Redressal

40.1 The Grievance Redressal Committee shall address the grievance, if any submitted by any party, including the bidder, in accordance with Rule 48 of the Public Procurement Rules, 2004 to be read with Redressal of Grievances Regulations, 2021.

40.2 In case if any party or the bidder is not satisfied with the decision of the GRC or if it fails to decide within ten days, the bidder or the party may file an appeal before the Appellate Committee of the Authority in accordance with Rule 48 of the Public Procurement Rules, 2004 to be read with Redressal of Grievances Regulations, 2021.

G. Mechanism of Blacklisting

41. Mechanism of Blacklisting

41.1 The Procuring Agency shall initiate blacklisting proceedings against any bidder, supplier, or contractor in accordance with the Mechanism for Blacklisting Regulations, 2024, read with Rule 19 of the Public Procurement Rules, 2004.

41.2 The blacklisted/debarred bidder may file the review petition before the Authority in accordance with Rule 19 of the Public Procurement Rules, 2004 to be read with Procedure of filing and disposal of Review Petitions Regulations, 2021.

Bid Data Sheet

Bids Data Sheet (BDS)

The following specific data for the procurement of Goods to be procured shall complement, supplement, or amend the provisions in the Instructions to Bidders (ITB). Whenever there is a conflict, the provisions herein shall prevail over those in ITB.

BDS Clause Number	ITB Number	Amendments of, and Supplements to, Clauses in the Instruction to Bidders
A. Introduction		
1	1.1	<p>Name of Procuring Agency: Islamabad International Airport (Pakistan Airports Authority (PAA))</p> <p>The subject of procurement is: PROCUREMENT OF OUTDOOR RATED FULL COLOR LED DOT MATRIX DISPLAY P/O FIDS FOR DEPARTURE CONCOURSE AREA IIAP, ISLAMABAD</p> <p>Expected commencement date: Tuesday, June 30, 2026</p>
2.	2.1	<p>Financial year for the operations of the Procuring Agency: 2025-26</p> <p>Name and identification number of the Contract: P23339</p>
3.	3.1	<p>JV/Consortium or Association Allowed: No</p> <p>Number of JV/Consortium Members: Nil</p> <p><i>see section of eligibility criteria.</i></p>
B. Bidding Documents		

4.	8.1	The Bidders may seek clarifications through EPADS v2.0 : Clarification Date: Friday, May 8, 2026
----	-----	---

C. Preparation of Bids

5.	10.1	<p>The Language of all correspondences and documents related to the Bids shall be in: English</p> <p>List of documents required along with the bid: No</p>
6.	11.1	<p>Items/Lots and threere relateddocuments: <i>See section items and Lots</i></p>
7.	12.1	<p>Items / Lots Specifications: <i>see section of items specifications.</i></p>
8.	15.6	The price shall be Fixed .
9.	16.1	Currency of the Bids shall be : PKR
10.	17.1	The Bids/Bid Validity period shall be: 180 Days
11.	18.1	<p>The amount of Bid Security shall be as defined in Bid Security Section for items and lots given in BDS 6</p> <p>The Bid Security shall be in the form of: Pay Order</p>

D. Submission of Bids

12.	20.1	<p>Bid shall be submitted online on EPADS v2.0 whereas hard copy of the bid security should be submitted to the following;</p> <p>Islamabad International Airport - Pakistan Airports Authority, Islamabad Capital Territory before bid submission deadline.</p> <p>Bids that are not submitted on EPADS v2.0 shall be disqualified.</p> <p>The deadline for Bids submission is: Monday, May 18, 2026 11:00 AM</p>
------------	-------------	--

E. Opening and Evaluation of Bids

13.	23.1	<p>The Bids opening shall take place on EPADS v2.0.</p> <p>Day : Monday</p> <p>Date: Monday, May 18, 2026</p> <p>Time : 11:30 AM</p>
14.	31.1	<p>Selection technique adopted will be: Least Cost Based Selection (LCBS) <i>see Evaluation Criteria</i></p>

F. Review of Procurement Decisions

15.	41.1	<p>Grievence against this procurement shall be submitted online on EPADS v2.0.</p> <p>Arbitrator shall be appointed by mutual consent of the both parties.</p>

Lot Title : SMD DISPLAY BOARDS

Bid Security : 200000

Item	UNSPSC	Delivery Schedule	Quantity	Warranty
Outdoor Rated Full Color SMD LED Display Boards	Quantum dot QLED display	Address: Islamabad International Airport - Pakistan Airports Authority, Islamabad Capital Territory Schedule: 180 Days Quantity: 2	2	01 Years
Installation, Testing, Commissioning, Integration & Training	Light emitting diode LED fixture	Address: Islamabad International Airport - Pakistan Airports Authority, Islamabad Capital Territory Schedule: 180 Days Quantity: 1	1	01 Years

Related Services of Goods:

No

Items/Lot Specification

Lot Title : SMD DISPLAY BOARDS

Item: Outdoor Rated Full Color SMD LED Display Boards

UNSPSC: Quantum dot QLED display

Specifications / Requirements:

Display Technology Full Color SMD Display using SMD (Surface Mount Device) technology or equivalent. Display Size (H × W) Minimum 864 mm (Height) × 3840 mm (Width) Pixel Pitch P4 optimized for legibility at level 3 PTB IIAP Departure concourse area. LED Type SMD 3-in-1 (RGB integrated in single LED package) for full color display capability. Number of Display Lines Minimum 30 lines total, divided into three (3) horizontal/vertical sections (10 lines per section) displayed concurrently. Each section must operate as a separate physical display unit with independent backend connectivity to the MAXCS server. IP Rating Minimum IP65 or equivalent - outdoor-rated, dust-tight, and protected against water jets from any direction. The enclosure shall be weather-resistant and capable of withstanding environmental conditions (up to 60 deg. C during top summer) Brightness Minimum 5000 nits adjustable to higher or lower nits. The display must be clearly legible in direct sunlight and varying ambient light conditions. Automatic brightness adjustment with ambient light sensor(s) is preferred. Viewing Angle Horizontal $\geq 160^\circ$, Vertical $\geq 110^\circ$ (Full viewing angle from which the display content remains clearly visible). LED Lifespan Minimum 100,000 hours (rated operational life of LED modules under normal operating conditions). Refresh Frequency ≥ 1920 Hz to eliminate flickering and ensure stable, flicker-free display even when captured by cameras or viewed in peripheral vision. Operating Voltage 230 VAC $\pm 10\%$, 50 Hz (standard Pakistan electrical supply). Display shall include built-in power management and surge protection. Operating Temperature (Ambient) -10°C to $+60^\circ\text{C}$. Display shall maintain stable operation, brightness, and color accuracy throughout this temperature range without image retention or condensation. Operating Humidity 10% to 95% relative humidity (non-condensing). Power Consumption The bidder shall specify maximum power consumption (in Watts) for each display unit at full brightness and typical operational power consumption. Power-efficient designs are preferred. LED Controller & Receiving cards The proposed LED displays shall be equipped with high-performance LED media controllers/players (qty. 03 each) comprising: ARM or x86-based processor capable of real-time video processing and the rendering of full-color content at the specified resolution and refresh rate. To ensure seamless operation and efficient content buffering, the hardware must include a minimum of 1 GB RAM and 16 GB of internal SSD or eMMC storage for firmware, content caching, and system logs. For network integration, the system shall provide at least one Gigabit Ethernet (10/100/1000 Mbps) RJ-45 port to facilitate primary network-based content delivery via the FIDS network and allow

for comprehensive remote management. While Ethernet is the primary delivery method, the controller must also support HDMI, DisplayPort, or equivalent physical video input interfaces to facilitate local configuration and diagnostic testing. All internal electronic components must be rated for a standard outdoor operating temperature range of -10°C to 60°C to ensure continuous reliability in the specified environment. Control Software Proprietary or third-party control software shall be provided for content management, scheduling, remote monitoring, and configuration of display parameters. Software shall be compatible with Windows 10/11 and integrated with the CONRAC FIDS system.

Item: Installation, Testing, Commissioning, Integration & Training

UNSPSC: Light emitting diode LED fixture

Specifications / Requirements:

5.2.	PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM
5.2.1.	STRUCTURAL FRAMEWORK AND MOUNTING INFRASTRUCTURE
5.2.1.1	The bidder shall design, manufacture, supply, and install the complete structural framework required to securely mount the SMD Display Boards. This infrastructure includes, but is not limited to:
5.2.1.2	(a) Back brackets, support structures, and mounting frames fabricated from high-grade steel or aluminum.
	(b) Fixing with the existing roof metallic frame as determined by site survey and structural assessment.
	(c) All structural components shall be designed to withstand static and dynamic loads including display weight, wind loads, seismic forces, and vibrations as per applicable building codes and safety standards.
	(d) The mounting infrastructure shall be aesthetically designed to blend with the airport environment and shall be made of stainless steel or galvanized material to prevent rust and corrosion. Color shall match existing décor or as specified by PAA.

