INTRODUCTION

Pakistan Broadcasting Corporation is a statutory organization established in 1973 through an Act of parliament. The primary functions of the state-owned and state-funded Corporation are to ensure effective operation and growth of broadcasting as a function-oriented public service medium, providing broadcasting services for general reception in all parts of Pakistan and the territorial waters and ships and aircrafts for the purpose of disseminating information, education and entertainment through programs which maintain a proper balance in their subject-matter and high standards of quality and morality. Radio is an effective source of medium to broadcast such programs as may promote Islamic Ideology, national unity and principles of democracy, freedom, equality, tolerance and social justice as enunciated by Islam, discourage parochial, racial, tribal, sectarian, linguistic and provincial prejudices and reflect the urges and aspirations of the people of Pakistan:

1. BRIEF HISTORY

1.1. PBC-owned Underutilized Assets:

In addition to civil and technical infrastructure of radio broadcasting and transmitting stations and receiving centers available at various cities of the country, PBC owns assets (civil structure and land) lying underutilized at prime locations. Instead of looking for supplementary grant from the federal government every now and then, PBC may utilize its assets (buildings and land) free of encumbrance at various prime locations of the country under SOE Act currently implemented to bring PBC at breakeven point within two years as instructed by Finance Ministry letter/ notification them in profitable use under Public Private Partnership (PPP) or leasing/renting out the property without effecting the core objective of PBC. This initiative will enable PBC to make them a permanent and sustainable source of revenue generation for PBC. It is pertinent to mention here that in **PBC Act 1973 chapter-II clause 3 part (2) therein it is stated "The Corporation shall be body corporate by the name of Pakistan Broadcasting Corporation, having perpetual succession and a common seal, with power to hold and dispose of property, shall by said name sue and to be sued"**.

The revenue generated from the projects will be utilized to meet the primary objectives of the organization for its sustainable subsistence essentially required for efficient & effective broadcasting operation of the organization. In order to initiate all business transactions for the utilization of assets under PPP, a couple of meetings with the representatives of Public Private Partnership Authority (P3A) have been held to find out a best possible and suitable business solution under PPP mode and ensuring transparency in the terms of engagement/agreement with private investors. When the detail of assets was shared with P3A representatives for initial consultation and necessary guidance, they also acknowledged saying that proposed sites possess a huge potential for commercial activities if offered under the framework of PPP which may enable PBC to grab maximum revenue with zero or minimum investment on its part. It is pertinent to mention here that P3A official mandate is limited to involve only on those projects which are funded by Government of Pakistan. Furthermore it is stated that PBC may initiate commercial projects on its own without involving P3A where necessary in the best interest of organization under this policy.

1.

1.1. In order to generate revenue for infrastructure development, operational cost, maintenance, and management cost, etc. This initiative will embolden private sector as well as government organizations partaking for optimal profitable exploitation of landsides and properties in accordance with the PBC's approved plans with a guarantee that such exploitation shall not unfavorably affect future PBC's operational and technological developments plans.

1.2. The property/lands of PBC means, that the lands/property in the name of PBC or the under the control/possession of PBC. The land/property could be commercially utilized to earn revenue or policy of Federal government as enunciated under General Financial Rules REVISED THIRD EDITION 2018 revised IIIrd edition and approved in 2019 **volume-II Apendex-15**.
