**Position:** HIRING OF CONSULTANCY SERVICES FOR DEVELOPMENT OF A PROCUREMENT MANUAL AND PROCUREMENT POLICY FOR PRAL, , PURSUANT TO SECTION 17(2) OF THE STATE-OWNED ENTERPRISES (GOVERNANCE AND OPERATIONS) ACT, 2023

## TORs (Terms of Reference):

### Introduction and Background

Pakistan Revenue Automation (Private) Limited (“PRAL” or the “Company”) is a public sector company incorporated under the Companies Act, 2017, and registered as a State-Owned Enterprise (SOE) and, as such, falls within the regulatory ambit of the State-Owned Enterprises (Governance and Operations) Act, 2023 (“SOE Act, 2023”), and the State-Owned Enterprises (Ownership and Management) Policy, 2023.

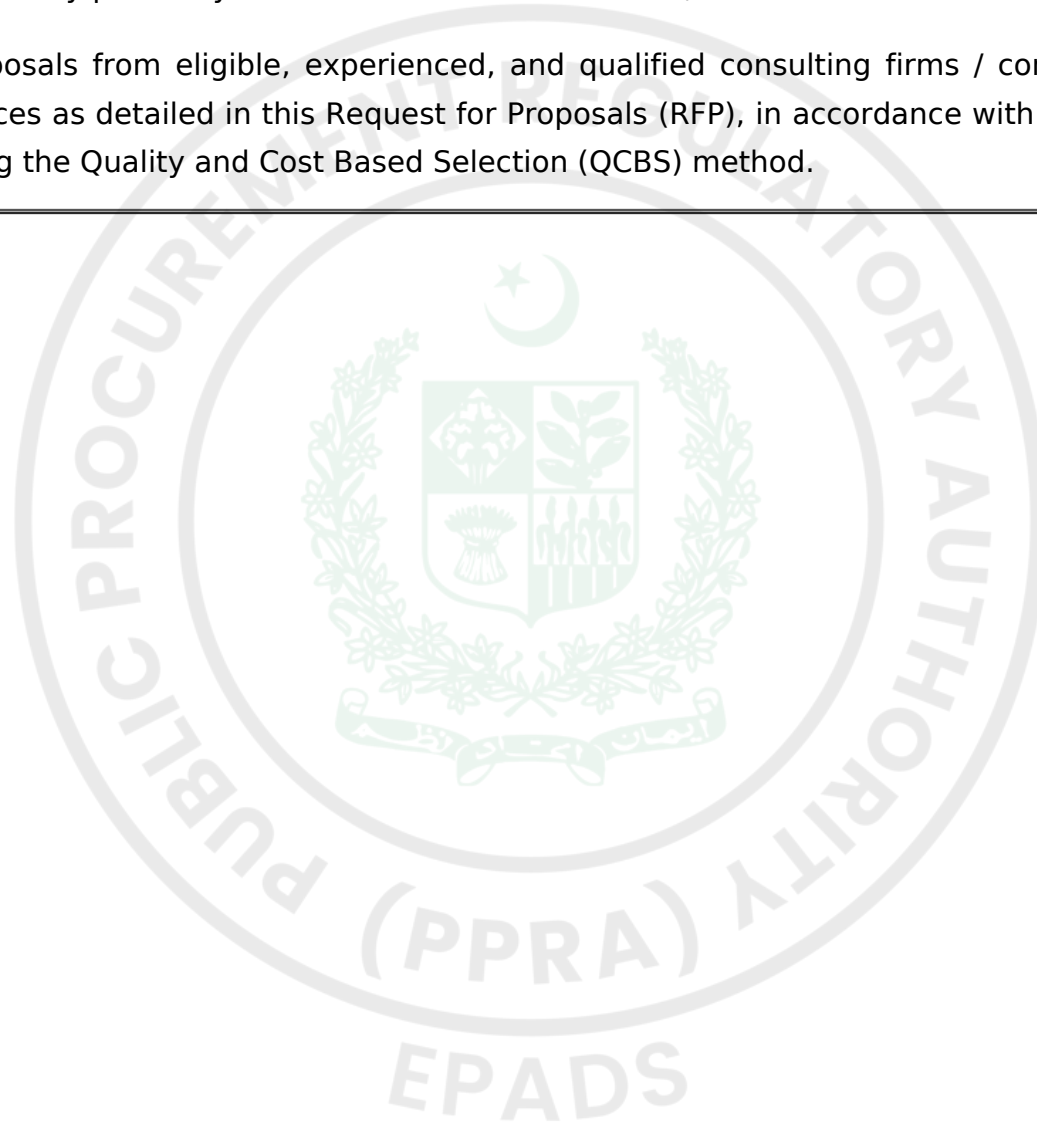

PRAL's procurement of goods, works, and services has, to date, been governed by the Public Procurement Regulatory Authority Ordinance, 2002, and the Public Procurement Rules, 2004 (“PPRA Rules, 2004”), being a procuring agency as defined therein. Section 17(2) of the SOE Act, 2023 empowers and, in defined circumstances, obligates SOEs to develop and adopt their own Board-approved procurement policy and procurement manual, calibrated to the entity's commercial nature, scale, and operational requirements, in place of generic public-sector procurement rules, provided that such internal frameworks do not fall below the standards of transparency, fairness, and competitiveness embedded in the PPRA Rules, 2004 and applicable principles of public procurement.

PRAL has accordingly resolved that a dedicated, professionally drafted Procurement Manual and Procurement Policy be developed for the Company, harmonizing the requirements of the SOE Act, 2023, the SOE Ownership and Management Policy, 2023, applicable

provisions of the Companies Act, 2017, and good-practice international procurement standards (including CIPS Global Standard for Procurement and Supply), while preserving the core public-procurement safeguards of transparency, open competition, non-discrimination, and value for money presently secured under the PPRA Rules, 2004.

PRAL now invites sealed proposals from eligible, experienced, and qualified consulting firms / consultants (“Consultant”) for the provision of consultancy services as detailed in this Request for Proposals (RFP), in accordance with Rule 36(b) read with Rule 38 of the PPRA Rules, 2004, applying the Quality and Cost Based Selection (QCBS) method.