(e) All fasteners, anchors, bolts, and accessories shall be made of stainless steel or galvanized material to prevent rust and corrosion.

(f) The bidder shall submit detailed engineering drawings, structural calculations, load-bearing capacity analysis, and installation methodology for PAA approval prior to commencement of installation work.

5.2.**PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM**

environments.

5.2.2 NETWORK & POWER INFRASTRUCTURE

5.2.2.1 The bidder shall provide complete network infrastructure and cabling solution to connect the LED Display Boards with the existing FIDS network. The scope includes:

5.2.2.2 DATA CABLING:

5.2.	PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM
	<p>(a) High-grade UTP/STP network cable, not less than CAT6/6A, bare solid copper, 23 AWG, ISO/IEC 11801 or TIA/EIA-568 compliant.</p> <p>(b) All data cables shall be properly terminated with IO connectors (for copper) or LC/SC connectors (for fiber) using professional crimping and termination practices.</p> <p>(c) Cable shall be tested using Fluke or equivalent cable tester to ensure proper connectivity, continuity, and performance parameters (bandwidth, attenuation, return loss).</p>
5.2.2.3	POWER CABLING:
	<p>(a) Electrical cable/wire not less than 3 × 1C-6mm² Cu/PVC, IEC/NEC compliant, suitable for 230 VAC supply.</p> <p>(b) Power cables shall be adequately rated for the load requirements of LED displays and controllers with appropriate safety margin.</p> <p>(c) All power cabling shall comply with local electrical codes and international standards (IEC 60364, NEC, or equivalent) for termination including industrial sockets and protection devices.</p>
5.2.2.4	CABLE MANAGEMENT AND INSTALLATION:
	<p>(a) All cabling (power and data) shall be fully concealed and routed using appropriate painted GI pipe 1-inch conduit systems from reputed brands.</p> <p>(b) For wiring above false ceilings, painted GI compatible accessories (bends, junction boxes, T-sockets) shall be used.</p> <p>(c) For indoor areas and wiring below false ceilings, GI channel/ducting, and compatible accessories shall be deployed considering building aesthetics.</p> <p>(d) No exposed cabling will be accepted under any circumstances. All cable routes, conduit paths, and installation methodologies shall be subject to PAA approval prior to execution.</p>

(e)

5.2.	PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM
5.2.2.5	CABLE LABELING AND DOCUMENTATION:
	(a) Each cable (power and data) shall be tagged/labeled at both extremities using colored, durable labels.
	(b) The bidder shall implement an appropriate tagging/labeling scheme with prior PAA approval.
5.2.2.6	The bidder shall undertake all necessary civil and mechanical works associated with the installation of LED Display Boards, including but not limited to: (a) Site preparation, leveling, and cleaning. (b) Foundation preparation for floor-mounted displays (if applicable), including concrete pouring, curing, and anchor bolt installation. (c) Core drilling, wall penetrations, and structural modifications as required for cable routing and display mounting, ensuring no damage to building structure and obtaining necessary approvals. (d) Installation of cable trays, conduits, junction boxes, and support systems along the cable route. (e) Waterproofing and sealing of all penetrations, joints, and openings to prevent water ingress, dust accumulation, and pest entry. (f) Restoration of any disturbed surfaces (walls, floors, ceilings) to original condition or better, including plastering, painting, and finishing work. (g) All civil and mechanical works shall comply with local building codes, safety regulations, and PAA standards.
5.2.2.7	The bidder shall provide comprehensive on-site Local Operational & Technical Training to five (05) PAA personnel for a minimum of two (02) full working days. The training shall cover:
	(a) Operation of LED Display Boards and controllers.
	(b) Content management, scheduling, and layout customization.
	(c) Integration with CONRAC FIDS system – data flow, communication protocols, and troubleshooting.
	(d) Remote monitoring, diagnostics, and fault identification.
	(e) Brightness adjustment, color calibration, and display settings.
	(f) LED module replacement procedure and preventive maintenance practices.
	(g) Safety precautions, electrical hazards, and operational best practices.

with
proven
expertise
in LED
display
systems
and
FIDS
integration.

The Local Training shall be conducted during the installation, commissioning, and testing phases of the project to ensure hands-on practical experience for trainees.

A copy of specifically designed local training material shall be submitted to PAA for approval at least Ten (10) days prior to the commencement of the training course. Approved training handbooks, documentation,

user

The training shall include both classroom sessions (theory) and hands-on practical sessions with live equipment. Participants shall be encouraged to perform actual operations under trainer supervision.

5.2.	PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM
5.2.2.8	MANUALS AND DOCUMENTATION
	<p>The successful bidder shall be responsible to provide the following manuals and documentation in English language, both in electronic format (PDF) on USB flash drives and printed hard copies (minimum 2 sets), after the award of contract:</p>
	<p>(a) Operator/User Manuals describing how to operate LED displays, content management, layout customization, and routine operational procedures.</p>
	<p>(b) Technical Manuals including system architecture, hardware specifications, controller configuration, network setup, troubleshooting procedures, and maintenance guidelines.</p>
	<p>(c) Integration Manuals detailing the integration with CONRAC FIDS system, API documentation, communication protocols, data formats, and configuration parameters.</p>
	<p>(d) Installation Manuals with step-by-step installation procedures, mounting guidelines, cabling instructions, and safety precautions.</p>
	<p>(e) Maintenance Manuals including preventive maintenance schedules, LED module replacement procedures, cleaning guidelines, and component lifecycle information.</p>
	<p>(f) Troubleshooting Guides with common issues, diagnostic procedures, fault codes, and resolution steps.</p>
	<p>(g) Tailored Technical Guides containing step-by-step procedures for complete recovery/reinstallation of LED display system, controller firmware updates, network reconfiguration, and disaster recovery procedures.</p>
	<p>(h) As-Built Drawings showing final installation layout, cable routing, power distribution, and network connectivity as actually implemented on site.</p>
	<p>(i) Electrical and Network Schematics with circuit diagrams, wiring diagrams, and network topology.</p>
	<p>(j) Bill of Materials (BOM) listing all equipment, components, and spare parts with part numbers and specifications.</p>

General Conditions of Contract

A. General

1. Definitions

1.1 Unless the context otherwise requires, the following terms whenever used in this Contract shall have the same meaning and shall be interpreted as indicated

1. "Applicable Law" means the laws and any other instruments having the force of law in the Government's Country, or in such other country as may be specified in the Special Conditions of the Contract (SC), as they may be issued and in force from time to time;
2. "Procuring Agency" means:-
 - 2.1. any Ministry, Division, Department or any Office of the Government;
 - 2.2. any authority, corporation, body or organization established by or under a Law or which is owned or controlled by the Government;
3. "The Contract" means an agreement enforceable by law;
4. "The Contract Price" means the price payable to the Bidder under the Contract for the full and proper performance of its contractual obligations;
5. "Ancillary Services" means those services ancillary to the provision of Goods, such as transportation and insurance, and any other incidental services, such as installation, commissioning, provision of technical assistance, training, and other such obligations of the Bidder covered under the Contract;
6. "GCC" means the General Conditions of Contract contained in this section;
7. "SCC" means the Special Conditions of Contract by which the GCC may be amended or supplemented;
8. "Day" means calendar day unless indicated otherwise.
9. "Effective Date" means the date on which this Contract comes into force and effect.
10. "The Bidder" means the individual or corporate body whose Bids to provide the Goods has been accepted by the Procuring Agency;
11. "The Project Site," where applicable, means the place or places named in Bids Data Sheet and technical Specifications;
12. "Government" means the Government of Pakistan;
13. "Subcontractor" means any entity to which the Bidder subcontracts any part of the Goods.
14. "Service" means any object of procurement other than goods or works;
15. "Party" means the Procuring Agency or the Bidder, as the case may be, and "Parties" means both of them;
16. "Foreign Currency" means any currency other than the currency of the country of the Procuring Agency;

17. "Completion Date" means the date of completion of the contract by the Bidder as certified by the Procuring Agency;

18. "In Writing" means communicated in written form with proof of receipt;

19. "Local Currency" means the currency of Pakistan;

2. Application and Interpretation

2.1 These General Conditions shall apply to the extent that they are not superseded by provisions of other parts of the Contract.

2.2 In interpreting these Conditions of Contract headings and marginal notes are used for convenience only and shall not affect their interpretations unless specifically stated; references to singular include the plural and vice versa; and masculine include the feminine. Words have their ordinary meaning under the language of the Contract unless specifically defined.

3. Applicable Law

3.1 The contract shall be governed and interpreted in accordance with the laws of Pakistan, unless otherwise specified in SCC.

4. Governing Language

4.1 The Contract as well as all correspondence and documents relating to the Contract exchanged between the Bidder and the Procuring Agency, shall be written in the **English language** unless otherwise stated in the **SCC**. Supporting documents and printed literature that are part of the Contract may be in another language provided these are accompanied by an accurate translation of the relevant passages in English, in which case, for purposes of interpretation of the Contract, this translation shall govern.

5. Notices

5.1 Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, telex, telegram, or facsimile to such Party at the address specified in the **SCC**.

6. Delivery/Location

6.1 The Goods shall be delivered to such locations as the Procuring Agency may approve and as specified in **SCC**.

7. Authorized Representatives / Authority of Member in charge

7.1 Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Agency or the Bidder may be taken or executed by the officials specified in the **SCC**.

B. Commencement, Completion, Modification, and Termination of Contract

8. Effectiveness of Contract

8.1 This Contract shall come into effect on the date the Contract is signed by both parties and such other later date as may be stated in the SCC.

9. Commencement of Services

9.1 The Bidder shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the SCC.

10. Program

10.1 Before commencement of the Services, the Bidder shall submit to the Procuring Agency for approval a Program showing the general methods, arrangements, order and timing for all activities. The Services shall be carried out in accordance with the approved Program as updated.

11. Starting Date/Expiration Date

11.1 The Bidder shall start carrying out the Services Five (05) days after the date the Contract becomes effective, or at such other date as may be specified in the SCC.

11.2 Unless terminated earlier pursuant to Clause **GCC 15** hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the SCC.

12. Entire Agreement

12.1 This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

13. Modification

13.1 Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any Bids for modification or variation made by the other Party.

13.2 In cases of any modifications or variations, the prior written consent of the Procuring Agency is required.

14. Force Majeure

14.1 Definition

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party and which makes a Party's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

14.2 No Breach of Contract

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract in so far as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

14.3 Extension of Time

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

14.4 Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Bidder shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

15. Termination

15.1 By the Procuring Agency

The Procuring Agency may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (e) of this Clause. In such an occurrence the Procuring Agency shall give at least thirty (30) calendar days' written notice of termination to the Bidder in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e);

1. If the Bidder fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension;
2. If the Bidder becomes (or, if the Bidder consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;
3. If the Bidder fails to comply with any final decision reached as a result of arbitration proceedings;
4. If, as the result of Force Majeure, the Bidder is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;
5. If the Procuring Agency, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

15.2 By the Bidder

The Bidder may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Procuring Agency, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

1. If the Procuring Agency fails to pay any money due to the Bidder pursuant to this Contract and not subject to dispute within forty-five (45) calendar days after receiving written notice from the Bidder that such payment is overdue.
2. If, as the result of Force Majeure, the Bidder is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days.
3. If the Procuring Agency fails to comply with any final decision reached as a result of arbitration.
4. If the Procuring Agency is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Bidder may have subsequently approved in writing) following the receipt by the Procuring Agency of the Bidder's notice specifying such breach.

C. Obligations of the Bidder

16. General

16.1 Standard of Performance

1. The Bidder shall deliver the product and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Bidder shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Procuring Agency, and shall at all times support and safeguard the Procuring Agency's legitimate interests in any dealings with the third parties.

16.2 Law Applicable to Goods

The Bidder shall deliver the goods in accordance with the Contract and in accordance with the Law of Pakistan and shall take all practicable steps to ensure that any of its Experts and Sub-Bidders, comply with the Applicable Law.

17. Conflict of Interests

17.1 Bidder Not to Benefit from Commissions and Discounts.

The remuneration of the Bidder shall constitute the Bidder's sole remuneration in connection with this Contract or the Services, and the Bidder shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Bidder shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

17.2 Bidder and Affiliates Not to be Otherwise Interested in Project

The Bidder agree that, during the term of this Contract and after its termination, the Bidder and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing Goods for any project resulting from or closely related to the Services.

17.3 Prohibition of Conflicting Activities

Neither the Bidder nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

1. during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract;
2. during the term of this Contract, neither the Bidder nor their Subcontractors shall hire public employees in active duty or on any type of leave, to perform any activity under this Contract;

18. Confidentiality

18.1 Except with the prior written consent of the Procuring Agency, the Bidder and the Experts shall not at any time communicate to any person or entity any confidential information acquired in the course of the contract.

19. Insurance to be Taken Out by the Bidder

19.1 The Bidder(a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Subcontractors', as the case may be) own cost but on terms and conditions approved by the Procuring Agency, insurance against the risks, loss or damage, and for the coverage, as shall be specified in the SCC; and (b) at the Procuring Agency's request, shall provide evidence to the Procuring Agency showing that such insurance has been taken out and maintained and that the current premiums have been paid.

20. Bidder's Actions Requiring Procuring Agency's Prior Approval

20.1 The Bidder shall obtain the Procuring Agency's prior approval in writing before taking any of the following actions:

- (a) appointing such members of the Personnel not provided by the Bidder;
- (b) changing the Program of activities; and
- (c) any other action that may be specified in the SCC.

21. Reporting Obligations

21.1 The Bidder shall submit to the Procuring Agency the reports and documents in the numbers, and within the periods as prescribed by the Procuring Agency.

22. Liquidated Damages

22.1 If the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Procuring Agency shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in SCC of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the performance security (or guarantee) specified in SCC. Once the said maximum is reached, the Procuring Agency may consider termination of the Contract pursuant to **GCC Clause 15**.

22.2 Correction for Over-payment

If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Agency shall correct any overpayment of liquidated damages by the Bidder by adjusting the next payment certificate. The Bidder shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in SCC.

22.3 Lack of performance penalty

If the Bidder has not corrected a Defect within the time specified in the Procuring Agency's notice, a penalty for Lack of performance will be paid by the Bidder. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as specified in the SCC.

23. Performance Guarantee

23.1 Within Seven (07) days from the issuance of acceptance letter from the Procuring Agency, the successful Bidder shall furnish the Performance Guarantee in shape of ----- at the discretion of the PA in the amount **specified in SCC**. In case the amount of Bids security is equal or greater than

23.2 The proceeds of the Performance Guarantee shall be payable to the Procuring agency as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

23.3 The Performance Guarantee shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring agency and shall be in the acceptable form as specified in SCC.

23.4 The Performance Guarantee will be discharged by the Procuring agency and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless otherwise **specified in SCC**.

24. Fraud and Corruption

24.1 The Procuring Agency requires the Supplier to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the Bidding process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

25. Sustainable Procurement

25.1 The Bidder shall conform to the sustainable procurement contractual provisions, if and as specified in the SCC.

D. Bidder's Personnel

26. Description of Personnel

26.1 The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Bidder's Key Personnel. The Key Personnel listed by title as well as by name are hereby approved by the Procuring Agency.

27. Removal and/or Replacement of Personnel

27.1 Except as the Procuring Agency may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Bidder, it becomes necessary to replace any of the Key Personnel, the Bidder shall provide as a replacement a person of equivalent or better qualifications.

27.2 If the Procuring Agency finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Bidder shall, at the Procuring Agency's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Agency.

27.3 The Bidder shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

E. Obligations of the Procuring Agency

28. Assistance and Exemptions

28.1 The Procuring Agency shall use its best efforts to ensure that the Government shall provide the Bidder such assistance and exemptions as specified in the SCC.

29. Change in the Applicable Law

29.1 If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the related Services rendered by the Bidder, then the remuneration and reimbursable expenses otherwise payable to the Bidder under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred in the SCC.

30. Services and Facilities

30.1 The Procuring Agency shall make available to the Bidder and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described, at the times and in the manner specified in the SCC or terms of reference.

30.2 In case that such services, facilities and property shall not be made available to the Bidder, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Bidder for the performance of the Services, (ii) the manner in which the Bidder shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Bidder as a result thereof.

F. Payments to the Bidder

31. Contract Price

31.1 The price payable shall be in Pakistani Rupees unless otherwise specified in the SCC. Prices charged by the Supplier for Goods delivered under the Contract shall not vary from the prices quoted by the Supplier in its Bid.

32. Terms and Conditions of Payment

32.1 Payments will be made to the Bidder according to the payment schedule stated in the SCC and as per actual invoice submitted by the Bidder.

32.2 Unless otherwise stated in the SCC, the advance payment shall be made against the provision by the Bidder of a bank guarantee for the same amount, and shall be valid for the period stated in the SCC. Any other payment shall be made after the conditions listed in the SCC for such payment have been met, and the Bidder have submitted an invoice to the Procuring Agency specifying the amount due.