### Introduction and Background

---

Pakistan Revenue Automation (Private) Limited (“PRAL” or the “Company”) is a public sector company incorporated under the Companies Act, 2017, and registered as a State-Owned Enterprise (SOE) and, as such, falls within the regulatory ambit of the State-Owned Enterprises (Governance and Operations) Act, 2023 (“SOE Act, 2023”), and the State-Owned Enterprises (Ownership and Management) Policy, 2023.

PRAL's procurement of goods, works, and services has, to date, been governed by the Public Procurement Regulatory Authority Ordinance, 2002, and the Public Procurement Rules, 2004 (“PPRA Rules, 2004”), being a procuring agency as defined therein. Section 17(2) of the SOE Act, 2023 empowers and, in defined circumstances, obligates SOEs to develop and adopt their own Board-approved procurement policy and procurement manual, calibrated to the entity's commercial nature, scale, and operational requirements, in place of generic public-sector procurement rules, provided that such internal frameworks do not fall below the standards of transparency, fairness, and competitiveness embedded in the PPRA Rules, 2004 and applicable principles of public procurement.

PRAL has accordingly resolved that a dedicated, professionally drafted Procurement Manual and Procurement Policy be developed for the Company, harmonizing the requirements of the SOE Act, 2023, the SOE Ownership and Management Policy, 2023, applicable provisions of the Companies Act, 2017, and good-practice international procurement standards (including CIPS Global Standard for Procurement and Supply), while preserving the core public-procurement safeguards of transparency, open competition, non-discrimination, and value for money presently secured under the PPRA Rules, 2004.

PRAL now invites sealed proposals from eligible, experienced, and qualified consulting firms / consultants (“Consultant”) for the provision of consultancy services as detailed in this Request for Proposals (RFP), in accordance with Rule 36(b) read with Rule 38 of the PPRA Rules, 2004, applying the Quality and Cost Based Selection (QCBS) method.