33. Currency of Payment

33.1 Any payment under this Contract shall be made in the currency(ies) specified in the SCC.

G. Quality Control

34. Identifying Defects

34.1 The principle and modalities of Inspection of the Goods by the Procuring Agency shall be as indicated in the SCC. The Procuring Agency shall check the Bidder's performance and notify him of any Defects that are found. Such checking shall not affect the Bidder's responsibilities. The Procuring Agency may instruct the Bidder to search for a Defect and to uncover and test any service that the Procuring Agency considers may have a Defect. Defect Liability Period is as defined in the SCC.

35. Correction of Defects, and

Lack of Performance Penalty

35.1 The Procuring Agency shall give notice to the Bidder of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.

35.2 Every time notice a Defect is given, the Bidder shall correct the notified Defect within the length of time specified by the Procuring Agency's notice.

35.3 If the Bidder has not corrected a Defect within the time specified in the Procuring Agency's notice, the Procuring Agency will assess the cost of having the Defect corrected, the Bidder will pay this amount, and a Penalty for Lack of Performance.

36. Taxes and Duties

36.1 A Supplier shall be entirely responsible for all taxes, duties, fees, etc., incurred until delivery of the contracted Goods to the Procuring Agency.

H. Settlement of Disputes

37. Alternate Dispute Resolution

37.1 The disputes between the parties to the contract may be settled in accordance with Public Procurement Rules, 2004.

37.2 The procuring agency shall refer the matter to the Chief Justice Islamabad High Court or Managing Director PPRA or the Secretary Ministry of Law & Justice for appointment of Arbitrator.

37.3 The fee for the Arbitrator shall be specified in Pak Rupees as determined by the appointing authority which shall be borne and shared equally by the contracting parties.

Special Conditions of Contract

SECTION VIII. SPECIAL CONDITIONS OF CONTRACT

The following Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, the provisions herein shall prevail over those in the Conditions of Contract. The corresponding clause number of the GCC is indicated in parentheses.

GCC 34**Identifying Defects:**

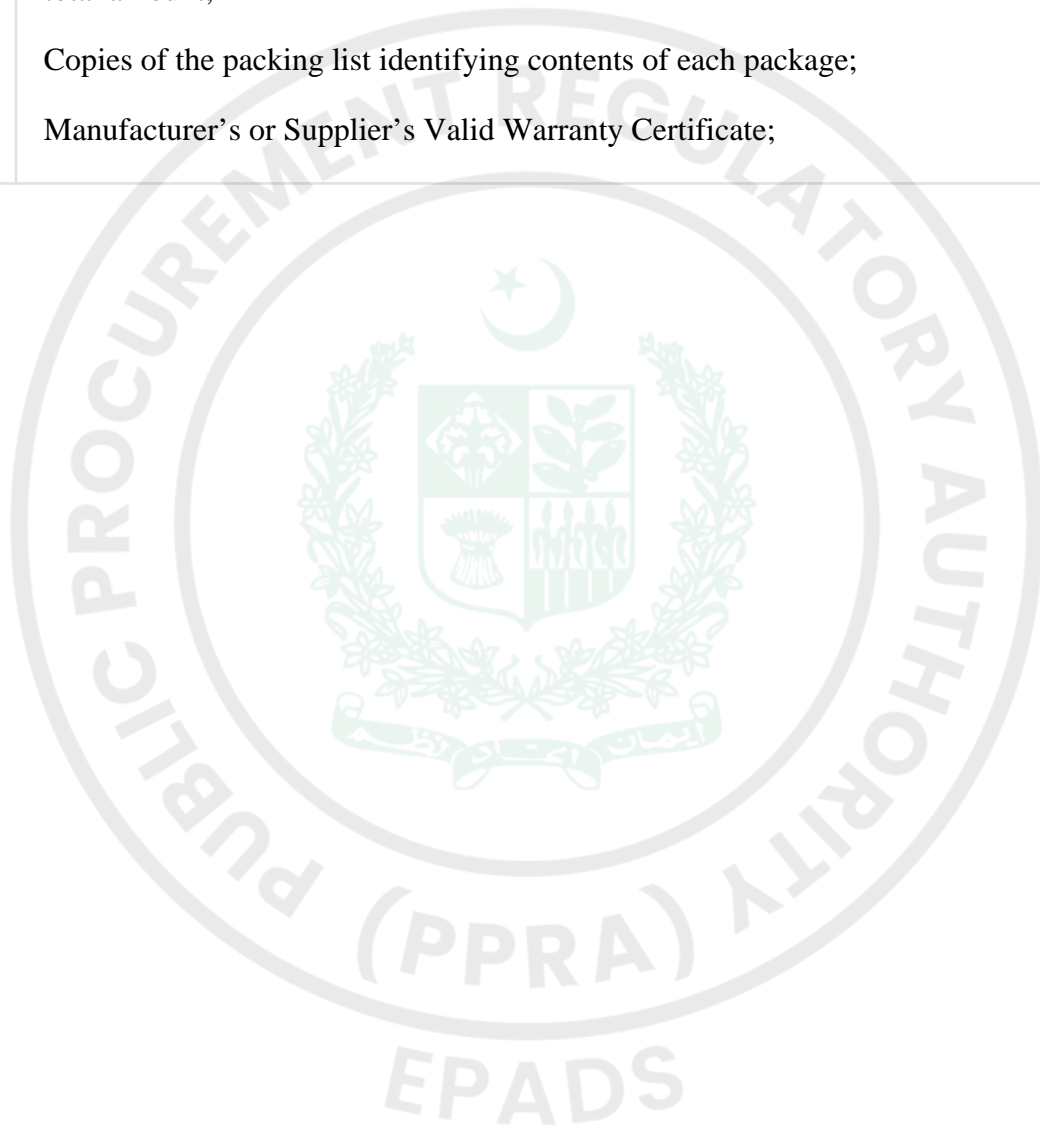

The Authority reserves the right at any time to inspect the premises of the provider to inspect the goods and monitor the goods being provided.

Delivery & Documents

Copies of the Supplier's invoice showing Goods' description, quantity, unit price, and total amount;

Copies of the packing list identifying contents of each package;

Manufacturer's or Supplier's Valid Warranty Certificate;

Following is the guidance for Dispute Resolution

1. If any dispute of any kind whatsoever shall arise between the Authority and the Bidder in connection with or arising out of the Contract, including without prejudice to the generality of foregoing, any question regarding its existence, validity, termination and the execution of the Contract – whether during developing phase or after their completion and whether before or after the termination, abandonment or breach of the Contract – the parties shall seek to resolve any such dispute or difference by mutual diligent negotiations in good faith within 14 (fourteen) days following a notice sent by one Party to the other Party in this regard.
2. At future of negotiation the dispute shall be resolved through mediation and mediator shall be appointed with the mutual consent of the both parties.
3. At the event of failure of mediation to resolve the dispute relating to this contract such dispute shall finally be resolved through binding Arbitration by sole arbitrator in accordance with Arbitration Act 1940. The arbitrator shall be appointed by mutual consent of the both parties. The Arbitration shall take place in Islamabad, Pakistan and proceedings will be conducted in English language.
4. The cost of the mediation and arbitration shall be shared by the parties in equal proportion however the both parties shall bear their own costs and lawyer's fees regarding their own participation in the mediation and arbitration. However, the Arbitrator may make an award of costs upon the conclusion of the arbitration making any party to the dispute liable to pay the costs of another party to the dispute.
5. Arbitration proceedings as mentioned in the above clause regarding resolution of disputes may be commenced prior to, during or after completion of the contract.

Notwithstanding any reference to the arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree that the Authority shall pay the Bidder any monies due to the Bidder.

Rules of procedure for arbitration proceedings:

Any dispute between the Authority and a Bidder who is a national of the Islamic Republic of Pakistan arising in connection with the present Contract shall be referred to adjudication or arbitration in accordance with the laws of the Islamic Republic of Pakistan including Arbitration Act 1940, however above provision shall prevail in referring the case to the Arbitrator.

Place of Arbitration and Award:

The arbitration shall be conducted in English language and place of arbitration shall be at Islamabad. The award of the arbitrator shall be final and shall be binding on the parties.

Bid Securing Declaration

Form 9: Bid Securing Declaration

Date: *[insert date (as day, month and year)]*

Bid No.: **P23339**

To: **Islamabad International Airport (Pakistan Airports Authority (PAA)), Deputy Director Islamabad International Airport - Pakistan Airports Authority, Islamabad Capital Territory**

We, the undersigned, declare that:

We understand that, according to your conditions, Bids must be supported by a Bid Securing Declaration.

We accept that we will be blacklisted and henceforth cross debarred for participating in respective category of public procurement proceedings for a period of (not more than) six months, if fail to abide with a bid securing declaration, however without indulging in corrupt and fraudulent practices, if we are in breach of our obligation(s) under the Bid conditions, because we:

1. have withdrawn or modified our Bid during the period of Bid Validity specified in the Form of Bid;
2. Disagreement to arithmetical correction made to the Bid price; or
3. having been notified of the acceptance of our Bid by the Procuring Agency during the period of Bid Validity, (i) failure to sign the contract if required by Procuring Agency to do so or (ii) fail or refuse to furnish the Performance Security or to comply with any other condition precedent to signing the contract specified in the Bidding Documents.

We understand this Bid Securing Declaration shall expire if we are not the successful

Bidder, upon the earlier of (i) our receipt of your notification to us of the name of the successful Bidder; or (ii) twenty-eight (28) days after the expiration of our Bid.

Contract Form

SECTION IX: CONTRACT FORMS

THIS AGREEMENT made the _____ day of _____ 20____ between **Islamabad International Airport (Pakistan Airports Authority (PAA)), Deputy Director Islamabad International Airport - Pakistan Airports Authority, Islamabad Capital Territory**

(hereinafter called “the Procuring Agency”) of the one part and *[name of Bidder]* of *[city and country of Bidder]* (hereinafter called “the Bidder”) of the other part:

WHEREAS the Procuring Agency invited Bids for provision of goods, viz., **PROCUREMENT OF OUTDOOR RATED FULL COLOR LED DOT MATRIX DISPLAY P/O FIDS FOR DEPARTURE CONCOURSE AREA IIAP, ISLAMABAD (P23339)** and has accepted a Bids by the Bidder for the provision of Goods in the sum of *[contract price in words and figures]* (hereinafter called “the Contract Price”).

NOW THIS CONTRACT WITNESSETH AS FOLLOWS:

1. In this Contract words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract referred to.

PROCUREMENT OF OUTDOOR RATED FULL COLOR LED (SMD)DISPLAY FOR FLIGHT INFORMATION DISPLAY SYSTEM (FIDS) AT ISLAMABAD INTERNATIONAL AIRPORT (IIAP)

OPERATIONAL AND TECHNICAL SPECIFICATIONS/COMPLIANCE SHEET

This RFP invites proposals from reputable firms for the supply, installation, integration, commissioning, testing and training of Outdoor Rated Full Color SMD Display Boards (Qty-02) for Flight Information Display System (FIDS) at Islamabad International Airport of Pakistan Airport Authority (PAA) as per following minimum operational & technical specifications, on FOR basis:

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
1.	GENERAL INFORMATION			
1.1.	Name of the Firm			
1.2.	Firm Address			
1.3.	Contact No.			
1.4.	Name of Principal / OEM			
1.5.	Principal's Address			
1.6.	Make & Type of the offered Equipment			
1.7.	Model No. (Specify if applicable)			
1.8.	Country of Origin (OEM)			
1.9.	Country of Manufacture (Specify)			
1.10.	The bidder shall fill and submit this technical & operational specification compliance document duly signed and stamped with technical bid.			
1.11.	The bidder shall duly provide appropriate remarks and/or references to the relevant supporting documents under the 'Remarks & Reference' column against each specification, wherever applicable.			
1.12.	The bidder shall quote the cost for each item separately and attach relevant documents for all items and services, including the optional services mentioned in this RFP.			
1.13.	The cost of optional items and services, wherever mentioned, shall be quoted by the bidder separately and shall not be part of financial evaluation. However, availing or inclusion of these items shall remain at the sole discretion of PAA.			
1.14.	The price of the offered system shall be in Pak Rupees (PKR).			
1.15.	Bidder to submit certificate undertaking technical support through manpower and remote assistance during and post warranty period.			
1.16.	The bidder shall design and propose the LED Display System with a clear upgrade path to accommodate future hardware and software revisions for a period of up to ten (10) years, ensuring full backward compatibility with the existing CONRAC FIDS system. The bidder shall declare the expected service life of all offered equipment and accessories. In the event that any			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	equipment or component becomes obsolete or reaches end-of-life within the warranty period, the bidder shall ensure the availability and provision of compatible replacement parts or upgraded versions during the warranty period that maintain full system functionality and interoperability.			
1.17.	The bidder shall also provide all software updates, patches, and firmware upgrades for the media controllers, as and when released by the OEM, at no additional cost to PAA throughout the warranty period.			
1.18.	The bidder must attach all relevant technical brochures, literature, and datasheets of the offered system and all accessories, in their bids, properly numbered, labeled and cross-referenced. (Document reference number to be filled under Reference Column).			
1.19.	Comprehensive details of offered system with itemized list in the technical offer and itemized cost (with breakup) in financial offer covering Hardware, Software, Installation / Commissioning, Trainings, and all associated services.			
1.20.	The bidder shall have successfully completed at least 01 Project of similar nature and complexity within the last 03 years involving display systems, airport information displays, or related systems such as FIDS integration, display network implementation, or system/interface development in an airport or equivalent critical environment. Documentary evidence and client references shall be provided.			
2.	SCOPE OF WORK			
2.1.	<p>The bidder shall cover, execute and fulfil complete scope of work including the supply, installation, integration, commissioning, testing and operational & technical trainings of Outdoor Rated Full Color SMD based Digital Display Boards for Flight Information Display System (FIDS), consisting of following, but not limited to, goods & services:</p> <p>(a) 02 x Outdoor Rated Full Color SMD based Display Boards (b) Display Controllers with necessary software/firmware (c) Interface/Integration Hardware and Software with existing CONRAC FIDS System (CONVIS x64-bit application) (d) Structural Framework (back brackets, support structures, poles etc) (e) Power Supply Units and Distribution boards (f) Network Infrastructure and Cabling (Power & Data) (g) Civil and Mechanical Works (h) Installation, Commissioning, Integration and Testing (i) On-site Operational & Technical Training (j) Technical Documentation and Manuals</p>			
3.	BACKGROUND AND EXISTING SYSTEM (Information)			
3.1.	PURPOSE OF THE FIDS			
3.1.1.	The Flight Information Display System (FIDS) at IIAP is designed to provide passengers and airport operators with real-time, accurate flight-related information. The system ensures the availability of up-to-date details on flight statuses, including check-in times, boarding gates/lounges, arrivals and delays in line with ICAO Annex-9, Para-6.1. It operates on a round-the-clock basis to provide continuous access to flight information,			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference																											
	enhancing passenger guidance and overall operational efficiency within the airport environment.																														
3.2.	EXISTING FIDS ARCHITECTURE																														
3.2.1.	<p>The existing FIDS at IIAP is manufactured by CONRAC and operates using the CONVIS application on an x64-bit PC architecture. The system consists of the following key components:</p> <p>(a) Servers: Main and standby servers configured in high availability mode to ensure continuous operation. Servers handle critical operations, data processing, flight information management, and system interactions.</p> <p>(b) Operating System: Provides the infrastructure for the FIDS application, including operating system, libraries, and network settings required for system communication.</p> <p>(c) Database: Stores essential flight information (airline schedules, boarding gate assignments, status updates, etc.) and FIDS configurations (display settings, user permissions, templates, etc.).</p> <p>(d) Workstations/Terminals: Used by flight enquiry and maintenance personnel for monitoring, configuring, updating, and troubleshooting the FIDS system.</p> <p>(e) Flight Information Displays: Strategically installed at various key locations throughout the terminal building in accordance with including Arrivals Areas, Departures Areas, Gates, Baggage Claim Areas, Departure Lounge, Departure Concourse, Check-in Area, Arrival Concourse, and Exit from Arrival Areas.</p>																														
3.3.	MAXCS SOFTWARE SYSTEM																														
3.3.1.	<p>MAXCS is the software responsible for flight data control, monitoring and management of the complete hardware (servers, displays and workstations) at IIAP. It is based on modular software design having different modules for different functions. The version details of the software modules currently in operation are as follows:</p> <table border="1"> <thead> <tr> <th>SN</th> <th>Software Module</th> <th>Version</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>MAXCS</td> <td>3.0.0.9</td> </tr> <tr> <td>2</td> <td>DaViS</td> <td>3.0.2.4</td> </tr> <tr> <td>3</td> <td>DMU</td> <td>2.0.9.4</td> </tr> <tr> <td>4</td> <td>Data Manager</td> <td>1.0.6.1</td> </tr> <tr> <td>5</td> <td>Display Manager</td> <td>3.5.0.0</td> </tr> <tr> <td>6</td> <td>Security Manager</td> <td>2.0.6.1</td> </tr> <tr> <td>7</td> <td>Designer</td> <td>2.9.0.0</td> </tr> <tr> <td>8</td> <td>ConVis</td> <td>V5.3.0.31</td> </tr> </tbody> </table>	SN	Software Module	Version	1	MAXCS	3.0.0.9	2	DaViS	3.0.2.4	3	DMU	2.0.9.4	4	Data Manager	1.0.6.1	5	Display Manager	3.5.0.0	6	Security Manager	2.0.6.1	7	Designer	2.9.0.0	8	ConVis	V5.3.0.31