### 2. Scope of Work

---

The Consultant engaged under this assignment shall be responsible for the design, drafting, validation, and handover of a comprehensive, Board-ready Procurement Manual and Procurement Policy for PRAL, structured to operate, pursuant to Section 17(2) of the SOE Act, 2023. The Scope of Work comprises the following components and deliverables:

#### 2.1 Development of the PRAL Procurement Policy

1. Drafting of a Board-approvable Procurement Policy document articulating PRAL's procurement governance philosophy, objectives, principles (transparency, fairness,

economy, efficiency, accountability, total cost of ownership and value for money), applicability/scope, and the authority structure for procurement decision-making.

2. Definition of thresholds and approval/delegation matrices for different procurement methods (e.g., open competitive bidding, limited/restricted bidding, direct contracting, framework agreements, request for quotations) calibrated to PRAL's scale of operations and risk profile.
3. Incorporation of provisions on conflict of interest, , debarment and blacklisting of suppliers/contractors, complaint and grievance redressal mechanisms, and whistle-blower protections.
4. Provisions addressing emergency/exigency procurement, single-source procurement, direct contracting and procurement of IT/software, consultancy, and specialized technical services relevant to PRAL's core business as an IT services organization.

## 2.2 Development of the PRAL Procurement Manual

5. Drafting of a detailed, operational Procurement Manual translating the Procurement Policy into step-by-step procedures, including standard workflows for needs assessment, market/industry analysis, specification writing, tendering, bid evaluation, contract award, contract administration, and post-contract evaluation/closeout.
6. Development of standard templates and formats, including but not limited to: Request for Proposals/Bids templates, evaluation criteria templates, technical and financial evaluation report formats, contract templates, purchase order formats, and supplier/vendor registration and performance evaluation forms.
7. Development of a Procurement Risk Management framework and a categorization tool (e.g., a Kraljic-type portfolio matrix or equivalent) for segmenting PRAL's spend categories and aligning sourcing strategy with risk and value.
8. Defined Standard Operating Procedures (SOPs) for procurement planning, vendor pre-qualification, evaluation committee formation and conduct, contract variation/amendment, dispute resolution, and record-keeping/audit trail requirements.
9. Clear guidance on retention of competitive bidding principles, advertisement requirements, bid security/performance security provisions, and timelines for each procurement method, ensuring continuity of public-accountability safeguards equivalent to or exceeding those under the PPRA Rules, 2004.
10. Conduct of structured consultation workshops (minimum two) with PRAL's Procurement, Finance, Legal, Internal Audit, and relevant business/technical departments to validate draft provisions and incorporate institutional feedback.
11. Presentation of the draft Procurement Policy and Manual to PRAL's senior management and, subsequently, to the Board of Directors (or its designated Board Committee), addressing comments and incorporating approved revisions.

12. Coordination, as required, with PRAL's legal counsel and Company Secretary to ensure consistency with the Companies Act, 2017 and SOE Act, the Memorandum and Articles of Association, and other applicable corporate governance instruments.

## 2.3 Finalization, Training, and Handover

13. Incorporation of Board/Management feedback and finalization of the Procurement Policy and Procurement Manual in print-ready and editable electronic formats (Word and PDF), together with all annexed templates, formats, and SOPs.

## Financial Evaluation Criteria (Weight: 20%)

The Financial Proposal of each technically qualified bidder shall be evaluated as per Rule 38 of the PPRA Rules, 2004, and combined with the technical score using the formula prescribed for QCBS:

$$\text{Combined Score} = (\text{Technical Score} \times 0.80) + (\text{Financial Score} \times 0.20)$$

Financial Score for each bidder shall be computed as:  $\text{Financial Score} = (\text{Lowest Evaluated Financial Bid} \div \text{Bidder's Financial Bid}) \times 100$ . The lowest financial proposal among technically qualified bidders shall be awarded the maximum financial score of 100, with other bids scored proportionately on an inverse basis.

The bidder achieving the highest Combined Score shall be recommended for award of the contract, subject to successful negotiation of the Financial Proposal and Terms of Reference, where applicable, in accordance with Rule 38 of the PPRA Rules, 2004.