8	ConVis	V5.3.0.31																													
4.	OPERATIONAL REQUIREMENTS / SPECIFICATIONS (Mandatory)																														
4.1.	INTEGRATION WITH EXISTING CONRAC FIDS																														
4.1.1.	The offered LED Display Boards must be fully integrated with the existing CONRAC Flight Information Display System																														

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	(FIDS), specifically the CONVIS x64-bit version application. The LED displays shall receive real-time flight data from the MAXCS server and display the information seamlessly without manual intervention.			
4.1.2.	The bidder shall provide detailed integration methodology, interface mode, protocols, documentation, and software drivers necessary to establish bidirectional communication between the LED display controllers and the existing FIDS infrastructure.			
4.1.3.	The integration shall support automatic updates of flight information including flight number, airline name/logo, origin/destination, scheduled time of departure/arrival (STD/STA), estimated time of departure/arrival (ETD/ETA), flight status (e.g., On-Time, Delayed, Cancelled, Boarding, Departed, Arrived), gate information, and any other information as displayed on existing FIDS screens.			
4.1.4.	The system shall support centralized control and management from existing FIDS operator workstations without requiring additional dedicated control systems, unless technically justified by the bidder.			
4.1.5.	All user actions and changes made in the MAXCS/CONVIS system shall be reflected in real-time on the LED display boards with minimal latency (not exceeding 5 seconds from data change to display update).			
4.2.	DISPLAY CONTENT AND LAYOUT			
4.2.1.	The LED Display Boards shall be capable of displaying complete departure flight information including, but not limited to, the following content elements:			
	(a) Header Information and PAA Logo (b) Flight Number (c) Airline Name & Logo (Full Color) (d) Destination City (e) Scheduled Time of Departure (STD) (f) Estimated Time of Departure (ETD) (g) Flight Status (e.g., On-Time, Delayed, Cancelled, Boarding, Departed, etc.) (h) Gate / Check-in Counter Information (i) Current Date & Time			
4.2.2.	The system shall support pre-defined template designs with bilingual content display (English – LTR and Urdu – RTL), either concurrently or alternately, as required by PAA to maintain clear and uncluttered presentation of flight information. The bidder shall demonstrate capability to render Urdu script properly on LED displays.			
4.2.3.	The layout, theme, color scheme, font sizes, and content arrangement of flight information on LED Display Boards shall be fully customizable and subject to modifications by PAA during installation, commissioning, and warranty period at no additional cost (FOC basis).			
4.3.	REMOTE MONITORING AND CONTROL			
4.3.1.	The system shall provide the same centralized supervision and remote monitoring of the LED Display Boards with real-time connectivity status indication (audio-visual alarms) from existing FIDS operators and maintenance workstations.			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference																								
4.3.2.	The bidder shall provide capability for remote power management including power-on/power-off, brightness adjustment, and system restart through network-based control interface.																											
4.3.3.	The system shall support remote diagnostics, health monitoring, and fault reporting with clear indication of any hardware failures, connectivity issues, or operational anomalies.																											
5.	TECHNICAL SPECIFICATIONS																											
5.1.	SMD DISPLAY BOARDS	02 Ea																										
5.1.1.	<p>The bidder shall meet the following or better specifications for the Outdoor Rated Full Color SMD LED Display Boards:</p> <table border="1"> <thead> <tr> <th>Parameter</th> <th>Specification / Requirement</th> </tr> </thead> <tbody> <tr> <td>Application</td> <td>Outdoor use – suitable for continuous 24x7 operation in varying ambient light and temperature conditions at departure concourse area (semi-open environment).</td> </tr> <tr> <td>Display Technology</td> <td>Full Color SMD Display using SMD (Surface Mount Device) technology or equivalent high-brightness SMD technology capable of meeting required visibility and performance parameters.</td> </tr> <tr> <td>Display Size (H x W)</td> <td>Minimum 864 mm (Height) x 3840 mm (Width)</td> </tr> <tr> <td>Pixel Pitch</td> <td>P4 optimized for legibility at level 3 PTB IIAP Departure concourse area.</td> </tr> <tr> <td>LED Type</td> <td>SMD 3-in-1 (RGB integrated in single LED package) for full color display capability.</td> </tr> <tr> <td>Number of Display Lines</td> <td>Minimum 30 lines total, divided into three (3) horizontal/vertical sections (10 lines per section) displayed concurrently. Each section must operate as a separate physical display unit with independent backend connectivity to the MAXCS server. The three controllers (one for each section), must support synchronized data fetching and rendering across all three sections to form one cohesive wide-format information board.</td> </tr> <tr> <td>IP Rating</td> <td>Minimum IP65 or equivalent – outdoor-rated, dust-tight, and protected against water jets from any direction. The enclosure shall be weather-resistant and capable of withstanding environmental conditions (up to 60 deg. C during top summer)</td> </tr> <tr> <td>Brightness</td> <td>Minimum 5000 nits adjustable to higher or lower nits. The display must be clearly legible in direct sunlight and varying ambient light conditions. Automatic brightness adjustment with ambient light sensor(s) is preferred.</td> </tr> <tr> <td>Viewing Angle</td> <td>Horizontal $\geq 160^\circ$, Vertical $\geq 110^\circ$ (Full viewing angle from which the display content remains clearly visible).</td> </tr> <tr> <td>Total Display Resolution (H x W)</td> <td>The total resolution must ensure clear legibility of text, numbers, airline logos, and graphical elements at specified viewing distances.</td> </tr> <tr> <td>Line Resolution</td> <td>Each display line shall have adequate vertical resolution to clearly render text characters, including</td> </tr> </tbody> </table>	Parameter	Specification / Requirement	Application	Outdoor use – suitable for continuous 24x7 operation in varying ambient light and temperature conditions at departure concourse area (semi-open environment).	Display Technology	Full Color SMD Display using SMD (Surface Mount Device) technology or equivalent high-brightness SMD technology capable of meeting required visibility and performance parameters. 5.2.	PROVISION, INSTALLATION, COMMISSIONING & TESTING & TRAINING OF THE COMPLETE SYSTEM	01 Job														
5.2.1.	STRUCTURAL FRAMEWORK AND MOUNTING INFRASTRUCTURE															
5.2.1.1	The bidder shall design, manufacture, supply, and install the complete structural framework required to securely mount the SMD Display Boards. This infrastructure includes, but is not limited to:															
5.2.1.2	<p>(a) Back brackets, support structures, and mounting frames fabricated from high-grade steel or aluminum.</p> <p>(b) Fixing with the existing roof metallic frame as determined by site survey and structural assessment.</p> <p>(c) All structural components shall be designed to withstand static and dynamic loads including display weight, wind loads, seismic forces, and vibrations as per applicable building codes and safety standards.</p> <p>(d) The mounting infrastructure shall be aesthetically designed to blend with the airport environment and shall be made of stainless steel or galvanized material to prevent rust and corrosion. Color shall match existing décor or as specified by PAA.</p> <p>(e) All fasteners, anchors, bolts, and accessories shall be made of stainless steel or galvanized material to prevent rust and corrosion.</p> <p>(f) The bidder shall submit detailed engineering drawings, structural calculations, load-bearing capacity analysis, and installation methodology for PAA approval prior to commencement of installation work.</p> <p>(g) Enclosure Industrial-grade metallic enclosure with proper ventilation or active cooling to ensure stable operation in high-temperature environments.</p>															

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
5.2.2	NETWORK & POWER INFRASTRUCTURE			
5.2.2.1	The bidder shall provide complete network infrastructure and cabling solution to connect the LED Display Boards with the existing FIDS network. The scope includes:			
5.2.2.2	DATA CABLING:			
	(a) High-grade UTP/STP network cable, not less than CAT6/6A, bare solid copper, 23 AWG, ISO/IEC 11801 or TIA/EIA-568 compliant. (b) All data cables shall be properly terminated with IO connectors (for copper) or LC/SC connectors (for fiber) using professional crimping and termination practices. (c) Cable shall be tested using Fluke or equivalent cable tester to ensure proper connectivity, continuity, and performance parameters (bandwidth, attenuation, return loss).			
5.2.2.3	POWER CABLING:			
	(a) Electrical cable/wire not less than 3 × 1C-6mm ² Cu/PVC, IEC/NEC compliant, suitable for 230 VAC supply. (b) Power cables shall be adequately rated for the load requirements of LED displays and controllers with appropriate safety margin. (c) All power cabling shall comply with local electrical codes and international standards (IEC 60364, NEC, or equivalent) for termination including industrial sockets and protection devices.			
5.2.2.4	CABLE MANAGEMENT AND INSTALLATION:			
	(a) All cabling (power and data) shall be fully concealed and routed using appropriate painted GI pipe 1-inch conduit systems from reputed brands. (b) For wiring above false ceilings, painted GI compatible accessories (bends, junction boxes, T-sockets) shall be used. (c) For indoor areas and wiring below false ceilings, GI channel/ducting, and compatible accessories shall be deployed considering building aesthetics. (d) No exposed cabling will be accepted under any circumstances. All cable routes, conduit paths, and installation methodologies shall be subject to PAA approval prior to execution. (e) Network cables shall not be run adjacent to power cables to prevent electromagnetic interference (EMI). Separate conduits shall be used for power and data cabling as per standards.			
5.2.2.5	CABLE LABELING AND DOCUMENTATION:			
	(a) Each cable (power and data) shall be tagged/labeled at both extremities using colored, durable labels. (b) The bidder shall implement an appropriate tagging/labeling scheme with prior PAA approval.			
5.2.2.6	The bidder shall undertake all necessary civil and mechanical works associated with the installation of LED Display Boards, including but not limited to:			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	<p>(a) Site preparation, leveling, and cleaning.</p> <p>(b) Foundation preparation for floor-mounted displays (if applicable), including concrete pouring, curing, and anchor bolt installation.</p> <p>(c) Core drilling, wall penetrations, and structural modifications as required for cable routing and display mounting, ensuring no damage to building structure and obtaining necessary approvals.</p> <p>(d) Installation of cable trays, conduits, junction boxes, and support systems along the cable route.</p> <p>(e) Waterproofing and sealing of all penetrations, joints, and openings to prevent water ingress, dust accumulation, and pest entry.</p> <p>(f) Restoration of any disturbed surfaces (walls, floors, ceilings) to original condition or better, including plastering, painting, and finishing work.</p> <p>(g) All civil and mechanical works shall comply with local building codes, safety regulations, and PAA standards.</p>			
5.2.2.7	<p>The bidder shall provide comprehensive on-site Local Operational & Technical Training to five (05) PAA personnel for a minimum of two (02) full working days. The training shall cover:</p> <p>(a) Operation of LED Display Boards and controllers.</p> <p>(b) Content management, scheduling, and layout customization.</p> <p>(c) Integration with CONRAC FIDS system – data flow, communication protocols, and troubleshooting.</p> <p>(d) Remote monitoring, diagnostics, and fault identification.</p> <p>(e) Brightness adjustment, color calibration, and display settings.</p> <p>(f) LED module replacement procedure and preventive maintenance practices.</p> <p>(g) Safety precautions, electrical hazards, and operational best practices.</p> <p>(h) Troubleshooting common issues and fault resolution procedures.</p> <p>The Local Training shall be provided by an experienced/certified trainer from OEM or bidder's organization with proven expertise in LED display systems and FIDS integration.</p> <p>The Local Training shall be conducted during the installation, commissioning, and testing phases of the project to ensure hands-on practical experience for trainees.</p> <p>A copy of specifically designed local training material shall be submitted to PAA for approval at least Ten (10) days prior to the commencement of the training course. Approved training handbooks, documentation, user guides, and training materials shall be handed over to each participant. Training materials distributed during the course shall become property of PAA and shall not be returned to the bidder.</p> <p>The training shall include both classroom sessions (theory) and hands-on practical sessions with live equipment. Participants shall be encouraged to perform actual operations under trainer supervision.</p>			
5.2.2.8	MANUALS AND DOCUMENTATION			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	<p>The successful bidder shall be responsible to provide the following manuals and documentation in English language, both in electronic format (PDF) on USB flash drives and printed hard copies (minimum 2 sets), after the award of contract:</p> <p>(a) Operator/User Manuals describing how to operate LED displays, content management, layout customization, and routine operational procedures.</p> <p>(b) Technical Manuals including system architecture, hardware specifications, controller configuration, network setup, troubleshooting procedures, and maintenance guidelines.</p> <p>(c) Integration Manuals detailing the integration with CONRAC FIDS system, API documentation, communication protocols, data formats, and configuration parameters.</p> <p>(d) Installation Manuals with step-by-step installation procedures, mounting guidelines, cabling instructions, and safety precautions.</p> <p>(e) Maintenance Manuals including preventive maintenance schedules, LED module replacement procedures, cleaning guidelines, and component lifecycle information.</p> <p>(f) Troubleshooting Guides with common issues, diagnostic procedures, fault codes, and resolution steps.</p> <p>(g) Tailored Technical Guides containing step-by-step procedures for complete recovery/reinstallation of LED display system, controller firmware updates, network reconfiguration, and disaster recovery procedures.</p> <p>(h) As-Built Drawings showing final installation layout, cable routing, power distribution, and network connectivity as actually implemented on site.</p> <p>(i) Electrical and Network Schematics with circuit diagrams, wiring diagrams, and network topology.</p> <p>(j) Bill of Materials (BOM) listing all equipment, components, and spare parts with part numbers and specifications.</p> <p>(k) Warranty Documentation including warranty terms, coverage details, and claim procedures.</p> <p>(l) Software/Firmware Installation Media and License Keys/Certificates.</p> <p>All documentation shall be comprehensive, well-organized, professionally formatted, and easy to understand. Documentation shall include relevant diagrams, illustrations, screenshots, and photographs to aid understanding.</p> <p>The bidder shall also share any additional technical documentation, software utilities, diagnostic tools, and configuration files with the PAA technical team to enable independent system management and troubleshooting.</p>			
6.	MANDATORY SITE SURVEY			
6.1.	The bidders must conduct, at no-cost no-obligation basis to PAA, a comprehensive site survey under intimation to PAA and submit Site Survey Report along with technical bid.			
6.2.	The design shall take into consideration all local constraints, building-related limitations, structural requirements, ambient light conditions, viewing distances, and on-site conditions. Lack of knowledge of the exact local conditions will not absolve the bidder, under any circumstances, from fulfilling their contractual obligations. The bidder shall determine the optimal display locations, mounting methodology, cable routes, power supply requirements, ancillary equipment, associated works, and any			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	building-related conditions to meet the technical and operational requirements outlined in these specifications.			
6.3.	The site survey shall involve a comprehensive assessment of:			
6.3.1	<p>(a) Physical location and layout of departure concourse areas (domestic and international) where SMD displays are to be installed.</p> <p>(b) Structural assessment of mounting surfaces (walls, floors, ceilings) and load-bearing capacity analysis.</p> <p>(c) Measurement of available space, height clearances, and viewing distances to determine optimal display size and pixel pitch.</p> <p>(d) Assessment of ambient light conditions at different times of day to determine brightness requirements and glare mitigation measures.</p> <p>(e) Cable routing assessment including measurements of cable lengths (in meters) for both power and data cabling from source to destination.</p> <p>(f) Location of existing electrical panels, network switches, and FIDS infrastructure for connection points.</p> <p>(g) Identification of potential obstacles, interference sources, and environmental factors (temperature, humidity, dust) that may affect display performance.</p> <p>(h) Building's architectural and aesthetic properties to ensure installation blends with airport environment.</p>			
6.3.2	During the site survey, the bidder shall assess the requirement of cabling/wiring. The quantity measured/assessed (in meters) by bidder shall be quoted in Bill of Quantities (BoQ) under the head of Installation Cost (to be submitted with tender documents). Following preconditions shall apply related to cabling/wiring:			
6.3.2.1	<p>(a) If during the installation, the actual utilized quantity exceeds the quoted quantity, the bidder shall be bound to supply the additional quantity for cabling/wiring at no cost to PAA.</p> <p>(b) The bidder shall be paid only for quoted quantity, as per quoted rate in financial offer. The bidder shall not claim for the excess quantity.</p>			
6.3.2.2	During the site survey, the bidder shall identify and address potential risks or challenges associated with the installation and deployment of the LED Display System and share such observations, recommendations, and mitigation strategies using proper channels of communication with PAA technical team.			
6.3.2.3	The Site Survey Report shall include:			
	<p>(a) Detailed description of proposed display locations with photographs and dimensional drawings.</p> <p>(b) Structural assessment report with load calculations and mounting methodology.</p> <p>(c) Cable routing plan with measured distances, conduit paths, and termination points.</p> <p>(d) Electrical load assessment and power distribution plan.</p> <p>(e) Network integration plan showing connection points with FIDS infrastructure.</p> <p>(f) Risk assessment and mitigation plan.</p> <p>(g) Detailed project implementation plan with timeline and milestones.</p>			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	(h) Bill of Quantities (BoQ) with itemized list of materials and services.			
7.	MANDATORY DOCUMENTS TO BE INCLUDED WITH TECHNICAL BID			
7.1.	The participating bidder shall submit the following documents, but not limited to, in an organized manner, ensuring the labeling and indexing of documents for quick reference: (absence of any of the following shall lead to disqualification during the evaluation)			
	<p>(a) Company Profile with evidence of at least One(01) completed similar projects in the last three (03) years.</p> <p>(b) Site Survey Report as per Section 6.</p> <p>(c) Project-Specific Technical Bill of Quantities (BoQ) – itemized list containing hardware, software, accessories, installation materials, services, and detailed specifications.</p> <p>(d) Technical Literature (Datasheets, Brochures, Specification Sheets) for all proposed equipment and components.</p> <p>(e) Logical and Physical Design/Layouts of LED Display System and integration with FIDS.</p> <p>(f) Integration Plan and Methodology describing how LED displays will integrate with CONRAC FIDS/CONVIS system, including communication protocols, data formats, and API details (if any and applicable).</p> <p>(g) OEM Authorization Certificate (if bidder is not the manufacturer).</p> <p>(h) Compliance certificates (CE, FCC, RoHS, IP rating certificates).</p> <p>(i) Client references and project completion certificates for similar projects.</p>			
8.	PROJECT IMPLEMENTATION TIMELINE			
8.1.	The successful bidder shall complete the project within 120 calendar days from the date of contract agreement signing. The project timeline shall include:			
	<p>(a) Delivery of all equipment, materials, and accessories to site Logistics Section, Islamabad International Airport.</p> <p>(b) Mobilization of installation team and resources.</p> <p>(c) Complete installation of SMD Display Boards, mounting structures, cabling, power distribution, and network infrastructure.</p> <p>(d) Integration with existing CONRAC FIDS system and configuration of controllers.</p> <p>(e) Commissioning, testing, and performance verification.</p> <p>(f) Site Acceptance Testing (SAT) as per Section 10.</p> <p>(g) On-site Operational and Technical Training as per Section 9.</p> <p>(h) Handover of all documentation, manuals, as-built drawings, and training materials.</p>			
8.2.	The bidder shall submit a detailed Project Implementation Plan (Gantt chart or equivalent) with clear milestones, deliverables, and dependencies along with the technical bid. The implementation plan shall be subject to PAA approval.			
09	SITE ACCEPTANCE TEST (SAT)			
9.1.	The SAT Testing and Procedures shall consist of comprehensive verification of all equipment, system			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	<p>performance, operational characteristics, and functional requirements under live operational environment. The SAT must verify that:</p> <p>(a) All equipment, materials, accessories, and components under the contract have been delivered, installed, and are fully operational.</p> <p>(b) LED Display Boards meet all technical specifications including brightness, resolution, color accuracy, viewing angle, and refresh rate.</p> <p>(c) Integration with the CONRAC FIDS system is complete and data is flowing correctly from MAXCS/CONVIS to SMD displays.</p> <p>(d) Display update latency is within acceptable limits (not exceeding 5 seconds from data change to display update).</p> <p>(e) All display content elements (flight number, airline logo, destination, times, status, etc.) are rendered correctly in both English and Urdu languages.</p> <p>(f) Remote monitoring and control capabilities are functional from FIDS workstations.</p> <p>(g) Structural mounting is secure, stable, and meets safety standards.</p> <p>(h) All cabling, power distribution, earthing, and network infrastructure are properly installed and tested.</p> <p>(i) LED displays operate continuously for 48-hour burn-in tests without failures or anomalies.</p> <p>(j) All training programs have been satisfactorily completed.</p> <p>(k) All technical documentation, manuals, and as-built drawings have been delivered.</p> <p>(l) Software, firmware, licenses, and configuration files have been handed over.</p>			
9.2.	<p>If the system or sub-system fails to pass one or more of the test(s), which shows that the system is non-compliant with the requirements or the specifications, then the bidder shall correct the cause of the failure(s) within Fifteen (15) days from the date of intimation. PAA shall reserve the right to have all the tests, or any single test performed again until satisfactory results are achieved.</p>			
9.3.	<p>The bidder shall prepare and submit a detailed SAT Test Plan and Test Cases to PAA for approval at least 15 days prior to the scheduled SAT date. The SAT Test Plan shall include test objectives, test procedures, acceptance criteria, test equipment requirements, and roles/responsibilities.</p>			
9.4.	<p>The Site Acceptance Certificate will be signed and issued by PAA upon complying with all SAT conditions mentioned above. The warranty period shall commence from the date of Site Acceptance Certificate issuance.</p>			
10.	WARRANTY			
10.1.	<p>The successful bidder shall provide a comprehensive replacement warranty covering all equipment, components, materials, and workmanship delivered and installed under the contract. The warranty shall remain in effect for a period of ONE (01) year from the date of issuance of Site Acceptance Certificate by PAA.</p>			
10.2.	<p>The warranty shall cover LED display panels, LED modules, controllers, power supplies, cables, connectors, mounting hardware, structural framework, and all accessories supplied</p>			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	under the contract. Any defects in materials, workmanship, or performance shall be rectified by the bidder at no cost to PAA.			
10.3.	The warranty shall also be extended to all wiring/cabbling, civil works, and installation work executed by the bidder. Any erratic behavior, intermittent faults, operational failures, non-optimal performance, or failures due to improper installation shall be covered under warranty for ONE (01) year. The bidder shall, by all means, rectify, replace, or resolve such issues.			
10.4.	The bidder shall be responsible for resolving/replacing any nature or kind of fault, defect, or unserviceability in critical equipment (LED displays, controllers, power supplies, network equipment) and cabling within seventy-two (72) hours from the time of raising complaint by PAA. Failure to restore or rectify the fault within the specified timeframe shall result in penalty as per contract terms and conditions.			
10.5.	The bidder shall be responsible for processing all under-warranty claims and will cover all expenses involved in transportation, customs clearance, shipment, and reinstallation of defective equipment to and from site (Islamabad and OEM/bidder's facility) within Pakistan or internationally (being a FOR contract).			
10.6.	Within the warranty period, the successful bidder confirms to provide an unlimited number of on-site visits and maintenance support, on an on-call basis for warranty claims at no cost to PAA, should the problem solution fail via remote support facilities.			
10.7.	The bidder shall provide Two (02) on-site preventive maintenance visits during the warranty period at no additional cost. These visits shall be scheduled at six-month intervals or as mutually agreed with PAA. During preventive maintenance visits, the bidder shall perform:			
11.	EVALUATION METHOD			
11.1.	TENDER TYPE:			
	This tender follows a Single Stage – Two Envelope procedure in accordance with PPRA Rule 36(b). All requirements listed in the technical specifications and scope of work must be fully met and endorsed for compliance.			
11.2.	ENVELOPE SUBMISSION:			
	<p>Envelope 1 – Technical Proposal:</p> <p>(a) Must include all documents proving compliance with the technical specifications, operational requirements, and work scope criteria specified in this RFP.</p> <p>(b) Technical proposals will be evaluated first against mandatory requirements.</p> <p>(c) Only proposals that are fully compliant with ALL technical requirements will qualify as technically responsive and proceed to financial evaluation stage.</p> <p>(d) Any proposal failing to meet even a single mandatory technical requirement will be rejected outright.</p> <p>Envelope 2 – Financial Proposal:</p>			

S.No.	Tender Requirements	Qty.	Compliance	Remarks / Reference
	<p>(e) Shall remain sealed and will be opened only if the technical proposal is deemed technically responsive and compliant.</p> <p>(f) Financial proposals of technically non-compliant bidders shall not be opened and will be returned unopened.</p>			
11.3.	EVALUATION METHOD:			
	<p>(a) Evaluation is strictly knock-out / pass-fail based on compliance with mandatory requirements.</p> <p>(b) Compliance with technical requirements is mandatory; non-compliance on any specification will result in disqualification.</p> <p>(c) Financial proposals of only technically compliant bidders shall be opened in the presence of bidders or their authorized representatives as per PPRA rules.</p> <p>(d) The contract shall be awarded to the Lowest Evaluated Bidder (LEB) among technically responsive proposals based on total cost (excluding optional AMC and on-request services).</p> <p>(e) PAA reserves the right to reject any or all bids, even if technically compliant, if deemed impractical, unfeasible, or not in the best interest of PAA, in line with PPRA Rules.</p>
